New CMMC-CCP Exam Test | CMMC-CCP Reliable Practice Questions

---

CMMC CCP Practice Exam Qs with correct answers

Where do you document a CUI Asset? Correct Answer-Document in Asset Inventory

Document in SSP

Document in Network Diagram

What impact level is required when storing CUI? Correct Answer-IL4

What contract clause is used for CMMC L1? Correct Answer-FAR 52.204-21 (17 practices in total)

What are the three levels of FedRAMP? Correct Answer-Low

Moderate

High

What is reciprocity? Correct Answer-Privileges granted by one organization to another for mutual benefit.

What is an Assessment Objective? Correct Answer-Identify the specific items being assessed and can include specifications, mechanism, activities, and individuals to receive MET for the practice as defined in NIST SP 800-171A

Means to gain detailed insight about practices implemented in and by the OSC and how those practices are performed

What are the six components of a CMMC practice? Correct Answer-1. Identifier and Practice Statement

What's more, part of that Exams-boost CMMC-CCP dumps now are free: https://drive.google.com/open?id=1c54qEDGyGK34MPAY8TBhBhET7DXgvLE7

We provide online customer service to the customers for 24 hours per day and we provide professional personnel to assist the client in the long distance online. If you have any questions and doubts about the Certified CMMC Professional (CCP) Exam guide torrent we provide before or after the sale, you can contact us and we will send the customer service and the professional personnel to help you solve your issue about using CMMC-CCP Exam Materials. If the clients have any problems or doubts about our CMMC-CCP exam materials you can contact us by sending mails or contact us online and we will reply and solve the client's problems as quickly as we can.

Cyber AB CMMC-CCP Exam Syllabus Topics:

Topic	Details
Topic 1	• CMMC Assessment Process (CAP): This section of the exam measures the planning and execution skills of audit and assessment professionals, covering the end-to-end CMMC Assessment Process. This includes planning, executing, documenting, reporting assessments, and managing Plans of Action and Milestones (POA&M) in alignment with DoD and CMMC-AB methodology.

Topic 2	• Scoping: This section of the exam measures the analytical skills of cybersecurity practitioners, highlighting their ability to properly define assessment scope. Candidates must demonstrate knowledge of identifying and classifying Controlled Unclassified Information (CUI) assets, recognizing the difference between in-scope, out-of-scope, and specialized assets, and applying logical and physical separation techniques to determine accurate scoping for assessments
Topic 3	• CMMC Ecosystem: This section of the exam measures the skills of consultants and compliance professionals and focuses on the different roles and responsibilities across the CMMC ecosystem. Candidates must understand the functions of entities such as the Department of Defense, CMMC-AB, Organizations Seeking Certification, Registered Practitioners, and Certified CMMC Professionals, as well as how the ecosystem supports cybersecurity standards and certification.
Topic 4	• CMMC Governance and Source Documents: This section of the exam measures the capabilities of legal or compliance advisors, covering key regulatory frameworks that govern cybersecurity compliance. Topics include Federal Contract Information, Controlled Unclassified Information, the role of NIST SP 800-171, DFARS, FAR, and the structure and requirements of CMMC v2.0, including self-assessments and certification levels.
Topic 5	• CMMC-AB Code of Professional Conduct (Ethics): This section of the exam measures the integrity of cybersecurity professionals by evaluating their understanding of the CMMC-AB Code of Professional Conduct. It emphasizes ethical responsibilities, including confidentiality, objectivity, professionalism, conflict-of-interest avoidance, and respect for intellectual property, ensuring candidates can uphold ethical standards throughout their CMMC-related duties.

CMMC-CCP Reliable Practice Questions - Exam Sample CMMC-CCP Questions

In order to show you how efficient our CMMC-CCP exam dump is, we allow you to download a demo version for free! You will have a chance to peak into the program and then make your final purchase decision. We are absolutely sure that once you see what's inside, you will buy it immediately without any hesitation! CMMC-CCP Exam Dump also provide customer service, in case you have any inquiry or question, our professional Customer Support will be available for you 24/7. 365 days a Year.

Cyber AB Certified CMMC Professional (CCP) Exam Sample Questions (Q33-Q38):

NEW QUESTION # 33
A C3PAO is conducting High Level Scoping for an OSC that requested an assessment Which term describes the people, processes, and technology that will be applied to the contract who are requesting a CMMC Level assessment?

