## AZ-800 Related Certifications, Exam AZ-800 Questions Answers

The best news is that during the whole year after purchasing, you will get the latest version of our AZ-800 exam prep for free, since as soon as we have compiled a new version of the study materials, our company will send the latest one of our AZ-800 study materials to your email immediately. And you will be satisfied by our service for we will auto send it to you as long as we update them. If you have to get our AZ-800 learning guide after one year, you can still enjoy 50% discounts off on the price.

## Microsoft Administering Windows Server Hybrid Core Infrastructure Sample Questions (Q39-Q44):

### NEW QUESTION # 39

You have an Azure subscription named sub1 and 500 on-premises virtual machines that run Windows Server.

You plan to onboard the on-premises virtual machines to Azure Arc by running the Azure Arc deployment script. You need to create an identity that will be used by the script to authenticate access to sub1. The solution must use the principle of least privilege.

How should you complete the command? To answer, select the appropriate options in the answer area.

NOTE: Each correct selection is worth one point.

Answer Area

Answer:

#### NEW QUESTION # 40

You have a server named Server1 that runs Windows Server and has the Hyper-V server role installed.

You need 10 limit which Hyper-V module cmdlets helpdesk users can use when administering Server 1 remotely.

You configure Just Enough Administration (JEA) and successfully build the role capabilities and session configuration files.

How should you complete the PowerShell command? To answer, select the appropriate options in the answer area.

NOTE: Each correct selection is worth one point.

Answer:

Explanation:

#### NEW QUESTION # 41

Task 5

you need to configure a Group Policy preference to ensure that users in the organizational unit (OU) named Server Admins have a shortcut to a folder named \\srvi.contoso.com\data on their desktop when they sign in to the computers in the domain.

Answer:

Explanation:

See the solution of this Task below.

Explanation:

TASK 5

# Objective:

\* Configure a Group Policy Preference to create a shortcut to \\srvi.contoso.com\data on the desktop of users in the Server Admins OU.

Step-by-Step Guide: Using Group Policy Preferences to Create a Desktop Shortcut

# Step 1: Open Group Policy Management Console (GPMC)

\* Log in to a DC or a management computer with RSAT installed.

\* Open Group Policy Management (gpmc.msc).

# Step 2: Create a New GPO

\* In the GPMC console, expand the forest and the domain (e.g., contoso.com).

\* Right-click the OU named Server Admins and select Create a GPO in this domain, and Link it here.

\* Name the GPO, e.g., Desktop Shortcut for Server Admins.

# Step 3: Edit the GPO

\* Right-click the newly created GPO and select Edit.

\* This opens the Group Policy Management Editor.

# Step 4: Navigate to User Preferences

\* In the editor, expand:

- \* User Configuration > Preferences > Windows Settings > Shortcuts.
- # Step 5: Create the Shortcut
- \* Right-click Shortcuts and select New > Shortcut.
- \* In the New Shortcut Properties window:
- \* Action: Create
- \* Name: Data Folder
- \* Target Type: File System Object
- \* Location: Desktop
- \* Target Path: \\srvi.contoso.com\data
- \* Optionally, set an icon or description if you want.
- # Step 6: Configure Item-Level Targeting (Optional)
- \* If you want to limit this shortcut strictly to specific users/groups, click the Common tab.
- \* Check Item-level targeting and configure conditions (optional).
- \* For this scenario, linking the GPO to the Server Admins OU is usually sufficient.
- # Step 7: Close and Update
- \* Close the editor.
- \* In GPMC, ensure the GPO is linked to the Server Admins OU.
- \* Force a Group Policy Update on client computers:
- \* On a client computer:
- `gpupdate /force`
- \* Or wait for the next Group Policy refresh cycle.
- # Step 8: Verify
- \* Log in as a user in the Server Admins OU.
- \* The shortcut to \\srvi.contoso.com\data should appear on the desktop.

#### NEW QUESTION # 42

You plan to deploy an Azure virtual machine that will run Windows Server. The virtual machine will host an Active Directory Domain Services (AD DS) domain controller and a drive named F: on a new virtual disk.

You need to configure storage for the virtual machine. The solution must meet the following requirements

- \* Maximize resiliency for AD DS.
- \* Prevent accidental data loss.

How should you configure the storage? To answer, select the appropriate options in the answer area.

NOTE: Each correct selection is worth one point.

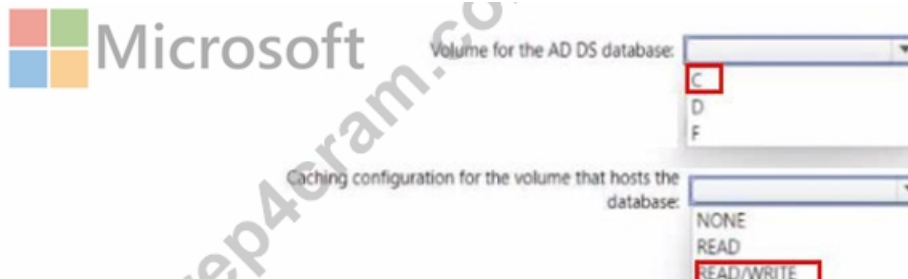

Answer Area

Answer:

Explanation:

Microsoft

#### NEW QUESTION # 43

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique

solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

You are planning the deployment of DNS to a new network.

You have three internal DNS servers as shown in the following table.

Name	Location	IP address	Local DNS zone
Server1	Montreal	10.0.1.10	contoso.local
Server2	Toronto	10.0.2.10	east.contoso.local
Server3	Seattle	10.0.3.10	west.contoso.local

The contoso.local zone contains zone delegations for east.contoso.local and west.contoso.local. All the DNS servers use root hints. You need to ensure that all the DNS servers can resolve the names of all the internal namespaces and internet hosts.

Solution: On Server2, you create a conditional forwarder for contoso.local and west.contoso.local. On Server3, you create a conditional forwarder for contoso.local and east.contoso.local.

Does this meet the goal?

- A. No
- B. Yes

**Answer: A**

## NEW QUESTION # 44

.....

Considering that our customers are from different countries, there is a time difference between us, but we still provide the most thoughtful online after-sale service twenty four hours a day, seven days a week, so just feel free to contact with us through email anywhere at any time. Our commitment of helping you to Pass AZ-800 Exam will never change. Considerate 24/7 service shows our attitudes, we always consider our candidates' benefits and we guarantee that our AZ-800 test questions are the most excellent path for you to pass the exam.
