

MEMORANDUM

To: All Staff and Students
From: President
Date: July 27, 2021
Re: Update on the Increase in Student Fees

On Monday 19th July 2021, the President and senior academic staff members met with members of the student body to discuss their concerns regarding the increase in student fees from the new academic year 2021/2022.

As a result of these discussions, and further internal discussions, the increase in registration fees has been deferred to September 2022. Please note that as agreed to in the meeting with the student body that the fees will be gradually increased in increments over three (3) years as follows:

- September 2022: Six Hundred Dollars (\$600.00)
- September 2023: Nine Hundred Dollars (\$900.00)
- September 2024: Twelve Hundred Dollars (\$1200.00)

Please note that this fee will be applicable to all students, both new and returning.

In addition, plans for an enhanced Student Aid programme and a flexible payment plan are being developed to assist students.

I express my appreciation and thanks to the members of the Executive Student Guild for their willingness to collaborate with UTT's management to ensure that the concerns of our valuable stakeholders, our students, are addressed.

I wish each of you a successful year ahead in your studies.

Professor Prakash Persad