- A. Branch Office
- B. Coordinating Unit
- C. Host Unit
- D. Supporting Organization/Units

Answer: C

Explanation:
Understanding High-Level Scoping in a CMMC AssessmentDuringHigh-Level Scoping, aCertified Third- Party Assessment Organization (C3PAO)determines thepeople, processes, and technologythat are within scope for theCMMC Level 1 or Level 2 assessment.
Supporting Organization/Unitsrefer to thespecific groups, departments, or teamsthat handleControlled Unclassified Information (CUI)orFederal Contract Information (FCI)and are responsible for applyingCMMC security practices.
These units aredirectly involved in the contract's executionand are included in the CMMC assessment scope.
Key Term: Supporting Organization/Units
A). Host Unit # Incorrect

This term is not used in CMMC assessment scoping.

B). Branch Office # Incorrect

A branch office may or may not be in scope; scoping is based on whether the unit handles CUI or FCI, not its physical location.

C). Coordinating Unit # Incorrect

No official CMMC term refers to a "Coordinating Unit."

D). Supporting Organization/Units # Correct

This term correctly describes the entities that apply security controls for the contract and are within the CMMC assessment scope.

Why is the Correct Answer "D. Supporting Organization/Units"?

CMMC Scoping Guidance for Level 1 & Level 2 Assessments

Defines Supporting Organization/Units as in-scope entities responsible for implementing cybersecurity controls.

CMMC Assessment Process (CAP) Document

Specifies that the C3PAO must identify and document the units responsible for security compliance.

DoD CMMC 2.0 Guidance on Scoping

Requires the assessment team to define the people, processes, and technology that fall within the scope of the assessment.

CMMC 2.0 References Supporting This Answer.

NEW QUESTION # 34

While developing an assessment plan for an OSC. it is discovered that the certified assessor will be interviewing a former college roommate. What is the MOST correct action to take?

- A. Inform the OSC and the C3PAO of the possible conflict of interest, and start the entire process over without the conflicted team member.
- B. Inform the OSC and the C3PAO of the possible conflict of interest, document the conflict and mitigation actions in the assessment plan, and if the mitigation actions are acceptable, continue with the assessment.
- C. Inform the OSC and the C3PAO of the possible conflict of interest but since it has been an acceptable amount of time since college, no conflict of interest exists, and continue as planned.
- D. Do not inform the OSC and the C3PAO of the possible conflict of interest, and continue as planned.

Answer: B

Explanation:

The Cybersecurity Maturity Model Certification (CMMC) Assessment Process (CAP) outlines strict guidelines regarding conflicts of interest (COI) to ensure the integrity and impartiality of assessments conducted by Certified Third-Party Assessment Organizations (C3PAOs) and Certified Assessors (CAs).

The scenario presented involves a potential conflict of interest due to a prior relationship (former college roommate) between the certified assessor and an individual at the Organization Seeking Certification (OSC)

. While this prior relationship does not automatically disqualify the assessor, it must be disclosed, documented, and mitigated appropriately.

* Inform the OSC and C3PAO of the Potential Conflict of Interest

* The CMMC Code of Professional Conduct (CoPC) requires assessors to disclose any potential conflicts of interest.

* Transparency ensures that all parties, including the OSC and C3PAO, are aware of the situation.

* Document the Conflict and Mitigation Actions in the Assessment Plan

* Per CMMC CAP documentation, potential conflicts should be assessed based on their material impact on the objectivity of the assessment.

* The conflict and proposed mitigation strategies must be formally recorded in the assessment plan to provide an audit trail.

* Determine If the Mitigation Actions Are Acceptable

* If the OSC and C3PAO determine that the mitigation actions adequately eliminate or reduce the risk of bias, the assessment may proceed.

* Common mitigation strategies include:

* Assigning another assessor for interviews with the conflicted individual.

* Ensuring that decisions regarding the OSC's compliance are reviewed independently.

* Proceed with the Assessment If Mitigation Is Acceptable

* If the mitigation actions sufficiently address the conflict, the assessment may continue under strict adherence to documented procedures.

CMMC Conflict of Interest Handling Process

* A. Do not inform the OSC and the C3PAO of the possible conflict of interest, and continue as planned.#Incorrect. This violates CMMC's integrity requirements and could result in disciplinary actions against the assessor or invalidation of the assessment. Transparency is mandatory.

* B. Inform the OSC and the C3PAO of the possible conflict of interest, and start the entire process over without the conflicted team member.#Incorrect. The CAP does not mandate immediate reassignment unless the conflict is unresolvable. Instead, mitigation

strategies should be considered first.

* C. Inform the OSC and the C3PAO of the possible conflict of interest but since it has been an acceptable amount of time since college, no conflict of interest exists, and continue as planned.

