

# Pass Guaranteed Quiz 2026 Updated 300-745: Designing Cisco Security Infrastructure Exam Sample Questions

CCNP Security 300-745 Practice Exam Questions.

Grab an understanding from these [Cisco 300-745](#) sample questions and answers and improve your 300-745 exam preparation towards attaining a Designing Cisco Security Infrastructure Certification. Answering these sample questions will make you familiar with the types of questions you can expect on the actual exam. Doing practice with CCNP Security SDSI questions and answers before the exam as much as possible is the key to passing the Cisco 300-745 certification exam.

300-745 Designing Cisco Security Infrastructure Sample Questions:

01. Which two metrics are important for evaluating the performance of automated security response workflows?  
(Choose two.)  
a) Mean Time to Detect (MTTD)  
b) CPU temperature  
c) VLAN propagation speed  
d) Mean Time to Respond (MTTR)  
Answer: a, d

02. What is the primary benefit of conducting a root cause analysis after a security incident?  
a) Validate OSI model compliance  
b) Enable compliance with NTP standards  
c) Drive design improvements to prevent recurrence  
d) Improve FTP throughput  
Answer: c

03. Which Cisco product provides automated incident response workflows integrated with SIEM and SOAR platforms?  
a) Cisco SecureX  
b) Cisco AnyConnect  
c) Cisco DNA Center  
d) Cisco Catalyst  
Answer:

04. Which two approaches support secure communication in containerized microservices architectures?  
(Choose two.)  
a) Mutual TLS between services

300-745 CCNP Security Sample Questions

Based on high-quality products, our 300-745 guide torrent has high quality to guarantee your test pass rate, which can achieve 98% to 100%. 300-745 study tool is updated online by our experienced experts, and then sent to the user. And we provide free updates of 300-745 training material for one year after your payment. The data of our 300-745 Exam Torrent is forward-looking and can grasp hot topics to help users master the latest knowledge. And you can also free download the demo of 300-745 exam questions to have a check.

To ensure a more comfortable experience for users of 300-745 test material, we offer a thoughtful package. Not only do we offer free demo services before purchase, we also provide three learning modes for users. Even if the user fails in the Designing Cisco Security Infrastructure exam dumps, users can also get a full refund of our 300-745 quiz guide so that the user has no worries. With easy payment and thoughtful, intimate after-sales service, believe that our 300-745 Exam Dumps will not disappoint users. Last but not least, our worldwide service after-sale staffs will provide the most considerable and comfortable feeling for you in twenty-four hours a day, as well as seven days a week incessantly.

## Valid 300-745 Test Papers | 300-745 Interactive Course

The study material is available in three easy-to-access formats. The first one is PDF format which is printable and portable. You can access it anywhere with your smart devices like smartphones, tablets, and laptops. In addition, you can even print PDF questions in order to study anywhere and pass Designing Cisco Security Infrastructure (300-745) certification exam.

## Cisco Designing Cisco Security Infrastructure Sample Questions (Q45-Q50):

### NEW QUESTION # 45

Which financial reporting regulatory framework must a publicly traded company doing business in the US comply with?

- A. FEDRAMP
- **B. SOX**
- C. SOC
- D. HIPAA

**Answer: B**

Explanation:

Publicly traded companies in the United States must comply with the Sarbanes-Oxley Act (SOX). This regulation mandates strict standards for financial reporting, internal controls, and data integrity to protect investors from fraudulent financial practices.

### NEW QUESTION # 46

A global energy company moved a monolithic application from the data center to public cloud.

Over time, the company added many capabilities to the application, and it is now difficult for the application team to scale it. The application owner decided to modernize the application by moving to a Kubernetes cluster. However, he wants to ensure that the new application architecture provides a container network interface that is scalable, offers options for cloud-native security, and helps with visibility and observability. Which solution must be used to accomplish the task?

- A. security group
- **B. Cilium**
- C. ENI
- D. ingress gateway

**Answer: B**

Explanation:

Cilium is a Kubernetes Container Network Interface (CNI) that provides scalability, cloud-native security with eBPF-based enforcement, and strong visibility/observability into network traffic between microservices. It is purpose-built to modernize applications running in Kubernetes clusters.

### NEW QUESTION # 47

A furniture company recently discovered that the endpoint detection and response configuration flagged several malicious files on company-managed laptops. The company must enhance security to prevent known malicious files from being delivered to the network and endpoints. The new solution must enhance the company's ability to inspect and filter incoming traffic effectively.

Which security product must be used to accomplish this goal?

- A. traditional firewall
- B. host-based firewall
- **C. next-generation firewall**
- D. eBPF

**Answer: C**

Explanation:

A next-generation firewall (NGFW) inspects and filters incoming traffic with deep packet inspection, intrusion prevention, and advanced malware filtering. This prevents known malicious files from reaching the network and endpoints, complementing the company's EDR solution.

### NEW QUESTION # 48

What is the primary benefit of conducting a root cause analysis after a security incident?

- A. Improve FTP throughput

- B. Validate OSI model compliance
- C. Enable compliance with NTP standards
- D. Drive design improvements to prevent recurrence

**Answer: D**

Explanation:

Root cause analysis focuses on identifying the underlying cause of a security incident. This enables organizations to improve system design, controls, or processes so that similar incidents do not happen again, rather than only fixing symptoms.

**NEW QUESTION # 49**

A manufacturing company recently experienced a network-down scenario due to malware spread on the management network. The company wants to implement a solution to detect and mitigate a similar threat in the future and protect the overall network. Which solution meets the requirements?

- A. RADIUS
- B. IPsec VPN
- C. endpoint detection and response
- D. encrypted threat analysis

**Answer: C**

Explanation:

Endpoint Detection and Response (EDR) provides continuous monitoring, detection, and automated mitigation of malware at the endpoint level. By stopping threats before they spread across the management network, EDR protects the overall infrastructure from similar network-down scenarios in the future.

**NEW QUESTION # 50**

.....

We have security and safety guarantee, which mean that you cannot be afraid of virus intrusion and information leakage since we have data protection acts, even though you end up studying 300-745 test guide of our company, we will absolutely delete your personal information and never against ethic code to sell your message to the third parties. Our 300-745 Exam Questions will spare no effort to perfect after-sales services. Thirdly countless demonstration and customer feedback suggest that our Designing Cisco Security Infrastructure study question can help them get the certification as soon as possible, thus becoming the elite, getting a promotion and a raise and so forth.

**Valid 300-745 Test Papers:** <https://www.pdf4test.com/300-745-dump-torrent.html>

There is no doubt that having a 300-745 certificate is of great importance to our daily life and daily work, it can improve your comprehensive strength when you are seeking for a decent job or competing for an important position, mainly because with 300-745 certification, you can totally highlight your resume and become more confident in front of your interviewers and competitors, Cisco 300-745 Exam Sample Questions Most web browsers automatically accept cookies, but you can usually modify your browser setting to decline cookies if you prefer.
