

350-601 Study Guide: Implementing Cisco Data Center Core Technologies (350-601 DCCOR) & 350-601 Learning Materials

BONUS!!! Download part of TestKingIT 350-601 dumps for free: https://drive.google.com/open?id=1gO__0cOQrcmV0ckFidJ6p6oz5ZqYLxaB

Our 350-601 exam review contains the latest test questions and accurate answers along with the professional explanations. A little attention to prepare 350-601 practice test will improve your skills to clear exam with high passing score. For most busy IT workers, 350-601 Dumps PDF is the best alternative to your time and money to secure the way of success in the IT field.

The Cisco 350-601 desktop-based practice exam is compatible with Windows-based computers and only requires an internet connection for the first-time license validation. The web-based Implementing Cisco Data Center Core Technologies (350-601 DCCOR) (350-601) practice test is accessible on any browser without needing to install any separate software. Finally, the Implementing Cisco Data Center Core Technologies (350-601 DCCOR) (350-601) dumps pdf is easily portable and can be used on smart devices or printed out.

Cisco 350-601 Reliable Test Braindumps | 350-601 Reliable Exam Sample

The TestKingIT is offering valid, updated, and real Cisco 350-601 practice test questions. The TestKingIT is committed to making the Cisco 350-601 exam preparation the simplest, easiest, and fast. We are quite confident that with Cisco 350-601 Practice Exam Questions you can pass the challenging Cisco 350-601 exam.

Cisco Implementing Cisco Data Center Core Technologies (350-601 DCCOR) Sample Questions (Q85-Q90):

NEW QUESTION # 85

A network engineer must configure a Fibre Channel interface on the Cisco MDS 9000 Series Switch. The configuration must meet these requirements:

- * The interface must be disabled when the bit errors threshold is exceeded
- * Buffer-to-buffer credits must be set to the maximum value
- * The interface must have full bandwidth allocated for its port group

Which command set configures a Fibre Channel interface that meets these requirements?

- A. ☐
- **B. ☒**
- C. ☐
- D. ☐

Answer: B

NEW QUESTION # 86

An engineer must configure OSPF routing on Cisco Nexus 9000 Series Switches. The IP subnet of the Eth 1/2 interface for both switches must be advertised via OSPF. However, these interfaces must not establish OSPF adjacency or send routing updates. The current OSPF adjacency over the interface Eth1/1 on SW1 and Eth1/1 on SW2 must remain unaffected. Which configuration must be applied to both Nexus switches to meet these requirements?

- A. interface ethernet 1/2 no ip ospf passive-Interface
- B. interface ethernet 1/2 ip ospf network point-to-point
- C. interface ethernet 1/2 ip ospf passive-interface
- D. interface ethernet 1/2 passive-interface default

Answer: C

NEW QUESTION # 87

An engineer is implementing NetFlow on a Cisco Nexus 7000 Series Switch. Drag and drop the NetFlow commands from the left into the correct order they must be entered on the right.

Answer:

Explanation:

□ Explanation

- 1- feature netflow
- 2- flow exporter
- 3- flow monitor
- 4- interface<interface>

NEW QUESTION # 88

Refer to the exhibit.

□ What is a characteristic presented in the service profile of the UUID?

- A. based on the hardware
- B. unique system generated
- C. allocated from a UUID pool
- D. vendor assigned

Answer: A

Explanation:

there is no parameter for 'set identity dynamic-uuid' to specify a pool name - you can only state "derived" or a 32 hex character string (128-bits, therefore full UUID).

ucspe /org/service-profile # set identity dynamic-uuid

derived Derived

FFFFFFFF-FFFF-FFFF-FFFF-FFFFFFFFFFFFFF Dynamic UUID

The documentation, as usual for Cisco, is poor. Shagua references old v1.4.1 documentation but it's the same in 4.1. It's inaccurate as uuid-pool should now read uuid-suffix-pool. You can use UCSPE to check the CLI with contextual help.

ucspe /org/service-profile # set identity

dynamic-uuid Dynamic UUID

dynamic-wwnn Dynamic WWNN

uuid-suffix-pool UUID Suffix Pool

wwnn-pool WWNN Pool

If set identity dynamic-uuid only gives us the option of a static UUID or the parameter "derived", and set identity uuid-suffix-pool is the option to assign a pool... I would suggest that the most logical answer here is

- derived from the hardware.

https://www.cisco.com/en/US/docs/unified_computing/ucs/sw/cli/config/guide/1.4.1/CLI_Config_Guide_1_4_1_

NEW QUESTION # 89

Port security is enabled on a Cisco MDS 9000 Series Switch.
Which statement is true?

- A. Cisco Fabric Services must be disabled before enabling port security.
- **B. Auto-learning is always enabled automatically when port security is enabled.**
- C. Port security can be enabled only globally and affects all VSANs.
- D. Any devices currently logged in must be added manually to the device database.

Answer: B

Explanation:

Port-security can be enabled individually for a VSAN:

https://www.cisco.com/c/en/us/td/docs/switches/datacenter/mds9000/sw/8_x/config/security/cisco_mds9000_security_config_guide_8x/configuring_port_security.html
switch(config)# port-security activate vsan 1

Activates the port security database for the specified VSAN, and automatically enables auto-learning.

NEW QUESTION # 90

.....

In this hustling society, our 350-601 practice materials are highly beneficial existence which can not only help you master effective knowledge but pass the exam effectively. They have a prominent role to improve your soft-power of personal capacity and boost your confidence of conquering the exam with efficiency. You will be cast in light of career acceptance and put individual ability to display. When you apply for a job you could have more opportunities than others. What is more, there is no interminable cover charge for our 350-601 practice materials priced with reasonable prices for your information. Considering about all benefits mentioned above, you must have huge interest to them.

350-601 Reliable Test Braindumps: <https://www.testkingit.com/Cisco/latest-350-601-exam-dumps.html>

You can contact our online staff or you can choose to email us on the 350-601 exam questions, Cisco Reliable 350-601 Study Materials We offer you the most appropriate price or even the baseline price for you, Our valid 350-601 exam questions are proved to be effective by some candidates who have passed 350-601 Implementing Cisco Data Center Core Technologies (350-601 DCCOR) practice exam, If you can't wait getting the certificate, you are supposed to choose our 350-601 study guide.

Oracle on Uniprocessors, Major browsers and operating systems support the online 350-601 mock exam, You can contact our online staff or you can choose to email us on the 350-601 Exam Questions.

Efficient Reliable 350-601 Study Materials | Easy To Study and Pass Exam at first attempt & Professional 350-601: Implementing Cisco Data Center Core Technologies (350-601 DCCOR)

We offer you the most appropriate price or even the baseline price for you, Our valid 350-601 exam questions are proved to be effective by some candidates who have passed 350-601 Implementing Cisco Data Center Core Technologies (350-601 DCCOR) practice exam.

If you can't wait getting the certificate, you are supposed to choose our 350-601 study guide, So you need to choose the most proper and verified preparation material with caution.
