Oracle Eloqua Marketing 2025 Implementation Professional Sample Questions (Q78-Q83):

NEW QUESTION # 78

How many attendees are typically required for an Oracle Eloqua marketing implementation?

- A. Two
- B. One
- C. It varies depending on the size and complexity of the implementation
- D. Three

Answer: C

Explanation:

The number of attendees required for an Oracle Eloqua marketing implementation can vary depending on the size and complexity of the project. Smaller implementations may only require one or two attendees, while larger and more complex implementations might require a team of three or more individuals with various roles and expertise. The number of attendees should be determined based on the specific needs and requirements of each implementation project.

NEW QUESTION # 79

What is the relationship between a contact record and a data model in Oracle Eloqua?

- A. A data model defines the structure and attributes of a contact record.
- B. A contact record determines the fields and relationships in a data model.
- C. A contact record represents a single instance of data in the data model.
- D. A data model is a subset of contact records stored in Eloqua.

Answer: A

Explanation:

In Oracle Eloqua, a data model defines the structure and attributes of a contact record. It specifies the fields, relationships, and other properties that make up a contact record in the marketing automation platform. The data model serves as the foundation for organizing and storing contact data, ensuring consistency and accuracy in the representation of individual records.

NEW QUESTION # 80

What is the primary purpose of creating users in Oracle Eloqua?

- A. To define user groups and their hierarchy within Oracle Eloqua.
- B. To import and export user data between Oracle Eloqua and third-party applications.
- C. To assign specific roles and permissions to individuals and control their access to features and data within Oracle Eloqua.
- D. To customize the appearance of the Oracle Eloqua user interface for each individual user.

Answer: C

Explanation:

The primary purpose of creating users in Oracle Eloqua is to assign specific roles and permissions to individuals. This allows administrators to control the level of access each user has to different features and data within the platform. By assigning roles and permissions, administrators can ensure that users only have access to the functionalities that are necessary for their job responsibilities.

NEW QUESTION # 81

Which functionality in Eloqua allows you to enhance data through third-party integrations?

- A. Data cleansing tools
- B. Data export options
- C. Form submission actions
- D. Program Builder

Answer: A

Explanation:

Data cleansing tools in Eloqua, such as third-party integration services, allow you to enhance data by validating, cleaning, and enriching it with information from external sources. These tools help ensure data accuracy and completeness by cross-referencing and updating your data with external databases or services.

NEW QUESTION # 82

Which of the following is a best practice for improving email deliverability?

- A. Using vague subject lines to increase open rates
- B. Purchasing email lists from third-party sources
- C. Regularly monitoring email delivery metrics and making necessary adjustments
- D. Including large file attachments in every email

Answer: C

Explanation:

Monitoring email delivery metrics, such as bounce rates, spam complaints, and inbox placement rates, allows marketers to identify and address any potential issues affecting deliverability. By regularly reviewing these metrics, adjustments can be made to the email marketing strategy, such as improving content, refining audience targeting, or adjusting sending practices, to maintain and improve overall deliverability rates.
