NEW QUESTION # 70

Which of the following specifications are valid for review activities in Purchase Requisition Approval Workflow? Note: There are 2 correct answers to this question.

- **A. Reviewer receives notifications on the reviewer tasks**
- B. Assigned reviewer can reject or approve the workflow
- C. Only one reviewer per workflow can be assigned
- **D. Deadlines can be configured for reviewer tasks**

Answer: A,D

Explanation:

In the Purchase Requisition Approval Workflow, review activities play a critical role in ensuring that purchase requisitions are reviewed and approved efficiently. Below are the two correct specifications for review activities:

* Deadlines can be configured for reviewer tasks (Option B): Deadlines can be set for reviewer tasks to ensure timely processing of purchase requisitions. If a reviewer does not complete their task within the specified deadline, escalation mechanisms can be triggered. The SAP S/4HANA Cloud Workflow Configuration Guide confirms that deadlines can be configured for workflow tasks.

* Reviewer receives notifications on the reviewer tasks (Option C): Reviewers are notified when they are assigned tasks in the approval workflow. These notifications can be sent via email or through the SAP Fiori launchpad, ensuring that reviewers are aware of pending tasks. The SAP S/4HANA Cloud Workflow Notification Guide documents this functionality.

* A. Only one reviewer per workflow can be assigned: This is incorrect because multiple reviewers can be assigned to a single workflow, depending on the configuration. For example, parallel or sequential approval workflows can involve multiple reviewers.

* D. Assigned reviewer can reject or approve the workflow: While reviewers can approve or reject tasks, this is not a specification unique to review activities. It applies to all approval workflows and is not specific to the question.

* SAP S/4HANA Cloud Workflow Configuration Guide: Explains how to configure deadlines and notifications for workflow tasks. <https://help.sap.com>

* SAP S/4HANA Cloud Workflow Notification Guide: Describes how notifications are sent to reviewers and approvers in the workflow process.

* SAP S/4HANA Cloud Sourcing and Procurement Guide: Provides an overview of the Purchase Requisition Approval Workflow and its components.
