

# CWAP-405 Top Questions, CWAP-405 Reliable Study Questions

P.S. Free & New CWAP-405 dumps are available on Google Drive shared by VCEEngine: [https://drive.google.com/open?id=1K\\_D2Onq8D5trHuUyt9D324rXWwTQXlRG](https://drive.google.com/open?id=1K_D2Onq8D5trHuUyt9D324rXWwTQXlRG)

The CWNP CWAP-405 certification differentiates you from other professionals in the market. Success in the CWNP CWAP-405 exam shows that you have demonstrated dedication to understanding and advancing in your profession. Cracking the CWNP CWAP-405 test gives you an edge which is particularly essential in today's challenging market of information technology. If you are planning to get through the test, you must study from reliable sources for Certified Wireless Analysis Professional CWAP-405 Exam Preparation. VCEEngine real CWNP CWAP-405 exam dumps are enough to clear the CWAP-405 certification test easily on the first attempt. This is because VCEEngine CWNP CWAP-405 PDF Questions and practice test is designed after a lot of research and hard work carried out by experts.

Do you want to become certified to boost your career in today's tech sector? Do you want to have confidence in your skills and feel ready for the CWAP-405 test? PassITCertify has CWAP-405 practice questions you need, so don't waste your time looking elsewhere for CWNP CWAP-405 preparation material. You can easily clear the Certified Wireless Analysis Professional (CWAP-405) examination in one go and accelerate your career with our genuine and updated CWNP CWAP-405 exam dumps, which come in CWAP-405 questions PDF file, desktop practice exam software, and CWAP-405 web-based practice test formats.

## Where To Start Your CWNP CWAP-405 Exam Preparation?

We are professional in this career to help all our worthy customers to obtain the CWAP-405 certification for years. You can get

prepared with our CWAP-405 exam materials only for 20 to 30 hours before you go to attend your exam. We can claim that you will achieve guaranteed success with our CWAP-405 Study Guide for that our high pass rate is unmatched 98% to 100%. And all the warm feedback from our clients proved our strength, you can totally rely on us with our CWAP-405 practice quiz!

## CWNP Certified Wireless Analysis Professional Sample Questions (Q65-Q70):

### NEW QUESTION # 65

During an initial install of a controller-based WLAN, the APs are not locating the WLAN controller. The controller is two router hops away from the nearest AP. DHCP is not used. When performing a packet trace, you see a DNS response code of 3 targeted at one of the APs.

What is the problem?

- A. The authentication to the DNS server failed
- B. The DNS server is not authoritative for the domain
- C. The router is not forwarding packets to the DNS server
- **D. The controller host record has not been created in the DNS server**

**Answer: D**

### NEW QUESTION # 66

Which one of the following is an advantage of using display filters that is not an advantage of capture-time filters?

- A. Once created they are reusable for later captures
- **B. They only hide the packets from view and the filtered packets can be enabled for view later**
- C. They allow for focused analysis on just the packets of interest
- D. Multiple of them can be applied simultaneously

**Answer: B**

Explanation:

Display filters are applied after the capture is completed and they only hide the packets from view. The filtered packets are still present in the capture file and can be enabled for view later by changing or removing the display filter. This is an advantage over capture-time filters, which discard the packets that do not match the filter criteria and cannot be recovered later.

### NEW QUESTION # 67

You are concerned with management overhead in your WLAN. When evaluating the network, you note that each dual-band AP provides for 4 SSIDs in each band with three secure SSIDs and one Open System SSID.

The network runs only 802.11ac APs and uses 20 MHz channels in 2.4 GHz and 40 MHz channels in 5 GHz.

What can you do to reduce the impact of beacon frames on CCI and channel utilization?

- A. Use the same security across all SSIDs
- B. Use only 40 MHz channels
- **C. Disable SSID broadcasting**
- D. Increase the beacon interval

**Answer: C**

### NEW QUESTION # 68

You suspect an interferer may exist in a BSS that is experiencing sporadic problems. You want to identify and locate the device. The actual device identifier is not known.

What tool should be used for this purpose?

- **A. Spectrum analyzer**
- B. Protocol analyzer

- C. Throughput tester
- D. Cable tester

**Answer: A**

#### NEW QUESTION # 69

While troubleshooting DHCP issues, you perform a protocol capture in order to determine if the DHCP pool is depleted. The capture does not show DHCPnak messages.

Where else could you look to determine if the pool is depleted?

- A. Switch logs
- B. AP logs
- **C. DHCP server logs**
- D. Spectrum analyzer

**Answer: C**

Explanation:

A very common problem for WLANs is DHCP pool depletion. This occurs because many wireless clients come-and-go from the network quickly. If a client connects for only two or three minutes and the lease duration is set to multiple days (3-8 days is not uncommon), the IP address will be lost for that entire time. To resolve such issues, create more pools and reduce the lease duration to hours instead of days. Look for DHCP negative acknowledgement or server log errors to determine if the IP pool is depleted.

#### NEW QUESTION # 70

.....

Our CWAP-405 practice tests cover the entire outline for CWNP syllabus and make your knowledge fully compatible with CWAP-405 objectives. Touch the destination of success with the help of VCEEngine preparation material. Convincing quality of practice tests boost up their demand across the industry. Incubation comes through our CWAP-405 Exam Practice test while the inclusions of various learning modes is one tremendous feature that is added to promote customer interactivity and objective based knowledge testing.
