

# C-CR125-2601 Exam Experience | Reliable C-CR125-2601 Test Book

## 241 Computer Science Certification Exam questions and answers 2025/2026

Bottom-Up Design - **answer**a design methodology that involves using existing programming libraries and APIs to design a system or application

API (Application Programming Interface) - **answer**the documented method and parameter interface for a software system component

Decision Diamond - **answer**the shape used in flowcharts that indicates a decision made in a program where an input situation is presented and the result is either true or false

Flowchart - **answer**a visual organizer system used to indicate the flow of a program, using procedure blocks, decision diamonds and arrows

Black Box - **answer**a device, system or object in computing which can be viewed in terms of its inputs and outputs, without requiring any knowledge of its internal workings

Method Library - **answer**a collection of predefined methods that can be used to build up a program

Modular Programming - **answer**a software design technique that emphasizes separating the functionality of a program into independent, interchangeable modules, such that each contains everything necessary to execute only one aspect of the desired functionality

Procedure Box - **answer**a symbol used in flowcharts that represents a process or event that occurs within the flow of the program

Software Systems Life Cycle - **answer**the stages of development for a software development project (analysis, design, development, testing and maintenance)

Stepwise Refinement - **answer**the incremental process of designing an application or procedure which starts by looking at the overall picture of the requirements, devising an initial solution/architecture, inspecting the solution or patterns, and iterating until the solution meets the objects or performance, clarity and quality
