MC-101최신 시험 최신 덤프자료 100% 유효한인증시험자료

Itexamdump의 Salesforce인증 MC-101덤프는 거의 모든 실제시험문제 범위를 커버하고 있습니다.Salesforce인증 MC-101시험덤프를 구매하여 덤프문제로 시험에서 불합격성적표를 받을시Itexamdump에서는 덤프비용 전액 환불을 약속드립니다.

최신 Salesforce Marketers MC-101 무료샘플문제 (Q102-Q107):

질문 # 102

A marketing associate is tasked with making changes to an existing journey by reordering the emails it contains. How should the associate meet this requirement?

- A. Copy the existing journey.
- B. Create a new journey version.
- C. Create a new journey.

정답: B

설명:

When a marketing associate needs to make changes to an existing journey in Salesforce Marketing Cloud, such as reordering the emails it contains, the recommended approach is to create a new version of the journey.

This feature allows for modifications to be made while preserving the original journey structure and performance data. Creating a new journey version enables the associate to make necessary adjustments, test the changes, and then activate the new version without disrupting the existing journey's flow or performance.

This method ensures a smooth transition and allows for comparison between different journey versions, facilitating continuous improvement and optimization.

References: Salesforce Marketing Cloud's Journey Builder documentation provides guidance on managing journey versions, including how to create new versions to implement changes or test new configurations within an existing journey framework.

질문 # 103

. Northern Trail Outfitters (NTO) sends promotional emails with varying sender names and addresses based on the nearest store location to each subscriber. This feature has been scripted by NTO's Marketing Cloud Engagement developer. Each time a marketing associate sends out an email, they need to ensure this feature is activated.

Which setting in the email send flow controls this?

- A. Sender Profile
- B. Delivery Profile
- C. From Address Management

정답: A

설명:

In Salesforce Marketing Cloud Engagement, the Sender Profile setting within the email send flow controls the sender's name and email address that recipients see. For Northern Trail Outfitters (NTO), which uses varying sender names and addresses based on the nearest store location to each subscriber, the Sender Profile is crucial. It can be scripted or configured to dynamically change based on specific criteria, such as subscriber location, to personalize the sender information for each email send.

By ensuring the correct Sender Profile is selected or the appropriate script is included in the Sender Profile, marketing associates can activate this personalized feature for each email campaign, enhancing the relevance and personalization of their communications.

References: Salesforce Marketing Cloud documentation on email sending configurations provides detailed guidance on setting up and using Sender Profiles, including how to incorporate dynamic content and scripts to personalize sender information.

질문 # 104

A marketing associate has a list of contacts that needs to be imported into a data extension from a text file.

Which type of data extension should the associate use to complete this task?

- A. Standard data extension
- B. Filtered data extension
- C. Random data extension

정답: A

설명:

When a marketing associate needs to import a list of contacts from a text file into Salesforce Marketing Cloud, the most suitable type of data extension to use is a Standard Data Extension. Standard Data Extensions are versatile and can easily accommodate data imported from various sources, including text files. They allow for the creation of custom fields that can match the structure of the imported data, ensuring that all relevant information from the text file is accurately captured and stored within Marketing Cloud. Standard Data Extensions are designed for scenarios where data needs to be imported and stored for segmentation, targeting, and personalization within marketing campaigns. They provide the flexibility to define the schema that matches the imported data and are the foundational element for managing customer data within the platform.

References: Salesforce Marketing Cloud documentation on data extensions provides comprehensive details on how to create and manage Standard Data Extensions, including the import of data from external sources like text files.

질문 # 105

What is used to identify unique member records?

- A. Foreign Key
- B. Subscriber Key
- C. Primary Key

정답: B

설명:

In Salesforce Marketing Cloud, the Subscriber Key is used to identify unique member records. The Subscriber Key is a unique identifier for each subscriber in the database, ensuring that each record is distinct. This key is crucial for tracking subscriber interactions and preferences across different channels and campaigns within Marketing Cloud, maintaining a unified view of the subscriber's engagement and history.

The use of a Subscriber Key enables marketers to maintain a consistent subscriber identity, even if other attributes such as email addresses change, ensuring accurate tracking and personalization.

References: Salesforce Marketing Cloud documentation on subscriber management explains the role and importance of the Subscriber Key in identifying and managing unique subscriber records within the platform.

질문 # 106

Management at Cloud Kicks is requesting to use their holiday-themed From Name when sending out sale messaging during the months of November and December. The name has already been added to the account.

Where should the associate configure this setting in the email send?

- A. Define Properties
- B. Review and Send
- C. Configure Delivery

정답: A

설명:

To use a holiday-themed From Name when sending out sale messaging during specific months, the associate should configure this setting in the "Define Properties" step of the email send process in Salesforce Marketing Cloud. This step allows for the customization of email properties such as the subject line, From Name, and From Email Address, enabling the associate to select the holiday-themed From Name that has been added to the account for the seasonal campaign.

질문 # 107

.....

Itexamdump에서 출시한 Salesforce MC-101덤프만 있으면 학원다닐 필요없이 시험패스 가능합니다. Salesforce MC-101덤프를 공부하여 시험에서 떨어지면 불합격성적표와 주문번호를 보내오시면 덤프비용을 환불해드립니다. 구 매전 데모를 받아 덤프문제를 체험해보세요. 데모도 pdf버전과 온라인버전으로 나뉘어져 있습니다. pdf버전과 온라인버전은 문제는 같은데 온라인버전은 pdf버전을 공부한후 실력테스트 가능한 프로그램입니다.
