If you have bad mood in your test every time you should choose our Soft test engine or App test engine of CPIM-8.0 dumps torrent materials. Both of these two versions have one function is simulating the real test scene. You can set timed exam and practice many times. You can feel exam pace and hold time to test with our APICS CPIM-8.0 Dumps Torrent. You should take advantage of the time and opportunities you have to do the things you want. Our CPIM-8.0 dumps torrent files provide you to keep good mood for the test.

APICS CPIM-8.0 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none">• Demand: This section evaluates the abilities of Demand Analysts in managing demand through forecasting techniques. It explores sources of demand data for accurate forecasting and evaluating forecast performance to improve future predictions. One important skill evaluated is "forecasting demand accurately."

Topic 2	<ul style="list-style-type: none"> • Detailed Schedules: This section assesses the skills of Production Planners by focusing on detailed scheduling processes for production or service delivery environments. It includes methods like PAC (Programmable Automation Controller) scheduling techniques to manage detailed production timelines efficiently across different materials required for manufacturing or service delivery processes.
Topic 3	<ul style="list-style-type: none"> • Supply: This module tests the competencies of Procurement Specialists in managing supply chains effectively. It involves creating master schedules for production planning, maintaining these schedules over time, material requirements planning (MRP), capacity requirements planning (CRP), supplier management practices, and purchasing strategies during product life cycle changes. A key skill measured here is "validating master schedules."
Topic 4	<ul style="list-style-type: none"> • Supply Chains and Strategy: This section of the exam measures the skills of Supply Chain Managers and covers various aspects related to supply chains, including their interaction with the environment and strategic objectives. It delves into developing organizational strategies, functional strategies, performance monitoring using KPIs, risk management, capital equipment management, and sustainability strategies. A key skill assessed here is "analyzing market trends."

Answer: C

NEW QUESTION # 378

A company decided not to pursue a business opportunity in a foreign market due to political instability and currency fluctuations. Which risk control strategy did this business utilize?

- A. Prevention
- B. Recovery
- C. Mitigation
- D. Wait and see

Answer: A

Explanation:

Prevention is a risk control strategy that involves avoiding or eliminating the sources of risk. By deciding not to pursue a business opportunity in a foreign market due to political instability and currency fluctuations, the company prevented the potential losses or disruptions that could arise from these factors. Mitigation is a risk control strategy that involves reducing the impact or likelihood of risk. Recovery is a risk control strategy that involves restoring normal operations after a risk event occurs. Wait and see is a risk control strategy that involves monitoring the risk situation and taking action only when necessary. Reference:
