Our product boosts the function to simulate the exam, the timing function and the self-learning and the self-assessment functions to make the learners master the Mule-Dev-201 Guide Torrent easily and in a convenient way. Based on the plenty advantages of our product, you have little possibility to fail in the exam.

Salesforce Certified MuleSoft Developer Sample Questions (Q138-Q143):

NEW QUESTION # 138

Refer to the exhibit. The Batch Job processes, filters and aggregates records, What is the expected output from the Logger component?

□

- A. [20, 40] [60]
- B. [20, 40, 60]
- C. [10, 20, 30, 40, 50, 60]
- D. [10, 20] [30, 40] [50, 60]

Answer: A

Explanation:

*Batch scope has filter criteria which says payload mod 2 = 0 which means only 2, 4 and 6 will be in batch scope.

* So payload for each of these will be incremented by 10.

* Aggregator has batch size defined as 2. So it will process in batch of two records.

* Hence option 3 is correct answer.

[20,40]

[60]

Behavior with aggregator configured with fixed size

In this scenario, the batch step sends the processed records to an aggregator, which starts processing the records and buffering them until the configured aggregator's size is reached. After that, the aggregator sends the aggregated records to the stepping queue.

Diagram Description automatically generated

The batch job builds record blocks of the configured block size and sends them to their corresponding batch step for processing.

Each batch step receives one or more record blocks and starts processing them in parallel.

After the batch step processes a record, the batch step sends the record to the aggregator for further processing. The aggregator continues processing records until the number of aggregated records reaches the configured aggregator's size.

<https://docs.mulesoft.com/mule-runtime/4.3/batch-processing-concept>

NEW QUESTION # 139

Refer to the exhibits.

A web client sends sale data in a POST request to the Mule application. The Transform Message component then enriches the payload by prepending a vendor name to the sale data.

What is written to the sales.csv file when the flow executes?

- A. The enriched payload in JSON format
- B. The enriched payload in XML format
- C. The enriched payload in CSV format
- D. An error message

Answer: A

Explanation:

NEW QUESTION # 140

Refer to the exhibits.

The input array of strings is processed by the batch job that processes, filters, and aggregates the values.

What is the last message logged by the Logger component after the batch job completes processing?

- A.
- B.
- C.
- D.

Answer: D

NEW QUESTION # 141

Which Mule component provides a real-time, graphical representation of the APIs and mule applications that are running and discoverable?

- A. Anypoint Visualizer
- B. API Notebook
- C. API Manager
- D. Runtime Manager

Answer: A

Explanation:

Correct answer is Anypoint Visualizer

MuleSoft Doc Ref : <https://docs.mulesoft.com/visualizer/>

Anypoint Visualizer provides a real-time, graphical representation of the APIs, and Mule applications that are running and discoverable. It also displays third-party systems that are invoked by a Mule API, proxy, or application within your application network. The data displayed in the graph is dynamically updated and does not require prior configuration. Additionally, the data displayed is secure, as only users with the proper permissions can view the application network graph.

Diagram Description automatically generated

NEW QUESTION # 142

Refer to the exhibits. In the choice router, the When expression for the domestic shipping route is set to "#[payload= "FR"]".

What is the output of logger after the execution of choice router is completed?

- A. "International"
- **B. A dataweave syntax error**
- C. "US"
- D. "Domestic"

Answer: B

Explanation:

To compare, DataWeave syntax is #[payload == "FR"].

In this case only one = is used so it will give syntax error.

Hence the correct answer is A dataweave syntax error

NEW QUESTION # 143

.....

Infinite striving to be the best is man's duty. We have the responsibility to realize our values in the society. Of course, you must have enough ability to assume the tasks. Then our Mule-Dev-201 learning quiz can give you some help.
