Salesforce Certified Marketing Cloud Email Specialist Sample Questions (Q139-Q144):

NEW QUESTION # 139

A marketing team uses email templates as a means to create a consistent style guide. The team has recently updated the primary template to coincide with company-wide rebranding; however, content approvers are reporting they are not seeing the new changes reflected.

Which step needs to be completed?

- A. 'Update Email Now' needs to be applied to each email.
- B. The template must be approved before updates are reflected.
- C. The email must be recreated using the updated template.

Answer: A

Explanation:

When a template is updated, the changes are not automatically applied to emails that were created before the update. To reflect the new changes, the 'Update Email Now' action needs to be applied to each email created from the template. This ensures that the content and style in the emails are consistent with the updated template. Reference:Salesforce Marketing Cloud Documentation

NEW QUESTION # 140

Northern Trail Outfitters (NTO) wants to improve the accessibility of its email design. Which best practice should NTO employ?

- A. Reduce line spacing to fit more content on the screen and reduce scrolling.
- B. Remove role="presentation" from layout tables to support assistive technologies.
- C. Increase the font size (over 16pt) to make the content easier to read.

Answer: C

Explanation:

To improve email accessibility, increasing the font size to over 16pt is a best practice as it makes the content easier to read, especially for people with visual impairments. Larger font sizes enhance readability and ensure that the email content is accessible to a broader audience. This practice aligns with accessibility guidelines and helps create a more inclusive email design.

NEW QUESTION # 141

Northern Trail Outfitters (NTO) notices a larger than normal drop in engagement and a spike in unsubscribes after its sales team added a newsletter that is sent three times a week, in addition to the normal commercial marketing messages sent throughout the week.

Which action should be taken to reduce the number of unsubscribes and increase engagement for NTO's program?

- A. Focus on action-driven subject lines.
- B. Add complementary SMS campaigns.
- C. Create more focused segmented lists for messaging.

Answer: C

Explanation:

To reduce the number of unsubscribes and increase engagement, Northern Trail Outfitters should consider creating more focused and segmented lists for messaging. By segmenting their audience based on preferences, behavior, and demographics, they can send more relevant and personalized content. This targeted approach can improve engagement rates and reduce the likelihood of recipients feeling overwhelmed by frequent emails.

NEW QUESTION # 142

Northern Trail Outfitters (NTO) sends a birthday coupon during the subscriber's birthday month. NTO wants to reward the subscriber based upon engagement with the email and provide further messages based on that interaction.

Which no-code features should be implemented to accomplish this?

- A. Automation studio and Query Activity
- B. Salesforce CDP and Einstein Engagement Scoring
- C. Journey Builder and Engagement Split

Answer: C

Explanation:

Journey Builder and Engagement Split in Salesforce Marketing Cloud allow marketers to create sophisticated, no-code workflows that react to subscriber engagement. Engagement Split is a feature within Journey Builder that enables path branching based on actions taken by the subscriber, such as opens, clicks, or other interactions. This approach aligns with Salesforce Marketing Cloud's emphasis on personalized customer journeys and is well-supported by their documentation on Journey Builder and Engagement Splits.

NEW QUESTION # 143

Northern Trail Outfitters imports an encrypted file of its subscribers' favorite colors.

Which automation activity and configuration setting should be used for import to a data extension?

- **A. Manage Files in File Transfer.**
- B. Specify character encoding in import file.
- C. Configure Field-Level Encryption in import file.

Answer: A

Explanation:

When importing an encrypted file, the first step is to decrypt the file using the File Transfer activity in Salesforce Marketing Cloud. The Manage Files option within File Transfer allows you to configure and automate the decryption process before importing the data into a data extension.
