SAP C-S4PM2-2507 Exam Syllabus Topics:

Topic	Details
Topic 1	• Rise with SAP Methodology: This domain measures the skills of SAP Solution Architects and covers the Rise with SAP approach that supports customers in their business transformation journey. It focuses on understanding SAP's Business Transformation as a Service (BTaaS) model, key components such as business process intelligence, cloud infrastructure, and the transformation framework. Candidates are expected to understand how to align the Rise with SAP methodology with customer-specific business goals and outcomes.
Topic 2	• SAP Activate Methodology: This section of the exam measures the skills of SAP Project Managers and covers the fundamental principles of the SAP Activate Methodology used for implementing S • 4HANA solutions. It focuses on the agile project delivery framework, including phases such as Prepare, Explore, Realize, and Deploy. Candidates are tested on their ability to apply best practices, accelerators, and guided configuration tools to ensure a structured and efficient implementation approach.
Topic 3	• Implementing S • 4HANA Cloud Private Edition: This domain assesses the skills of SAP Implementation Consultants and focuses on deploying and configuring the SAP S • 4HANA Cloud Private Edition. It includes understanding system architecture, integration scenarios, data migration strategies, and extensibility options. Candidates must demonstrate their ability to manage deployment processes and use available tools to ensure smooth migration from legacy systems to S • 4HANA Cloud Private Edition.
Topic 4	• Project Management: This section of the exam assesses the capabilities of SAP Project Leads and focuses on the project management principles required to execute successful SAP implementations. It includes planning, scope management, risk assessment, stakeholder coordination, and performance monitoring. Candidates are expected to apply project management techniques that ensure timely delivery, resource optimization, and alignment with SAP Activate and Rise methodologies.
Topic 5	• Organizational Change Management: This section of the exam evaluates the expertise of Change Management Specialists and focuses on managing SAP implementation's human and organizational aspects. It covers stakeholder engagement, communication planning, and resistance management. The goal is to ensure that candidates understand how to prepare, support, and sustain organizational readiness during digital transformation projects driven by SAP technologies.