#Incorrect.The passage of time alone does not automatically eliminate a conflict of interest. Proper documentation and mitigation are still required.

Why the Other Answers Are Incorrect

* CMMC Assessment Process (CAP) Document- Defines COI requirements and mitigation actions.
* CMMC Code of Professional Conduct (CoPC)- Outlines ethical responsibilities of assessors.
* CMMC Accreditation Body (Cyber-AB) Guidance- Provides rules on conflict resolution.

CMMC Official ReferencesThus,option D is the most correct choice, as it aligns with the official CMMC conflict of interest procedures.

NEW QUESTION # 35

An Assessment Team is reviewing a practice that is documented and being checked monthly. When reviewing the logs, the practice is only being completed quarterly. During the interviews, the team members say they perform the practice monthly but only document quarterly. Is this sufficient to pass the practice?

- A. Yes. the interview process is enough to pass a practice.
- B. No, the work is not being done as stated.
- C. Yes, the practice is being done as documented.
- D. No, all three assessment methods must be met to pass.

Answer: D

Explanation:

Understanding CMMC Assessment Requirements

* CMMC assessments usethree assessment methodsto verify compliance with security practices:
* Examine- Reviewing documentation, policies, logs, or records.
* Interview- Speaking with personnel to confirm understanding and execution.
* Test- Verifying through technical or operational means that the practice is being performed.

Assessment Findings in the Given Scenario

* Practice is documented as occurring monthly, but logs show quarterly execution.
* Interviews indicate monthly execution, but documentation does not support this claim.

Why the Organization Fails the Practice

* Answer A (Incorrect): The work is being performed, but documentation is lacking, so the failure is not purely due to missing execution.
* Answer B (Incorrect): The documented frequency does not match the evidence in logs, so the practice is not being done asfully documented.
* Answer C (Correct):CMMC requires all three assessment methods (Examine, Interview, Test) to align. Since logs contradict the stated frequency, the practicefailscompliance.
* Answer D (Incorrect): Interview responses alone are not enough. The CMMCCAP GuideandNIST SP 800-171Arequire corroboration with logs (Examine) and technical verification (Test).

Conclusion

* The correct answer isC: To pass a practice, the organization mustprovide evidence across all three assessment methods.

NEW QUESTION # 36

A Lead Assessor is presenting an assessment kickoff and opening briefing. What topic MUST be included?

- A. Examination of the artifacts for sufficiency
- B. Review of the OSC's SSP
- C. Gathering evidence
- D. Overview of the assessment process

Answer: D

Explanation:
What is Required in the CMMC Assessment Kickoff and Opening Briefing?Before starting aCMMC assessment, theLead Assessormust present anopening briefingto ensure that theOrganization Seeking Certification (OSC)understands the assessment process.
Step-by-Step Breakdown:#1. Overview of the Assessment Process
* The Lead Assessormust explain the CMMC assessment methodology, including:
* Theassessment objectives and scope
* How theassessment teamwill review security controls
* What to expectduring interviews, testing, and document review
* This ensurestransparency and alignmentbetween the assessors and the OSC.
#2. Why the Other Answer Choices Are Incorrect:
* (A) Gathering Evidence#
* Evidence collection is part of the assessment butnot the primary topic of the opening briefing.
* (B) Review of the OSC's SSP#
* While theSSP is a key document, reviewing it is part of the assessment,not the kickoff briefing.
* (D) Examination of the artifacts for sufficiency#
* Artifact review happens laterin the assessment process,not during the kickoff.
* TheCMMC Assessment Process Guidestates that theopening briefing must include an overview of the assessment process, ensuring the OSC understands the expectations and methodology.
Final Validation fromCMMC Documentation:Thus, the correct answer is:
#C. Overview of the assessment process.

NEW QUESTION # 37

In CMMC High-Level scoping, which definition BEST describes an HQ organization?

* A. The unit to which a CMMC Level is applied for each contract
* B. The entity that carries out the tasks under a contract
* C. The teams, services, and technologies that provide support to a Host Unit
* D. The entity legally responsible for the delivery of products or services under a contract

Answer: D

Explanation:
In CMMC scoping terminology, an HQ Organization is the entity legally responsible for contract performance and delivery of products or services.
Supporting Extracts fromOfficial Content:
* CMMC Scoping Guide: "HQ Organization is the legal entity responsible for the performance and delivery of contract requirements." Why Option D is Correct:
* The HQ Org is legally accountable, while Host Units (option A/B) are subordinate entities.
* Option C refers to shared services, not the HQ.
References (Official CMMC v2.0 Content):
* CMMC Scoping Guide, High-Level Scoping Definitions.
