# HP HPE7-J02 Practice Exams for Thorough Preparation

One of our outstanding advantages is our high passing rate, which has reached 99%, and much higher than the average pass rate among our peers. Our high passing rate explains why we are the top HPE7-J02 prep guide in our industry. One point does farm work one point harvest, depending on strength speech! The source of our confidence is our wonderful HPE7-J02 exam questions. Passing the exam won't be a problem as long as you keep practice with our HPE7-J02 Study Materials about 20 to 30 hours. Considered many of the candidates are too busy to review, our experts designed the HPE7-J02 question dumps in accord with actual examination questions, which would help you pass the exam with high proficiency.

The industry experts hired by HPE7-J02 exam materials are those who have been engaged in the research of HPE7-J02 exam for many years. They have a keen sense of smell in the direction of the exam. Therefore, they can make accurate predictions on the exam questions. Therefore, our study materials specifically introduce a mock examination function. With HPE7-J02 exam materials, you can not only feel the real exam environment, but also experience the difficulty of the exam. You can test your true level through simulated exams. At the same time, after repeated practice of HPE7-J02 study braindumps, I believe that you will feel familiar with these questions during the exam and you will feel that taking the exam is as easy as doing exercises in peace. According to our statistics on the data so far, the passing rate of the students who have purchased one exam exceeds 99%, which is enough to see that HPE7-J02 test guide is a high-quality product that can help you to realize your dream.

Quiz Authoritative HP - HPE7-J02 - New Study Advanced HPE Storage Integrator Solutions Written Exam Questions

We will try our best to solve your problems for you. I believe that you will be more inclined to choose a good service product, such as HPE7-J02 learning question. After all, everyone wants to be treated warmly and kindly, and hope to learn in a more pleasant mood. The authoritative, efficient, and thoughtful service of HPE7-J02 learning question will give you the best user experience, and you can also get what you want with our HPE7-J02 study materials. I hope our study materials can accompany you to pursue your dreams. If you can choose HPE7-J02 test guide, we will be very happy. We look forward to meeting you.

HP HPE7-J02 Exam Syllabus Topics:

Topic	Details
Topic 1	• Monitoring and Telemetry: This section examines the skills of Cloud Operations Specialists in using HPE or third-party management tools to monitor customer telemetry. Candidates must configure alerts, analyze logs, and evaluate reports to identify SLA trends, outages, and performance issues.
Topic 2	• Optimizing the Customer's Environment: This domain evaluates the skills of Optimization Specialists in identifying opportunities for improvement. Candidates will design and validate optimization plans that enhance customer environments, ensuring measurable performance and efficiency gains.

Topic 3	• HPE Storage Portfolio and Strategy: This domain measures the knowledge of Solution Advisors in positioning HPE's Storage portfolio within enterprise infrastructure. Candidates must understand HPE Storage hardware, procurement options, available tools, and the overarching storage strategy, including its relevance to enterprise-scale solutions.
Topic 4	• Remote Support Configuration: This small but important section tests the ability of System Administrators to configure HPE solutions for remote support, ensuring proactive monitoring and timely resolution of technical issues.
Topic 5	• Planning and Validating Storage Solutions: This section assesses the role of Storage Consultants in evaluating complex, multi-vendor environments. Candidates will demonstrate their ability to plan, size, and validate storage solutions tailored for enterprise workloads, ensuring proposals meet customer requirements effectively.
Topic 6	• Advanced Troubleshooting and Prevention: This section focuses on the ability of Support Engineers to identify root causes of issues and implement advanced preventive measures. It emphasizes building resilience in customer environments to minimize future disruptions.
Topic 7	• Storage Access and Data Protection: This part of the exam tests the expertise of Infrastructure Engineers in configuring storage access, provisioning capacity, and applying replication policies. It also covers disaster recovery validation and role-based access control to secure storage operations.
Topic 8	• Competitive Positioning of HPE Storage: This part of the exam focuses on the ability of Trusted Advisors to identify competitive opportunities for HPE Storage solutions. It requires articulating HPE's strengths in comparison to multi-vendor environments, customer needs, and market trends, helping customers make informed technology choices.

HP Advanced HPE Storage Integrator Solutions Written Exam Sample Questions (Q13-Q18):

NEW QUESTION # 13
A customer is replacing their HPE 3PAR 8200 Peer Persistence setup with Alletra 6000. In a recent audit, they were warned that the Quorum Witness VM was missing security updates.
How would you respond regarding the new setup?

- A. Quorum witness appliance can be set to automatically download and apply available updates.
- B. Quorum witness is deployed as a SaaS option, and security updates are applied automatically.
- C. Quorum witness appliance security patch updates follow the array release train updates.
- D. Quorum witness is installed as a service on a supported Linux server, which can be updated as needed.

Answer: B

Explanation:
Detailed Explanation:
Rationale for Correct Answer:
With Alletra and Primera Peer Persistence, the Quorum Witness is no longer a self-hosted VM. It is delivered as a cloud-based SaaS service managed by HPE. This eliminates customer responsibility for patching and ensures HPE automatically applies updates and security fixes. This resolves the audit concern.
Distractors:
A: Applies to older 3PAR environments, not Alletra/Primera.
C/D: Quorum Witness is no longer an appliance - it is SaaS managed, so these don't apply.
Key Concept: Alletra Quorum Witness is SaaS-managed, removing patching responsibility.
Reference: HPE Alletra Peer Persistence and Cloud Quorum Witness Guide.

