Product Description

□ Quality notes from the Daily Log

The Director of Information Technology Division (DIT) has been asked to ensure that any changes to the outsourced staff employment contracts adhere to employment law. The DIT will review future job descriptions of the transferred staff before the final contract is signed with the selected service provider.

The service level agreement between MFH and the selected service provider will specify the type and quality of service required. The selected service provider must follow the industry standards for providing outsourced services.

MFH has a quality management system which contains a document control procedure for all its documentation, however this does not include change management.

All project documents will be subject to a quality review. Nominated products will require a formal approval record signed-off by the quality review chair.

Extract from the draft Quality Management Strategy (may contain errors)

Introduction

1. This document defines the approach to be taken to achieve the required quality levels during the project.
2. The Project Board will have overall responsibility for the Quality Management Strategy.
3. Project Assurance will provide assurance on the implementation of the Quality Management Strategy.

Quality management procedure - Quality standards

4. The selected service provider will operate to industry standards for providing outsourced services.
5. MFH document standards will be used.

Records

6. A Quality Register will be maintained to record the planned quality events and the actual results from the quality activities.
7. Configuration Item Records will be maintained for each product to describe its status, version and variant.
8. Approval records for products that require them will be stored in the quality database.

Roles and responsibilities

9. The DIT will check that the employment contracts for outsourced staff adhere to employment law.
10. Team Managers will provide details of quality checks that have been carried out.
11. Team Managers will ensure that the Quality Register is updated with the names of team members who are involved in the review process.
12. The Senior User will review the Product Descriptions of the products to be produced by the selected service provider to ensure that they can be achieved.

- D. The risk of staff leaving the organization will be categorized as beyond the project proximity.
- E. Proximity categories for this project are: Imminent; Within the stage; Within the project; Beyond the project.

Answer: B,C

NEW QUESTION # 239

Project Scenario - Health and Safety Training Project:

ABC Company is a well-established training company that uses a standard model to develop training materials and deliver courses to customers.

ABC Company has commissioned a project in response to recent changes in government legislation relating to health and safety on construction sites. The project will deliver "capability to provide health and safety training", including the materials needed for classroom-based training and e-learning. The expected benefits for construction companies include a reduction in lost days and legal costs due to accidents.

The e-learning course will be developed by a specialist external consultancy. The materials for classroom-based training will be delivered by ABC Company's development team. All course materials will be piloted before they are used. ABC Company will deliver training to its customers and also hopes to sell the course materials to other training companies as part of their operational business. ABC Company will use their own sales and marketing departments to promote the courses.

The legislation requires construction companies to comply with the new legislation within two years. The course materials and trainers have to be accredited by a government agency before courses can be delivered.

ABC Company is planning to deliver pilot courses within five months of starting the project.

The ABC Company standard development model for new courses recommends the following stages:

□ End of the Project scenario.

Additional Information:

The Chief Executive Officer (CEO) founded the company five years ago. Under her leadership, ABC Company has grown quickly into a successful training company. It delivers a range of accredited professional training.

The Finance Director is also a founder member of ABC Company and is responsible for authorizing budgets for the Operations and Development Teams. She authorizes all large contracts personally.

The Purchasing Manager reports to the Finance Director and is responsible for managing and monitoring supplier contracts.

The Operations Director is responsible for the delivery of all training and for the training development budget. His department organizes courses, venues and trainers. They work with the Product and the Sales teams to provide a comprehensive training schedule. ABC Company's IT manager reports to the Operations Director.

The Business Development Director has recently been appointed to identify new training needs and propose new products. She will work with the Operations Director to ensure a cost-conscious approach and that appropriate development technologies are used for the health and safety course.

The Training Development Manager reports to the Business Development Director and is responsible for developing training materials and gaining accreditation, in accordance with the standard course development model. Course developers in his team have skills in a range of development technologies and are allocated to projects as needed.

The Training Delivery Manager, who reports to the Operations Director, is responsible for ensuring that internal and external trainers deliver ABC Company training courses to the required standard. He also checks course materials to ensure they are fit for purpose and of the required quality.

The Central Services Director has responsibility for corporate communications, facilities management and configuration management.

He recently led a project to consolidate all company quality systems into one quality management system and set up a corporate quality department, now managed by the Corporate Quality Manager.

The Corporate Document Manager reports to the Central Services Director. She helped establish the company's document management system and now operates it across the business. She manages a team of administrators and contracts staff when workload is high.

The Sales Director joined ABC Company two months ago and is keen to establish himself by suggesting new markets for the courses and material. All account managers and the marketing team report to him. They promote existing training courses to other training companies and existing customers.

End of the additional information.

INITIATING A PROJECT

Here are three statements that were considered by the project management team during the 'initiating a project' process.

As part of which activity (A-F) should they FIRST be considered?

Choose only one activity for each statement. Each activity can be used once, more than once, or not at all.

NEW QUESTION # 240

Scenario

Additional Information

Extract from the Communication Management Strategy.

The project information in the table below is true, but it may not be recorded under the correct heading or be in the correct document.

Using the Project Scenario, select the appropriate response to each of the following 5 questions which have been raised by the Project Board.

The project is now at the end of the initiation stage. Having decided that the Calendar project is a relatively simple project, the Project Manager combined the Starting Up a Project process and the Initiating a Project process. No Project Brief has been produced. Instead the Project Manager used the project mandate to produce a simple Project Initiation Documentation (PIO). The PIO includes the Business Case, a product checklist and several Product Descriptions, Including the Project Product Description. Short sections are also included for each of the strategies and the controls to be applied. The Project Manager has elected to use the Daily Log to record all risks, issues, lessons and quality - results.

After the initiation stage there will be two further stages during which a small number of Work Packages will be authorized. While these are being managed, the Project Manager will hold regular checkpoints, which will support the production of weekly Highlight Reports to the Project Board.

No Benefits Review Plan has been developed. Where should the schedule of benefit reviews be recorded?

- **A. Benefit reviews should be planned and recorded in the simple PID.**
- B. As deliverables of the project, all benefit reviews should be scheduled and documented in the Project Plan during initiation.
- C. Small projects do not require a schedule of benefit reviews as only one review is required towards the end of the project and this should be documented within the Business Case.
