With a high pass rate as 98% to 100%, you will know that our DEP-2025 practice engine can provide you with the best pass percentage.

Apple Deployment and Management Exam Sample Questions (Q10-Q15):

NEW QUESTION # 10
A Mac user deferred a managed software update after the deadline for the update passed. What happens next?

- A. The user receives notifications that the update is overdue and needs immediate attention
- B. The user receives a reminder that they can still defer the update for up to 30 days
- C. All update notifications are disabled to reduce user distraction
- D. The update automatically installs without the user's intervention if the deadline is missed

Answer: D

Explanation:
Post-deadline, updates install automatically. TheMobile Device Management Protocol Referencestates, "If a user defers a managed software update past the MDM-enforced deadline, macOS will automatically install it to ensure compliance." References:
Mobile Device Management Protocol Reference, "Software Updates" section.
macOS Deployment Reference, "Update Enforcement" section.

NEW QUESTION # 11
A user enrolled their personally owned iPhone in your MDM solution to access organizational services. Which of these is cryptographically separated for managed and personal data?

- A. Safari bookmarks
- B. Keychain items
- C. Safari profiles
- D. Contacts

Answer: B

Explanation:
User Enrollment separates managed Keychain items. The iOS Deployment Reference states, "With User Enrollment, Keychain items associated with a Managed Apple ID are stored in a distinct cryptographic container." Options B, C, and D aren't separated unless tied to managed apps.
Reference:
iOS Deployment Reference, "User Enrollment" section.
Apple Platform Deployment Guide, "Data Separation" section.

NEW QUESTION # 12
What's required to unenroll a supervised device from an MDM solution?

- A. An administrator's approval
- B. An Apple ID
- C. A wipe command
- D. User acceptance

Answer: A

Explanation:
Unenrolling a supervised device from an MDM solution requires an administrator's approval, typically executed by removing the MDM profile via the MDM server. For supervised devices (via ADE or Apple Configurator), users cannot remove the profile themselves, ensuring organizational control. An Apple ID (option B) isn't required for unenrollment, though it may relate to Activation Lock. User acceptance (option C) isn't needed for supervised devices. A wipe command (option D) may accompany unenrollment but isn't mandatory. The Apple Platform Deployment Guide outlines this process for supervised devices.

NEW QUESTION # 13
What's the benefit of using supervision?

- A. Allows personalization
- B. Improves network performance
- C. Separates personal and managed data
- D. Enables additional restrictions

Answer: D

Explanation:
Supervision, applied via Apple Configurator or ADE, enables additional restrictions on devices, such as blocking app removal, enforcing single-app mode, or managing Activation Lock, providing greater control for organizations. Personalization (option A) is more limited under supervision. Network performance (option C) is unrelated, and data separation (option D) is a User Enrollment feature. The Apple Platform Deployment Guide highlights supervision's enhanced management capabilities.

NEW QUESTION # 14
Which type of enrollment requires a Managed Apple ID?

- A. User Enrollment
- B. Automated Device Enrollment
- C. Device Enrollment

Answer: A

Explanation:
User Enrollment, designed for BYOD, requires a Managed Apple ID to separate personal and managed data on the device. The Managed Apple ID authenticates the user for organizational policies while preserving personal privacy. Automated Device Enrollment (option A) and Device Enrollment (option B) are for organization-owned devices and don't inherently require Managed Apple IDs, though they can use them optionally. The Apple Platform Deployment Guide specifies that User Enrollment relies on Managed Apple IDs for its functionality.

NEW QUESTION # 15
......

Our website is considered to be the most professional platform offering DEP-2025 practice guide, and gives you the best knowledge of the DEP-2025 study materials. Passing the exam has never been so efficient or easy when getting help from our DEP-2025 Preparation engine.
