100% Pass Quiz 2026 Cisco Useful 300-830: New Implementing Cisco Collaboration Cloud Customer Experience Braindumps Free

This is where your 300-830 exam prep really takes off, in the testing your knowledge and ability to quickly come up with answers in the 300-830 online tests. Using 300-830 practice exams is an excellent way to increase response time and queue certain answers to common issues. Get 300-830 ebooks from Pass4cram which contain real 300-830 exam questions and answers. You will pass your 300-830 exam on the first attempt using only Pass4cram's 300-830 excellent preparation tools and tutorials

Cisco Implementing Cisco Collaboration Cloud Customer Experience Sample Questions (Q73-Q78):

NEW QUESTION # 73

A collaboration engineer analyzes Webex Control Hub analytics and notices increased call failures from a specific branch office. Which action should be performed first?

- A. Disable SRTP temporarily
- B. Replace all branch IP phones
- C. Rebuild the organization tenant
- D. Verify WAN performance and packet statistics

Answer: D

Explanation:

When failures are isolated to a particular branch, WAN health and packet statistics should be investigated first. Latency, jitter, packet loss, or bandwidth saturation frequently affect collaboration quality and call success rates. Replacing phones or rebuilding tenants is excessive before verifying network conditions.

NEW QUESTION # 74

A Webex Contact Center manager wants to synchronize Webex App presence states with the Webex Contact Center Agent Desktop to improve agent efficiency. Also, the manager wants the Agent Desktop to automatically switch to the already configured the "WebexAppCall" Webex Contact Center idle state when an agent is engaged in a non-Webex Contact Center call on the Webex App. Which three actions must be taken to meet these requirements? (Choose three.)

- A. Add the "WebexAppCall" Webex Contact Center Idle code to a desktop layout and assign it to the team that agents are part of.
- B. Map the "On a Call" Webex Availability State to the "WebexAppCall" Webex Contact Center Idle code under Desktop > Webex App configuration.
- C. Enable "Webex App Integration" under Desktop > Webex App configuration.
- D. Enable "State Synchronization" under Desktop > Webex App configuration.
- E. Map the "Outgoing Call" Webex Availability State to the "WebexAppCall" Webex Contact Center Idle code under Desktop > Webex App configuration.
- F. Enable "State Synchronization" under Collaboration > Webex App in the Desktop Profile that will be used by agents.

Answer: B,C,D

Explanation:

To synchronize Webex App presence with Agent Desktop, Webex App Integration and State Synchronization must be enabled in the Desktop > Webex App configuration. To place agents into the configured Webex Contact Center idle state during a non-contact-center Webex App call, the Webex availability state "On a Call" must be mapped to the "WebexAppCall" idle code.

NEW QUESTION # 75

A Webex Contact Center deployment includes multiple communication channels. Management wants interactions automatically routed to the most qualified agents based on skill level. Which routing strategy should be used?

- A. Longest available agent
- B. Skills-based routing
- C. Round robin routing
- D. Uniform broadcast routing

Answer: B

Explanation:

Skills-based routing evaluates agent competencies and routes interactions according to predefined skill attributes and proficiency levels. This improves customer experience and first-contact resolution. Round robin and longest available methods distribute workload but do not consider specialized agent expertise.

NEW QUESTION # 76

What are the two types of Local Gateway trunking models with Webex Calling? (Choose two.)

- A. registration-based trunks
- B. DNS-based trunks
- C. certificate-based trunks
- D. enterprise trunks
- E. PSTN trunks

Answer: A,C

Explanation:

Webex Calling Local Gateway supports certificate-based trunks and registration-based trunks.

These trunking models define how the Local Gateway authenticates and establishes SIP connectivity with Webex Calling.

NEW QUESTION # 77

Which statement describes the PSTN media and signaling requirements for calls arriving at Webex Contact Center?

- A. The only supported codecs are G.711uLaw and G.711aLaw.
- B. SIP Early Media is fully supported by Webex Contact Center.
- C. Opus codec is natively supported by Webex Contact Center without transcoding.
- D. DTMF signaling can use out of band.

Answer: A

Explanation:

For PSTN calls arriving at Webex Contact Center, the safe media statement is that the supported voice codecs are G.711 mu-law and G.711 A-law. Cisco's Webex Contact Center telephony material emphasizes PSTN and Local Gateway interoperability through standard SIP media, and the exam objective expects knowledge of codec compatibility at the service edge. Opus is widely used in WebRTC and collaboration media contexts, but it is not natively supported for PSTN ingress into Webex Contact Center without appropriate interworking or transcoding in the overall design. SIP early media support also must not be assumed as fully supported in every Webex Contact Center call path. DTMF handling is important, but the option saying it can use out-of-band is not the most accurate description of the PSTN media requirement in this question. The codec restriction is the definitive media requirement and is why option B is correct. Reference: Cisco Help, Set up voice channels for Webex Contact Center; Webex Contact Center architecture and telephony documentation.

NEW QUESTION # 78

.....

In order to let you understand our products in detail, our 300-830 test torrent has a free trial service for all customers. You can download the trial version of our 300-830 study torrent before you buy our products, you will develop a better understanding of our products by the trial version. In addition, the buying process of our 300-830 Exam Prep is very convenient and significant. You will receive the email from our company in 5 to 10 minutes after you pay successfully; you just need to click on the link and log in, then you can start to use our 300-830 study torrent for studying.
