College Admission Armed Services Vocational Aptitude Battery (ASVAB)

Sample Questions (Q973-Q978):

NEW QUESTION # 973

Genetics is a branch of science dealing with heredity. The field is concerned with how genes operate and the way genes are transmitted to offspring. Subdivisions in the field include cytogenetics, which is the study of the cellular basis of inheritance; microbial genetics, the study of inheritance in microbes; molecular genetics, the study of the biochemical foundation of inheritance; and human genetics, the study of how people inherit traits that are medically and socially important. Genetic counselors are primarily concerned with human genetics. They advise couples and families on the chances of their offspring having specific genetic defects.

According to the passage above, it's reasonable to assume that genetic counseling:

- A. is restricted to the very rich
- B. is used to diagnose diseases
- C. can be used by parents to learn if their offspring are likely to inherit a disease one of the parents has
- D. can be used by parents to prevent their offspring from inheriting a specific genetic defect

Answer: C

NEW QUESTION # 974

What's the volume of a box measuring 12- inches long by 8-inches deep by 10-inches high?

- A. 42 cubic inches
- B. 128 cubic inches
- C. 288 cubic inches
- D. 960 cubic inches

Answer: D

Explanation:

Volume equals length times width times height ($V=lwh$). $12 \times 8 \times 10 = 960$ cubic inches

NEW QUESTION # 975

Due process, the guarantee of fairness in the administration of justice, is part of the 5th Amendment to the U. S. Constitution. The 14th Amendment further requires states to abide by due process. After this amendment was enacted, the U.S. Supreme Court struck down many state laws that infringed on the civil rights guaranteed to citizens in the Bill of Rights.

According to the above passage, it's reasonable to assume that the 5th Amendment:

- A. is about taxes
- B. guarantees due process in all criminal and civil cases
- C. guarantees due process in federal law
- D. should never have become part of the Bill of Rights

Answer: C

Explanation:

Because the 14th Amendment guarantees due process in states' laws, the 5th Amendment must guarantee due process only in federal law. Nothing in the passage implies that the 5th Amendment is about taxes, so Choice A is wrong. Because the passage states that the 14th Amendment had to be enacted to require states to abide by due process, Choice B is incorrect. Choice D is neither stated nor implied in the passage.

NEW QUESTION # 976

If an object is in equilibrium, it is said to be

- A. moving.
- B. at rest or moving at a constant speed and in a straight line.
- C. at rest.
- D. moving upward only.

Answer: B

Explanation:

An object in equilibrium may or may not be at rest. If two or more forces act, their effects may eliminate each other. When this condition of equilibrium is reached, there is no net force and the velocity does not change. Equilibrium is reached when the object is at rest or moving at a constant speed and in a straight line

NEW QUESTION # 977

How many pounds of nails costing \$7 per pound must be mixed with 6 pounds of nails costing \$3 per pound to yield a mixture costing \$4 per pound?

- A. 3 pounds
- B. 3.5 pounds
- C. 2.5 pounds
- **D. 2 pounds**

Answer: D

Explanation:

Let x = number of nails costing \$7 per pound. The total cost of the mixture equals the sum of the cost for each type of nail or $M=A+B$, where $A= 7x$, $B= 3(6)$, and $M= 4(6+x)$. Substitute the known values into the equation. $4(6+x) = 7x+ 18$.

$$24 + 4x = 7x + 18$$

$$24 - 18 = 7x - 4x$$

$$3x = 6$$

$$x = 2$$
