**Certification Dumps:** A certification dump is a collection of test questions and answers used to prepare for an IT certification exam. The questions and answers are often obtained from an official source, such as a book, an exam preparation website, or an instructor's guide.

**Education Articles:** Education articles discuss different aspects of learning, teaching, and assessment. They cover topics such as new teaching methods, curriculum development, special education, assessment strategies, educational psychology, classroom management, and more. They can also provide insight into issues such as parent engagement and the challenges facing the education system.

**Articles:** Art articles focus on the artistic aspects of various topics such as cultures, history, literature, film, music, visual art, and more. They can provide insight on contemporary or historical art movements, highlight creative works, provide commentary on certain art forms or trends, or discuss art criticism or theory.

## **Adobe Customer Journey Analytics Business Practitioner Professional Sample Questions (Q24-Q29):**

### **NEW QUESTION # 24**

An insurance organization wants a histogram chart on the number of times its customers have connected to its agents through website, mobile app or phone calls in the last 7 days.

The histogram should display the number of customers who tried to reach agents less than 3 times, 3-6 times, 6-9 times, and more than 9 times. As a CJA business practitioner you have created a calculated metric to add agent contact events. You now plan to add this calculated metric to histogram with Person as 'counting method'.

What could be the possible reason for this approach to be invalid?

Response:

- A. Histogram supports only Event as counting method and not Person
- **B. Histogram supports only standard metrics and not calculated metrics.**
- C. Histogram supports standard bucket size of 5 or 10 and not 3
- D. Histogram does not support grouping by custom dimensions

**Answer: B**
