### NEW QUESTION # 30

A company's sales team wants the Total Amount field to be included in the Highlights panel at the top of the Credit Memo record page. How can the administrator meet this requirement?

- A. Edit the properties of the Highlights Panel component on the Credit Memo lightning record page
- B. Edit the Credit Memo page layout to include the Total Amount field in the Highlights Panel
- C. Modify the sales team profile's assigned record type to include the Total Amount field in the Highlights Panel
- D. Modify the compact layout on the Credit Memo object

**Answer: D**

Explanation:

The best way for the administrator to meet this requirement is to modify the compact layout on the Credit Memo object. A Credit Memo is a record that represents a refund or credit issued to a customer for an order or part of an order. A Credit Memo has

various fields and related lists that display information such as the credit amount, status, reason, etc. A compact layout is a type of layout that determines which fields appear in the highlights panel at the top of a record page in Lightning Experience or Salesforce mobile app. The administrator can use the Object Manager to modify the compact layout on the Credit Memo object and add the Total Amount field to the compact layout. This way, the sales team can see the Total Amount field in the highlights panel at the top of the Credit Memo record page.
