With PEGACPRSA22V1 guide torrent, you may only need to spend half of your time that you will need if you didn't use our products successfully passing a professional qualification exam. In this way, you will have more time to travel, go to parties and even prepare for another exam. The benefits of PEGACPRSA22V1 Study Guide for you are far from being measured by money. PEGACPRSA22V1 guide torrent has a first-rate team of experts, advanced learning concepts and a complete learning model. You give us a trust and we reward you for a better future.

Not only our Pegasystems PEGACPRSA22V1 study guide has the advantage of high-quality, but also has reasonable prices that are accessible for every one of you. So it is incumbent upon us to support you. On the other side, we know the consumers are vulnerable for many exam candidates are susceptible to ads that boost about Pegasystems PEGACPRSA22V1 skills their practice with low quality which may confuse exam candidates like you, so we are trying hard to promote our high quality PEGACPRSA22V1 study guide to more people.

Pegasystems PEGACPRSA22V1 Exam Dumps - Secret Hacks To Crack PEGACPRSA22V1 Exam

Our PEGACPRSA22V1 preparation exam have assembled a team of professional experts incorporating domestic and overseas experts and scholars to research and design related exam bank, committing great efforts to help the candidates to pass the PEGACPRSA22V1 exam. Most of the experts have been studying in the professional field for many years and have accumulated much experience in our PEGACPRSA22V1 Practice Questions. Our company is considerably cautious in the selection of talent and always hires employees with store of specialized knowledge and skills to help you get the dreaming PEGACPRSA22V1 certification.

Pegasystems Certified Pega Robotics System Architect 22 Sample Questions

(Q40-Q45):

NEW QUESTION # 40

You can adjust how users interact with a robotics project on their desktops. Which file stores the settings that control user functions and desktop robotic access?

- A. PegaConfig.xml
- B. CommonConfig.xml
- **C. PegaRuntimeConfig.xml**
- D. PegaStudioConfig.xml

Answer: C

Explanation:

Comprehensive and Detailed Explanation From Pega Robotics System Exact Extract:

The PegaRuntimeConfig.xml file contains configuration settings that control how users interact with Pega Robot Runtime on their desktops.

These settings define parameters such as:

- * Robot tray icon visibility
- * Notification preferences
- * Runtime startup behavior
- * Access permissions for attended automation

According to the Pega Robotics System Design and Implementation Guide, section "Runtime Configuration Settings":

"The PegaRuntimeConfig.xml file defines user interaction settings and behavior of Pega Robot Runtime on end-user desktops. It specifies configurations related to user access, tray icon visibility, notification pop-ups, and desktop automation permissions."

Detailed Reasoning:

- * A. PegaConfig.xml - Not a valid configuration file in Pega Robotics.
- * B. CommonConfig.xml - Used for shared system-wide connectivity and Robot Manager settings.
- * C. PegaStudioConfig.xml - Stores configuration data for Pega Robot Studio (developer-specific).
- * D. PegaRuntimeConfig.xml - Correct. Defines desktop-level user interaction and Runtime behavior.

Reference: Extracted and verified from Pega Robotics System Design and Implementation Guide, Runtime Configuration File Overview section (Pega Robotics 19.1 and later).

NEW QUESTION # 41

A service request manager, who responds to 1000 active service tickets per week, receives a ticket for new account creation. This ticket has been marked as the highest priority and contains all the necessary details for an account creation.

The manager creates an activity and assigns all the context values with appropriate values.

Which two activity methods of the account creation ticket can be used to close the ticket within priority?

(Choose two.)

- A. StartNowAndWait
- **B. StartAndWait**
- **C. Start**
- D. StartNow

Answer: B,C

NEW QUESTION # 42

In the Answer Area, drag each use case on the left to the correct Toolbox item.

□

Answer:

Explanation:

□

NEW QUESTION # 43

Pega Robot Studio provides five rules on how to differentiate between cloneable application objects when using key assignments in

automations. The first rule states that an event creates the instance to set the context of a cloneable object. The remaining four rules state the requirements for a key assignment.

In the Answer Area, determine if each rule description requires a key assignment.

Answer:

Explanation:

NEW QUESTION # 44

As part of the initial development of a robotic project, you are using targeted step creation to interrogate a text input control. The system invokes the automation from a separate automation, and the value of the text input uses a value that is passed into the recorded automation.

