## Salesforce Certified Marketing Cloud Email Specialist Sample Questions (Q75-Q80):

### NEW QUESTION # 75

A marketing specialist at Northern Trail Outfitters wants to automate sending the weekly newsletter to subscribers. The audience is located in one data extension, but they also want to send to a partner seed list. Which tool method should the specialist use?

- A. Multi-Step Journey
- **B. Automation Studio Email Activity**
- C. User Initiated Send

**Answer: B**

Explanation:

Automation Studio in Salesforce Marketing Cloud allows users to automate various marketing tasks, including sending emails. By configuring an Email Activity within Automation Studio, a marketing specialist can schedule and automate the sending of a weekly newsletter to subscribers. The tool supports including additional audiences, such as a partner seed list, by specifying multiple data extensions within the same activity. Reference: Salesforce Marketing Cloud Documentation

### NEW QUESTION # 76

A marketing developer wants to receive daily report of sends across all business units to be incorporated into their internal dashboard. What should be done to ensure the report is sent to the director each day?

- **A. Schedule report and email file to the director.**
- B. A Schedule report and email the link to download.
- C. Schedule report to export as a web page.

**Answer: A**

Explanation:

To ensure that a daily report of sends across all business units is sent to the director each day, the marketing developer should schedule the report in Marketing Cloud and configure it to email the file directly to the director. This can be done by setting up a report in Email Studio, defining the parameters and schedule for the report, and specifying the recipient email address. This ensures that the director receives the necessary data in a timely manner without manual intervention.