NEW QUESTION # 14
Two HPE Alletra 6000 arrays are configured for peer persistence between datacenters A and B, which have a fiber distance of 50km (31mi). The datacenter B hardware will be relocated to a new location that will increase the fiber distance to 150km (93mi).

Which condition is valid once the relocation is finished?

- A. The peer persistence configuration is supported, when latency remains <10ms.
- B. The peer persistence setup needs to be changed to active peer persistence.
- C. The peer persistence replication links need to be changed to RC transport.
- D. The fiber distance exceeds the distance supported for peer persistence setup.

Answer: A

Explanation:
Detailed Explanation:
Rationale for Correct Answer:
HPE Peer Persistence is supported over distances of up to 150-200 km, as long as the round-trip latency is
#10ms. Therefore, even after relocation to 150km, Peer Persistence remains supported provided latency requirements are met.
Distractors:
B: RC (Remote Copy) transport is already the underlying technology, but no change is required.
C: Peer Persistence is already an active-active design; no change to "active" mode is needed.
D: Distance does not exceed the supported range; only latency matters.
Key Concept: Latency <10ms is the critical requirement for Peer Persistence.
Reference: HPE Alletra 6000/Primera Peer Persistence Best Practices.

NEW QUESTION # 15

A financial services company is planning to upgrade its data center infrastructure. Their considerations are:
Budget Management: Prefer one-time expense, avoid variable costs.
Flexibility: Growth planned in yearly budget cycles.
Ownership: Want to own equipment outright.
Operational Control: Full control of equipment lifecycle and customization.
Which procurement option best meets these needs?

- A. Capital lease
- B. Consumption model
- C. Operating lease
- D. Capital purchase

Answer: D

Explanation:
Detailed Explanation:
Rationale for Correct Answer:
The requirements align with a Capital Purchase - outright ownership with a one-time CapEx expense. This provides complete
lifecycle control and no ongoing payments, fitting the financial services company's budgeting and governance model.
Distractors:
A: Operating lease is OpEx, variable payments, and no ownership.
B: Capital lease provides eventual ownership but still requires periodic lease payments.
C: Consumption model (e.g., GreenLake) uses variable OpEx, opposite of the customer's request.
Key Concept: CapEx model = one-time purchase, ownership, full control.
Reference: HPE Financial Services Procurement Options Guide.

NEW QUESTION # 16

Which statement is correct when deploying an HPE Zerto DR solution where an Extended Journal Copy is required with a one-year
retention period?

- A. HPE Zerto supports a maximum of 30-day retention and cannot exceed this period.
- B. An additional license is required to enable the Extended Journal Copy feature.
- C. HPE Zerto integrates with HPE StoreOnce to enable long-term retention for Extended Journal Copies.
- D. Extended Journal Copies always come from the target site to avoid impact on the production site.

Answer: C

Explanation:

Detailed Explanation:

Rationale for Correct Answer:

Zerto Extended Journal allows retention up to one year by integrating with secondary storage like HPE StoreOnce. Short-term journals (seconds to days) reside on primary replication storage, while long-term copies (weeks/months/years) are offloaded to StoreOnce for cost-efficient retention.

Distractors:

A: No separate license is required - it is a standard Zerto feature when integrated.

C: Extended Journals can be sourced from production or target, depending on setup; not "always" target.

D: Incorrect - Zerto supports >30 days retention with Extended Journal.

Key Concept: Zerto + HPE StoreOnce for long-term DR retention.

Reference: HPE Zerto with StoreOnce White Paper.

NEW QUESTION # 17

Your new customer asks about HPE storage networking capabilities for multisite implementations.

Which statement about HPE's FCIP capabilities is correct?

- A. FCIP trunking provides both additional bandwidth and availability.
- B. Dedicated network links are required for data migration over FCIP.
- C. FCIP can be encrypted with no impact on performance.
- D. FCIP does not require multiple fabrics to ensure availability.

Answer: A

Explanation:

Detailed Explanation:

Rationale for Correct Answer:

In Brocade (HPE B-Series) SAN switches, FCIP trunking allows multiple IP circuits to be aggregated.

This increases bandwidth and provides resiliency (if one link fails, traffic continues over remaining paths). It is the correct statement regarding HPE's FCIP feature set.

Distractors:

B: High availability still requires redundant fabrics; FCIP trunking alone doesn't replace fabric design best practices.

C: FCIP can run over shared IP WANs; no need for dedicated links.

D: Encryption adds overhead; performance impact exists (although minimal with hardware offload).

Key Concept: FCIP trunking = bandwidth + availability for multisite SAN.

Reference: HPE B-Series SAN Networking FCIP Trunking Best Practices.

NEW QUESTION # 18

......

If you prepare HPE7-J02 real exam with our training materials, we guarantee your success in the first attempt. Our test engine enables you practice HPE7-J02 exam questions in the mode of the formal test and enjoy the atmosphere of the actual test. Our HPE7-J02 Practice Test is a way of exam simulation that will mark your mistakes and remind you when you practice dump next time.
