

# Latest PRINCE2 P3O-Foundation Practice test Material in Three Different Formats

PRINCE2 Foundation Practice Test

Jump to Question #

1. Which of the following is a principle of PRINCE2?

- A. Manage change
- B. Manage by stages
- C. Manage by tolerance
- D. Manage risk

Answer: B - Manage by stages is a principle of PRINCE2. A project will be broken down into a minimum of two stages.

Key takeaway: A PRINCE2 project must contain at least an initiation stage and one other stage. This ensures that there is a suitable decision point at the end of the first stage where the business case can be assessed.

2. Which of the following two roles sit on the project board?(1) Project manager(2) Executive(3) Senior user(4) Project assurance

- A. 1, 2
- B. 2, 3
- C. 1, 4
- D. 3, 4

Answer: B - The executive and the senior user. Together with the senior supplier, they make up the project board.

Key takeaway: As the project board is responsible for making decisions at a project level, it is important to ensure that all interests are represented. The executive represents the business, the senior user the user interest, and the senior supplier the supplier interest.

## P3O-Foundation Valid Exam Format & P3O-Foundation Vce Test Simulator

We have created a number of reports and learning functions for evaluating your proficiency for the P3O-Foundation exam dumps. In

preparation, you can optimize PRINCE2 P3O-Foundation practice exam time and question type by utilizing our PRINCE2 P3O-Foundation Practice Test software. TestPDF makes it easy to download P3O Foundation Project Office 2013 Exam (P3O-Foundation) exam questions immediately after purchase.

## PRINCE2 P3O Foundation Project Office 2013 Exam Sample Questions (Q65-Q70):

### NEW QUESTION # 65

What is used to assist senior managers to determine their core problems and the services to be delivered by a P3O model?

- A. Knowledge management tools
- **B. P3O Value Matrix**
- C. Business process swimlanes
- D. Capacity planning for resource management

**Answer: B**

Explanation:

The P3O Value Matrix is used to assist senior managers in identifying core problems and determining P3O services, per the P3O Foundation (2013) manual. Section 6.3.1 states, "The P3O Value Matrix helps senior managers articulate core problems and map these to the services a P3O should provide, ensuring alignment with organizational needs." This differs from business process swimlanes (A), which map processes, knowledge management (B), which shares experiences, and capacity planning (C), which manages resources.

The 2013 edition emphasizes its role in strategic planning, enabling tailored P3O design. This tool supports effective decision-making and service prioritization.

Reference: P3O Foundation (2013) manual, Section 6.3.1, AXELOS.

### NEW QUESTION # 66

Which is NOT a functional role?

- A. Information Management
- B. Planning
- C. Benefits and Value
- **D. Project Officer**

**Answer: D**

Explanation:

The P3O Foundation (2013) manual lists Benefits and Value, Information Management, and Planning as functional roles, but Project Officer is not. Section 3.5.1 states, "Functional roles within a P3O include Benefits and Value, Information Management, and Planning, each providing specialized support." The Project Officer (C) is a delivery support role, not a functional one, as it focuses on execution (Section 3.5.6). The

2013 edition distinguishes these roles to clarify P3O's structure, ensuring functional roles drive strategy and support, while delivery roles handle operations. This delineation enhances organizational clarity.

Reference: P3O Foundation (2013) manual, Sections 3.5.1 and 3.5.6, AXELOS.

### NEW QUESTION # 67

Which is an underlying success factor for a Virtual P3O model?

- **A. Standards continue to be developed by monitoring external best practice**
- B. P3O costs are seen as an unnecessary overhead
- C. Current culture and processes are challenged
- D. Good Heads of Hub Portfolio Offices are available

**Answer: A**

Explanation:

The P3O Foundation (2013) manual identifies continuous development of standards through external best practice as a success factor for a Virtual P3O model. Section 5.3.3 states, "A key success factor for a Virtual P3O is the ongoing development of

standards by monitoring external best practices, ensuring adaptability and relevance." This differs from hub leadership (A), cultural challenge (C), or cost perception (D), which are irrelevant or negative factors. The 2013 edition highlights this adaptability to maintain effectiveness in a flexible, distributed model. This ensures competitive PPM practices.  
Reference: P3O Foundation (2013) manual, Section 5.3.3, AXELOS.

#### NEW QUESTION # 68

What are risk identification and risk assessment workshops typically used for?

- A. Define the relative priority of each investment objective
- B. Brainstorm objectives for a project
- C. Define measures in a Benefit Profile
- D. Identify threats as part of project initiation

**Answer: D**

Explanation:

Risk identification and assessment workshops are typically used to identify threats during project initiation, according to the P3O Foundation (2013) manual. Section 6.3.3 states, "These workshops are conducted during project initiation to identify and assess potential threats and opportunities, forming the basis of the risk management plan." This contrasts with defining investment priorities (A), brainstorming objectives (C), or defining benefit measures (D), which serve different purposes. The 2013 edition highlights their role in early risk management, supporting P3O's governance function by ensuring proactive threat mitigation. This process enhances project success by addressing risks at the outset.

Reference: P3O Foundation (2013) manual, Section 6.3.3, AXELOS.

#### NEW QUESTION # 69

Which activity occurs as part of the 'Identify' process?

- A. Document an outline Business Case
- B. Refine the Vision Statement
- C. Deliver the new capability
- D. Plan tranches of delivery

**Answer: A**

Explanation:

The P3O Foundation (2013) manual identifies documenting an outline Business Case as an activity in the 'Identify' process. Section 4.3.1 states, "The 'Identify' process involves developing an outline Business Case to justify the need for a P3O and outline initial benefits." This differs from refining the Vision (A), which occurs in 'Define,' or planning tranches (C) and delivering capability (D), which are later stages. The 2013 edition emphasizes this early justification to secure support, guiding subsequent P3O development. This ensures a solid foundation for implementation.

Reference: P3O Foundation (2013) manual, Section 4.3.1, AXELOS.

#### NEW QUESTION # 70

.....

The 21 century is the information century. Information and cyber technology represents advanced productivity, and its rapid development and wide application have given a strong impetus to economic and social development and the progress of human civilization (P3O-Foundation exam materials).