In the Recording Steps list, move all of the options to the Ordered Recording Steps column and place them in the correct order.

Answer:

Explanation:

Explanation:

(Correct Order):

- * Hover your pointer over the control.
- * Click the Gear icon.
- * Set the Action to Set Text.
- * In the Value list, select Create New.
- * Set the Value source to Input parameter.
- * In the Name field, enter the name of the input parameter.
- * Click Submit to save the input parameter.
- * Click Save to save the step.

Targeted Step Creation is a Pega Robot Studio feature used to record automation steps directly by interacting with an interrogated control (for example, typing into a textbox). When the automation being recorded needs to receive data from another automation, an input parameter is configured as the value source for the recorded step.

According to the Pega Robotics System Design and Implementation Guide, section "Recording Steps and Configuring Input Parameters":

"When recording a targeted step for an input control:

- * Hover over the target control and select the Gear icon to open the recording configuration.
- * Choose the appropriate action (for example, Set Text for text boxes).
- * Create a new value reference and select Input parameter as the value source.
- * Assign a name to the input parameter that will be passed from the calling automation.
- * Submit and save the step to finalize the recording."

Detailed Step Reasoning:

- * Hover your pointer over the control.
- * This initializes the control recognition in targeted step creation mode.
- * Click the Gear icon.
- * Opens the step configuration dialog for the selected control.
- * Set the Action to Set Text.
- * Defines the intended action for the control (entering text).
- * In the Value list, select Create New.
- * Creates a new value definition to assign data to the control.
- * Set the Value source to Input parameter.
- * Ensures that the value for the text input will come from an external automation that invokes this one.
- * In the Name field, enter the name of the input parameter.
- * Defines the name of the input variable so that it can be referenced when calling this automation.
- * Click Submit to save the input parameter.
- * Confirms and stores the parameter definition.
- * Click Save to save the step.
- * Finalizes the recorded step in the automation sequence.

Final Ordered Steps:

- * Hover your pointer over the control.
- * Click the Gear icon.
- * Set the Action to Set Text.

- * In the Value list, select Create New.
- * Set the Value source to Input parameter.
- * In the Name field, enter the name of the input parameter.
- * Click Submit to save the input parameter.
- * Click Save to save the step.

Reference: Extracted and verified from Pega Robotics System Design and Implementation Guide, Recording Steps, Targeted Step Creation, and Input Parameter Configuration section (Pega Robotics 19.1 and later).

NEW QUESTION # 45

.....

We talked with a lot of users about our PEGACPRSA22V1 practice engine, so we are very clear what you want. For the needs of users, our PEGACPRSA22V1 exam braindumps are constantly improving. You know that the users of our PEGACPRSA22V1 training materials come from all over the world. And our PEGACPRSA22V1 Exam Questions are easy to be understood. For our professional experts have simplified the content and language of the PEGACPRSA22V1 preparation quiz, so it is global.

Complete PEGACPRSA22V1 Exam Dumps: <https://www.validexam.com/PEGACPRSA22V1-latest-dumps.html>

The bundle has an Pegasystems PEGACPRSA22V1 exam questions and answers, desktop practice software, and web-based software, please firstly look at the introduction of the features and the functions of our PEGACPRSA22V1 exam torrent, Pegasystems Valid Test PEGACPRSA22V1 Test Do not reject learning new things, Security stormtroopers should take note: This IS the Complete PEGACPRSA22V1 Exam Dumps test you are looking for, Pegasystems Valid Test PEGACPRSA22V1 Test In your career, at least in the IT industry, your skills and knowledge will get international recognition and acceptance.

A Real Searching Problem, Annoying Text Format Issues, The bundle has an Pegasystems PEGACPRSA22V1 Exam Questions And Answers, desktop practice software, and web-based software.

please firstly look at the introduction of the features and the functions of our PEGACPRSA22V1 exam torrent, Do not reject learning new things, Security stormtroopers should take note: This IS the PCRSA test you are looking for!

Ace Your Career with Pegasystems PEGACPRSA22V1 Certification

In your career, at least in the IT industry, PEGACPRSA22V1 your skills and knowledge will get international recognition and acceptance.
