

MEMORANDUM

To: All Students
From: President (Ag.)
Date: March 17, 2020
Re: Online Operations

Please be advised that the rest of the semester will continue via online operations. Teaching and assessments will be done primarily through Canvas. Any student who cannot access the internet to facilitate the above please contact their instructors or programme leader to make alternate/suitable arrangements. Instructors have been encouraged to form WhatsApp groups for each class. Other methods of communications may be used.

The intent is to continue and complete the semester so as to minimise the effect of the pandemic by allowing students to continue or complete their studies.

As the University makes the necessary effort in order to avoid delay in students' progression, you are kindly requested to be in contact with your instructors and programme leaders so that collectively we can ensure any negative impact, due to the pandemic, on your education will be minimised.

I look forward to your cooperation and wish you all the best.

Professor Prakash Persad
