torrent. Our answers and questions are compiled elaborately and easy to be mastered. Because our PMI-PMOCP Test Braindumps are highly efficient and the passing rate is very high you can pass the exam fluently and easily with little time and energy needed.

## PMI Project Management Office Certified Professional Sample Questions (Q85-Q90):

### NEW QUESTION # 85

A PMO team member with limited experience as a project manager was hired 2 years ago. The PMO team member has been identified as being talented in their role. Currently, the PMO team member is playing a key role in a strategic program and is facing challenges in specific areas such as leadership and stress management.

What steps should the PMO professional take to develop the competencies of the PMO team member?

- A. Arrange for the PMO team member to shadow a manager recognized for strong leadership abilities.
- B. Provide personalized coaching to the PMO team member.
- C. Require the PMO team member to complete a project management training program.
- D. Enroll the PMO team member in a course focused on facilitation skills.

**Answer: A**

Explanation:

Mentorship and shadowing experienced leaders provide hands-on learning and exposure to practical leadership behaviors. PMI-PMOCP highlights that experiential learning through observation and guidance is effective for developing competencies like leadership and stress management.

Training courses (option A or C) and coaching (option D) support development but shadowing offers direct, contextual experience beneficial for leadership growth.

Reference: PMI-PMOCP Study Guide, Chapter on Human Capital Management and Competency Development.

### NEW QUESTION # 86

Two years ago, a software company implemented an agile culture and adopted Scrum as a framework for product development. During those 2 years, the company's senior management struggled with the link between the product value generated and the business objectives.

What should the PMO professional do to bridge this gap?

- A. Provide a report with agile team metrics, including velocity and burn charts.
- B. Advise the board to move to a hybrid approach for its product development.
- C. Develop a dashboard to show the product portfolio's progress.
- D. Create a benefits map for the company's initiatives and products.

**Answer: D**

Explanation:

Creating a benefits map connects products and initiatives to strategic business objectives, visually illustrating how agile deliveries contribute to organizational goals. PMI-PMOCP highlights benefits mapping as a key tool to clarify value realization, improve stakeholder understanding, and enhance alignment between agile teams and executive management.

Dashboards (option A) and reports on agile metrics (option C) provide progress data but may not clarify strategic value linkage.

Advising a hybrid approach (option B) addresses methodology but not the value alignment challenge.

Reference: PMI Project Management Office Certified Professional (PMI-PMOCP) Examination Content Outline, PMI 2021. PMI-PMOCP Study Guide, Chapter on Strategic Alignment and Benefits Management.

### NEW QUESTION # 87

A PMO professional is responsible for supporting programs and projects at a government organization. The PMO professional has been tasked with providing project management tools and information systems that will enable the organization's project managers to achieve their goals effectively.

Which two actions should the PMO professional take? (Choose 2)

- A. Provide the project managers with a list of project management tools and information systems in the market and have them pick.

- B. Adapt the project management tools and information systems to be compliant with government regulations.
- C. Enhance the organization's project management tools and information systems to meet the specific needs of the project managers.
- D. Meet with the project managers to understand their needs and any gaps in using project management tools and information systems.

**Answer: B,D**

Explanation:

Ensuring the tools comply with government regulations (Option A) is non-negotiable due to the regulatory environment. Engaging with project managers to understand their practical needs and gaps (Option B) ensures that the tools support real-world work effectively.

Simply providing a market list (Option C) risks lack of standardization and confusion. Enhancing tools (Option D) is appropriate but should be based on user needs identified through direct engagement.

PMI-PMOCP Lifecycle Management domain underscores regulatory compliance and user-centric tool adaptation as critical success factors.

### NEW QUESTION # 88

After which event should a PMO professional expect the PMO mandate to be reviewed?

- A. When the PMO maturity score increases
- B. When new qualifications are gained by PMO team members
- C. When the PMO expands its scope to include new services
- D. When the PMO delivers value that exceeds customer expectations

**Answer: C**

Explanation:

The PMO mandate is a formal document that defines the purpose, authority, and scope of the PMO.

According to PMI-PMOCP principles, any significant change in the PMO's scope or services triggers a review of the mandate to ensure it remains relevant and aligned with organizational needs. Expanding the PMO's scope (Option A) necessitates updating the mandate to reflect new responsibilities, authority, and expectations.

Increasing maturity scores, delivering exceptional value, or staff gaining new qualifications (Options B, C, and D) are positive indicators but do not in themselves require revisiting the mandate.

Regular mandate reviews help maintain clarity, authority, and stakeholder alignment, which are critical governance elements emphasized by PMI.

### NEW QUESTION # 89

After which event should a PMO professional expect the PMO mandate to be reviewed?

- A. When the PMO maturity score increases
- B. When new qualifications are gained by PMO team members
- C. When the PMO expands its scope to include new services
- D. When the PMO delivers value that exceeds customer expectations

**Answer: C**

### NEW QUESTION # 90

.....
