HOT Practice 156-536 Tests 100% Pass | High-quality CheckPoint Check Point Certified Harmony Endpoint Specialist - R81.20 (CCES) Certification Exam Pass for sure

Our 156-536 test prep embrace latest information, up-to-date knowledge and fresh ideas, encouraging the practice of thinking out of box rather than treading the same old path following a beaten track. As the industry has been developing more rapidly, our 156-536 exam dumps have to be updated at irregular intervals in case of keeping pace with changes. To give you a better using environment, our experts have specialized in the technology with the system upgraded to offer you the latest 156-536 Exam practices. What's more, we won't charge you in one-year cooperation; if you are pleased with it, we may have further cooperation. We will inform you of the latest preferential activities about our 156-536 test braindumps to express our gratitude towards your trust.

CheckPoint Check Point Certified Harmony Endpoint Specialist - R81.20 (CCES) Sample Questions (Q92-Q97):

NEW QUESTION # 92

One of the Data Security Software Capability protections included in the Harmony Endpoint solution is

- A. Memory Encryption
- B. Remote Access VPN
- C. Data Leak Firewall
- D. Dynamic Data Protection

Answer: C

NEW QUESTION # 93

What information does the Endpoint Client provide end users?

- A. Overview summary of the protections deployed on the machines and the status of each protection.
- B. Overview summary of traffic logs.
- C. Overview summary of security breaches.
- D. Overview summary of all machines and their status.

Answer: A

NEW QUESTION # 94

How often does the AD scanner poll the server database for the current configuration settings?

- A. Every 150 minutes
- B. Every 120 minutes
- C. Every 60 minutes
- D. Every 30 minutes

Answer: C

NEW QUESTION # 95

What is the default encryption algorithm in the Full Disk Encryption tab under Advanced Settings?

- A. AES-CBC 128 bit
- B. AES-CBC 256 bit
- C. XTS-AES 128 bit
- D. XTS-AES 256 bit

Answer: D

Explanation:

The default encryption algorithm for Full Disk Encryption (FDE) in Check Point Harmony Endpoint, as configured in the Advanced Settings tab, is XTS-AES 256 bit. This is explicitly stated in the CP_R81.

20_Harmony_Endpoint_Server_AdminGuide.pdf on page 221, under the "Custom Disk Encryption Settings" section:
"The default encryption algorithm is XTS-AES 256 bit."

This extract confirms that Option C is correct. The document further notes that administrators can choose between XTS-AES 256 bit

and XTS-AES 128 bit, but 256 bit is the default, reflecting a preference for stronger encryption. XTS (XEX-based tweaked-codebook mode with ciphertext stealing) is specifically designed for disk encryption, providing better security than CBC (Cipher Block Chaining) modes.

* Option A ("AES-CBC 128 bit") and Option B ("AES-CBC 256 bit") are incorrect because FDE uses XTS mode, not CBC, which is less suited for disk encryption due to its vulnerabilities in this context.

* Option D ("XTS-AES 128 bit") is a configurable option but not the default, as the guide specifies 256 bit as the standard setting.

References:

CP_R81.20_Harmony_Endpoint_Server_AdminGuide.pdf, Page 221: "Custom Disk Encryption Settings" (confirms XTS-AES 256 bit as the default algorithm).

NEW QUESTION # 96

Which User Roles are on the Endpoint Security Management Server for On-Premises servers?

- A. Super Admin, Read-Write All, Read-Only
- B. Primary Administrator and Read-Only
- C. Super Admin, Primary Administrator, User Admin, Read-Only
- D. Admin and Read-Only

Answer: D

Explanation:

On-premises servers have only two user roles: "Admin" & "Read-only".

These are the roles:

Admin - Full Read & Write access to all system aspects.

Read-Only User - Has access to all system aspects, but cannot make any changes.

NEW QUESTION # 97

.....

Just the same as the free demo, we have provided three kinds of versions of our 156-536 preparation exam, among which the PDF version is the most popular one. It is understandable that many people give their priority to use paper-based materials rather than learning on computers, and it is quite clear that the PDF version is convenient for our customers to read and print the contents in our 156-536 Study Guide. After printing, you not only can bring the study materials with you wherever you go, but also can make notes on the paper at your liberty. Do not wait and hesitate any longer, your time is precious!
