You must want to know your scores after finishing exercising our JN0-650 study materials, which help you judge your revision. Now, our windows software and online test engine of the JN0-650 study materials can meet your requirements. You can choose from two modules: virtual exam and practice exam. Then you are required to answer every question of the JN0-650 Study Materials. In order to make sure you have answered all questions, we have answer list to help you check.

Our services before, during and after the clients use our JN0-650 study materials are considerate. Before the purchase, the clients can download and try out our JN0-650 study materials freely. During the clients use our products they can contact our online customer service staff to consult the problems about our products. After the clients use our JN0-650 Study Materials if they can't pass the test smoothly they can contact us to require us to refund them in full and if only they provide the failure proof we will refund them at once. Our company gives priority to the satisfaction degree of the clients and puts the quality of the service in the first place.

Reliable JN0-650 Exam Syllabus - JN0-650 Braindumps Torrent

JN0-650 practice exam enables applicants to practice time management, answer strategies, and all other elements of the final Enterprise Routing and Switching, Professional (JNCIP-ENT) (JN0-650) certification exam and can check their scores. The exhaustive report enrollment database allows students to evaluate their performance and prepare for the Enterprise Routing and Switching, Professional (JNCIP-ENT) (JN0-650) certification exam without further difficulty.

Juniper JN0-650 Exam Syllabus Topics:

Topic	Details
Topic 1	Layer 2 Authentication and Access Control: This domain examines network access control mechanisms including 802.1x, MAC RADIUS, captive portal, server fail fallback, guest VLANs, and multi-method authentication considerations.
Topic 2	- BGP: This section focuses on Border Gateway Protocol operations including route selection, next hop resolution, BGP attributes, communities, load balancing, IPv4 - IPv6 address families, advanced options, and routing policy implementation.
Topic 3	- IP Telephony Features: This section focuses on features supporting VoIP deployments including Power over Ethernet, LLDP - LLDP-MED protocols, and voice VLAN implementation.
Topic 4	Class of Service (CoS): This domain covers QoS mechanisms in Junos including CoS processing, header fields, forwarding classes, classification, policers, schedulers, drop profiles, shaping, and rewrite rules.
Topic 5	EVPN: This section addresses Ethernet VPN technology for Layer 2 over Layer 3 connectivity, covering EVPN route types, VXLAN encapsulation, and multi-homing configurations.
Topic 6	- IP Multicast: This domain addresses one-to-many communication using multicast routing, covering addressing, ASM vs SSM models, RPF, IGMP - snooping, PIM sparse-mode, rendezvous points, Anycast RP, MSDP, and routing policies.
Topic 7	Ethernet Switching and Spanning Tree: This section covers advanced Layer 2 switching including filter-based VLANs, private VLANs, MVRP, Layer 2 tunneling via Q-in-Q and L2PT, plus MSTP and VSTP protocols.

Juniper Enterprise Routing and Switching, Professional (JNCIP-ENT) Sample Questions (Q44-Q49):

NEW QUESTION # 44

Which two statements are true about 802.1Z dynamic filters based on RADIUS attributes? (Choose two.)

- A. Filters can be defined on the switch and deployed upon authentication.
- B. Filters can be defined on the authentication server and deployed using vendor-specific attributes.
- C. Filters can be defined on an automation framework and deployed when triggered by an authentication syslog message.
- D. Filters can be defined on the network management system and deployed using vendor-specific attributes.

Answer: A,B

NEW QUESTION # 45

Your existing enterprise network uses OSPFv3 on Juniper devices. You need to extend the networking into a new building, and it needs to be in its own OSPF area. Your team is debating about making the area a stub. Which two statements are correct in this scenario? (Choose two.)

- A. Stub areas can be converted into totally stubby areas.
- B. Stub areas can have an ASBR
- C. Stub areas can also be not-so-stubby areas.
- D. Stub areas do not support virtual links.

Answer: A,D

NEW QUESTION # 46

Which two statements are true regarding BGP peering sessions? (Choose two.)

- A. BGP uses keepalive messages to maintain the session state in the absence of updates.
- B. BGP keepalives consist of a BGP header and a notification message.
- C. BGP updates are registered as keepalives.
- D. BGP keepalives consist of a BGP header with no payload.

Answer: A,D

NEW QUESTION # 47

You are configuring an OSPF network that contains 1G, 10G, and 40G links. You want the metric of each link to be automatically calculated based on the link bandwidth so that higher-speed links are a lower cost than lower-speed links.

Which statement is true?

- A. Configure the priority on each interface within each protocol ospf area.
- B. Configure the reference-bandwidth under [protocols ospf].
- C. The default operation of OSPF will assign a lower metric to the 40G links.
- D. Configure the metric on each interface to match the link speed.

Answer: B

NEW QUESTION # 48

Which two statements are true regarding Spanning Tree Protocol? (Choose two.)

- A. The switch with the highest bridge priority is elected as the root bridge.
- B. If all switch ports are the same speed, the switch port with the lowest port priority becomes the root port.
- C. The switch with the lowest bridge priority is elected as the root bridge.
- D. If all switch ports are the same speed, the switch port with the highest port priority becomes the root port.

Answer: B,C

NEW QUESTION # 49

.....

Our test engine has been introduced for the preparation of JN0-650 practice test and bring great convenience for most IT workers. It will make you feel the atmosphere of the JN0-650 actual test and remark the mistakes when you practice the exam questions. We strongly recommend that you should prepare your JN0-650 Exam PDF with our test engine before taking real exam.
