UTT Launches Applications for the uSTART Incubation Programme

The University of Trinidad and Tobago (UTT) is pleased to launch applications for the UTT uSTART Incubation Programme, a targeted incubation initiative supporting entrepreneurial talent within the UTT ecosystem.

This pilot programme is open to UTT students, graduates, alumni (including overseas alumni), researchers, and staff innovators who are developing entrepreneurial ventures or innovative ideas.

Selected participants will receive:
• Expert mentorship
• Business development training
• Ecosystem connections
• Peer learning opportunities
• Structured venture support
• Opportunity to compete for seed funding at the conclusion of the programme

The programme is designed to help participants strengthen innovative ventures, accelerate entrepreneurial readiness, and engage more actively within the Caribbean innovation ecosystem.

🗓️ Application deadline: 26 June 2026
