

# HCL-DOM-AADM-12 Accurate Prep Material - HCL-DOM-AADM-12 Latest Dump

We are dedicated to help you pass the exam and gain the corresponding certificate successful. HCL-DOM-AADM-12 exam cram is high-quality, and you can pass your exam by using them. In addition, HCL-DOM-AADM-12 exam braindumps cover most of knowledge points for the exam, and you can also improve your ability in the process of learning. You can obtain the download link and password within ten minutes, so that you can begin your learning right away. We have free update for 365 days if you buying HCL-DOM-AADM-12 Exam Materials, the update version for HCL-DOM-AADM-12 exam cram will be sent to your email automatically.

There are many certificates for you to get but which kind of certificate is most authorized, efficient and useful? We recommend you the HCL-DOM-AADM-12 certificate because it can prove that you are competent in some area and boost outstanding abilities. If you buy our HCL-DOM-AADM-12 study materials you will pass the test smoothly and easily. We boost professional expert team to organize and compile the HCL-DOM-AADM-12 Training Materials diligently and provide the great service which include the service before and after the sale, the 24-hours online customer service on our HCL-DOM-AADM-12 exam questions.

## HCL Software Academy HCL-DOM-AADM-12 Latest Dump & HCL-DOM-AADM-12 Training For Exam

In order to save you a lot of installation troubles, we have carried out the online engine of the HCL-DOM-AADM-12 latest exam guide which does not need to download and install. This kind of learning method is convenient and suitable for quick pace of life. But you must have a browser on your device. Also, you must open the online engine of the study materials in a network environment for the first time. In addition, the HCL-DOM-AADM-12 Study Dumps don't occupy the memory of your computer. When the online engine is running, it just needs to occupy little running memory. At the same time, all operation of the online engine of the HCL-DOM-AADM-12 training practice is very flexible as long as the network is stable.

## HCL Software Academy HCLSoftware Certified Associate Administrator Exam - Notes/Domino 12 Sample Questions (Q56-Q61):

### NEW QUESTION # 56

What is the main benefit of enabling DAOS on a Domino server?

- A. Reducing disk usage by storing shared attachments only once
- B. Enabling offline access for users
- C. Enhancing full-text search capabilities

**Answer: A**

Explanation:

The Domino Attachment and Object Service (DAOS) provides significant storage efficiency. Its main benefit is reducing disk usage by storing shared attachments only once. Instead of every user's mail file containing a separate copy of a large attachment, DAOS extracts the file to a central repository and places a small header (ticket) in each user's document, dramatically decreasing the overall storage footprint on the server.

---

---

### NEW QUESTION # 57

Which server task is responsible for email routing in Domino?

- A. Update
- B. Fixup
- C. Router
- D. AdminP

**Answer: C**

Explanation:

The Router task is the specialized engine within HCL Domino dedicated to email routing. It constantly monitors the mail.box file for new messages and determines the delivery path based on the recipient's location, whether it is local to the server, within the same Domino domain, or external via SMTP. Other tasks like AdminP handle administration requests, while Fixup is used for database maintenance.

---

---

### NEW QUESTION # 58

Which two conditions can prevent Domino mail routing from functioning correctly? (Choose two)

- A. Invalid DNS entries for the SMTP relay
- B. Disabled DAOS task
- C. Missing or incorrect Connection documents
- D. Lack of Domino roaming profile

**Answer: A,C**

Explanation:

Mail routing relies on clear paths and address resolution. Invalid DNS entries will prevent the SMTP task from finding external mail servers or the internal relay host. Similarly, missing or incorrect Connection documents will prevent the Router from knowing how to connect to other Domino servers within the internal network. While DAOS and Roaming Profiles are important features, their absence or failure does not stop the primary mail routing engine from functioning.

---

---

### NEW QUESTION # 59

Which two tasks can an administrator perform from the People & Groups tab of the Domino Administrator Client? (Choose two)

- A. Register new users
- B. Create groups
- C. View DAOS objects
- D. View system resource usage

**Answer: A,B**

Explanation:

The People & Groups tab is the primary management interface for directory objects in HCL Domino.

Administrators use this tab to manage the lifecycle of identities, specifically for registering new users into the Domino Directory and creating groups. Groups are essential for defining mail distribution lists and managing security access levels across the domain.

System resource monitoring and DAOS management are typically handled in the Server and Files tabs, respectively.

---

#### NEW QUESTION # 60

Which database stores all administration requests for processing by AdminP?

- A. names.nsf
- B. daoscat.nsf
- C. ddm.nsf
- D. admin4.nsf

**Answer: D**

Explanation:

All requests for the Administration Process are stored in the Administration Requests database (admin4.nsf).

When an administrator performs a task (like deleting a user), a "request" document is created in this database. The AdminP task on each server in the domain periodically checks this database to see if there are tasks it needs to perform, such as updating local database ACLs or deleting local replicas.

#### NEW QUESTION # 61
