NEW QUESTION # 59

What do STEEPL and SWOT stand for?

Answer:

Explanation:

RESPONSE

After a need in an organization has been identified/understood, defined, justified and authorized, the next stages are to understand how commodity prices are reacting, which suppliers are available and their strength.

The make or buy decision can be reached with knowledge from this; the procurement professional can consider the organization external environment, strength, weakness opportunity and threat to develop strategy /plan of how to achieve the procurement.

'STEEPLE' is an effective way to evaluate the external environment. It helps buyers to assess factors that could affect the need in

hand and helps them to develop the plan accordingly. 'STEEPLE' is an acronym which stands for, Social, Technology, Economic, Environment, Political, Legal, Ethical

'SWOT' helps the organization to analyze its strength and within the organization and the opportunity and threats outside the organization.

'SWOT' is an acronym which stands for, strength, weakness, opportunity and threats.

NEW QUESTION # 60

Explain why it is deemed better to use Sea freight rather than air

Answer:

Explanation:

It would be rare to find a supplier who does not emit any form of pollution. However, part of ethical and responsible sourcing is to make effort to reduce impact of population on the planets. Pollution can be factory emission, Noise, smell, Transportation Development, waste disposal. Transportation is a major cause of pollution. The carbon dioxide emitted from vehicles contributes greatly to air contamination. Yet it is better to use sea freight rather than air because it has a smaller impact on the environment.

NEW QUESTION # 61

How can procurement professionals select suppliers?

Answer:

Explanation:

During the sourcing stage of the procurement cycle, the procurement professional needs to identify and select suppliers to fulfill the business needs. Supplier selection involves evaluating suppliers against predetermine criteria to assess their suitability in working with the buying organization. Suppliers can be evaluated according to Carter's 10Cs which are as follows: (1) Competency (2) capacity (3) consistency (4) control (5) cost (6) commitment (7) cash (8) Clean (9) culture (10) communication.

Procurement professionals can decide to evaluate and select suppliers based on the overall strategy and the business objectives.

After that, it most suitable suppliers receive the documentation (Invitation to tender/ request for quotation).
