P.S. Free & New CCAAK dumps are available on Google Drive shared by PrepPDF: <https://drive.google.com/open?id=17z4t-j0x1pBpuKsaUqR0L0z7Iz2d-Ide>

PrepPDF has designed PrepPDF which has actual exam Dumps questions, especially for the students who are willing to pass the Confluent CCAAK exam for the betterment of their future. The study material is available in three different formats. Confluent CCAAK Practice Exam are also available so the students can test their preparation with unlimited tries and pass Confluent Certified Administrator for Apache Kafka (CCAAK) certification exam on the first try.

### Confluent CCAAK Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"><li>• Apache Kafka® Security: This section of the exam measures skills of a Site Reliability Engineer and focuses on securing Kafka environments. It includes authentication mechanisms such as TLS and SASL, authorization using ACLs, and encrypting data at rest and in transit to ensure secure communication and access control.</li></ul>
Topic 2	<ul style="list-style-type: none"><li>• Deployment Architecture: This section of the exam measures skills of a Kafka Administrator and covers different Kafka deployment topologies. It evaluates understanding of high availability, disaster recovery, multi-data center replication, and the roles of Zookeeper or KRaft in the cluster architecture.</li></ul>

Topic 3	<ul style="list-style-type: none"> <li>• <b>Observability:</b> This section of the exam measures skills of a Site Reliability Engineer and focuses on monitoring Kafka clusters. It assesses knowledge of metrics, logging, and alerting tools, including how to use them to maintain cluster health and performance visibility.</li> </ul>
Topic 4	<ul style="list-style-type: none"> <li>• <b>Kafka Connect:</b> This section of the exam measures skills of a Site Reliability Engineer and addresses the use and management of Kafka Connect for data integration. It includes setting up connectors, managing configurations, and ensuring efficient movement of data between Kafka and external systems.</li> </ul>
Topic 5	<ul style="list-style-type: none"> <li>• <b>Troubleshooting:</b> This section of the exam measures skills of a Kafka Administrator and includes diagnosing common issues in Kafka clusters. It covers problem areas such as performance bottlenecks, message delivery failures, replication issues, and consumer lag, along with techniques to resolve them effectively.</li> </ul>

## Pass Guaranteed CCAAK - Latest Reliable Confluent Certified Administrator for Apache Kafka Exam Tutorial

PrepPDF can provide professional and high quality products. It is the industry leader in providing IT certification information. To selecte PrepPDF is to choose success. PrepPDF's Confluent CCAAK Exam Training materials is your magic weapon to success. With it, you will pass the exam and achieve excellent results, towards your ideal place.

### Confluent Certified Administrator for Apache Kafka Sample Questions (Q21-Q26):

#### NEW QUESTION # 21

Which out-of-the-box Kafka Authorizer implementation uses ZooKeeper?

- A. LDAP
- B. RBAC
- C. Ranger
- **D. ACLs**

**Answer: D**

Explanation:

Kafka's built-in ACL (Access Control List) authorizer stores and manages permissions using ZooKeeper by default. This implementation controls access at the resource level (topics, consumer groups, etc.).

#### NEW QUESTION # 22

A customer has a use case for a ksqlDB persistent query. You need to make sure that duplicate messages are not processed and messages are not skipped.

Which property should you use?

- A. `ksql.streams auto.offset.reset=latest`
- **B. `processing.guarantee=exactly_once`**
- C. `ksql.streams auto.offset.reset=earliest`
- D. `ksql.fail.on.production.error=false`

**Answer: B**

Explanation:

`processing.guarantee=exactly_once` ensures that messages are processed exactly once by ksqlDB, preventing both duplicates and message loss.

### NEW QUESTION # 23

Which ksqlDB statement produces data that is persisted into a Kafka topic?

- A. CREATE TABLE
- B. SELECT (Pull Query)
- C. SELECT (Push Query)
- **D. INSERT VALUES**

**Answer: D**

Explanation:

INSERT VALUES is used to write data directly into a Kafka topic through a ksqlDB stream or table. This data is persisted.

### NEW QUESTION # 24

An employee in the reporting department needs assistance because their data feed is slowing down. You start by quickly checking the consumer lag for the clients on the data stream.

Which command will allow you to quickly check for lag on the consumers?

- A. bin/kafka-consumer-lag.sh
- B. bin/kafka-consumer-group-throughput.sh
- C. bin/kafka-reassign-partitions.sh
- **D. bin/kafka-consumer-groups.sh**

**Answer: D**

Explanation:

The kafka-consumer-groups.sh script is used to inspect consumer group details, including consumer lag, which indicates how far behind a consumer is from the latest data in the partition.

The typical usage is bin/kafka-consumer-groups.sh --bootstrap-server <broker> --describe --group <group\_id>

### NEW QUESTION # 25

You are managing a cluster with a large number of topics, and each topic has a lot of partitions. A team wants to significantly increase the number of partitions for some topics.

Which parameters should you check before increasing the partitions?

- A. Check if compression is being used.
- B. Check the producer batch size and buffer size.
- C. Check if acks=all is being used.
- **D. Check the max open file count on brokers.**

**Answer: D**

Explanation:

Each Kafka partition maps to multiple log segment files, and each segment results in open file descriptors on the broker. When the number of partitions increases significantly, it can exceed the OS-level limit for open files per broker process, leading to failures or degraded performance. Therefore, it is essential to check and possibly increase the ulimit -n (max open files) setting on the broker machines.

### NEW QUESTION # 26

.....

If you want to constantly improve yourself and realize your value, if you are not satisfied with your current state of work, if you still spend a lot of time studying and waiting for CCAAK qualification examination, then you need our CCAAK material, which can help solve all of the above problems. I can guarantee that our study materials will be your best choice. Our CCAAK Study Materials have three different versions, including the PDF version, the software version and the online version, to meet the different needs, our products have many advantages, I will introduce you to the main characteristics of our CCAAK research materials.
