Authoritative 1Y0-204 - Valid Citrix Virtual Apps and Desktops 7 Administration Exam Guide

We offer you free update for 365 days after purchasing 1Y0-204 study guide, so that you don't need to spend extra money on the update version, and latest version for 1Y0-204 exam materials will be sent to your email address automatically. In addition, 1Y0-204 exam dumps are compiled by professional experts who are quite familiar with the exam center, therefore if you choose us, you can get the latest information for the exam timely. 1Y0-204 Exam Materials are also high quality, we have a professional team to examine the answers on a continuous basis, and therefore, you can use them at ease.

Citrix Virtual Apps and Desktops 7 Administration Sample Questions (Q42-Q47):

NEW QUESTION # 42
Scenario: A Citrix Administrator has configured a Citrix ADC active-passive high availability (HA) pair. When the HA pair fails over, customers are unable to access the hosted websites. After some troubleshooting, the administrator found that the upstream router was NOT updating its ARP table.
What can the administrator configure to resolve this issue?

- A. Virtual MAC
- B. HA monitor
- C. Route Monitor
- D. Independent Network Configuration (INC) mode

Answer: A

NEW QUESTION # 43
Scenario: A Citrix Administrator maintains a Citrix Virtual Apps and Desktops Site with a number of network print servers being used for all users. Currently, the print serves use native Windows drivers. No client printers are being used. New company guidelines require a reduction in the number of native drivers being used within the Site infrastructure.
Which step can the administrator take to meet the new company guidelines?

- A. Install the Universal Print Server on all print servers in the Site and leave the default Universal printer driver usage policy setting.
- B. Configure the Citrix Universal Generic Printer and update the Auto-create generic universal printer policy setting.
- C. Enable the Citrix Universal Print Driver (EMF) driver and leave the default Universal printer driver usage policy setting.
- D. Install the Universal Print Server on all print servers in the Site and update the Universal printer usage policy setting.

Answer: B

NEW QUESTION # 44
Scenario: A Citrix Administrator maintains a Citrix Virtual Apps and Desktops Site where mandatory profiles are being used for all users. Users need to maintain the different printer property settings that are available for their HDX sessions. The administrator has enabled the HDX Printer properties retention policy for the Site.
Which setting could the administrator use for this environment?

- A. Held in profile only if NOT saved on client
- B. Do NOT retain printer properties
- C. Saved on the client device only
- D. Retained in user profile only

Answer: D

Explanation:
Explanation
According to the Citrix Virtual Apps and Desktops 7 Deployment and Administration guide1, the HDX Printer properties retention policy has four possible settings:
* Held in profile only if NOT saved on client: This is the default setting. The printer properties are held in the user profile only if they have not been saved on the user device.
* Do NOT retain printer properties: The printer properties are not retained at all. The user must configure them for each session.
* Saved on the client device only: The printer properties are saved on the user device only. The user profile does not store them.
* Retained in user profile only: The printer properties are retained in the user profile only. The user device does not store them.
In this scenario, the administrator wants the users to maintain the different printer property settings for their HDX sessions. Since the users are using mandatory profiles, which are read-only and do not save any changes, the administrator should use the Retained in user profile only setting. This way, the printer properties are stored in the user profile and applied to the HDX sessions. The user device does not need to save them. This setting is suitable for environments where mandatory profiles are being used.

NEW QUESTION # 45
Which two options would provide an end-to-end encryption of data, while allowing the Citrix ADC to optimize the responses?
(Choose two.)

- A. SSL Bridge protocol for the services
- B. SSL protocol for the services
- C. HTTP protocol for the virtual server
- D. HTTP protocol for the services
- E. SSL Bridge protocol for the virtual server

- F. SSL protocol for the virtual server

Answer: D,F

Explanation:
According to the Citrix Virtual Apps and Desktops 7 Deployment and Administration (CWS-215) course, the Citrix ADC can optimize the responses by using HTTP protocol for the services and SSL protocol for the virtual server. This configuration allows the Citrix ADC to terminate the SSL connection from the client and then communicate with the server using HTTP. This way, the data is encrypted between the client and the Citrix ADC, and the Citrix ADC can perform optimization tasks such as compression and caching1: Page 95, Module 5: Citrix Gateway and Citrix StoreFront Integration.

NEW QUESTION # 46

Scenario: A Citrix Administrator needs to power-manage a group of Server OS Virtual Delivery Agent (VDA) machines that are all in the same Delivery Group. The administrator needs all the machines to be restarted once a week during the weekend. Additionally, a subset of the machines should be restarted every day during non-peak hours.
Which feature must the administrator change from the default values in order to fulfill the requirements?

- A. Weekday and weekend hours
- B. Restart duration
- C. Peak and non-peak hours
- D. Tag restrictions

Answer: D

Explanation:
In Citrix Virtual Apps and Desktops, administrators can use tag restrictions to specify which machines within a Delivery Group are affected by certain power management actions. By applying tags to a subset of machines, the administrator can ensure that only those tagged machines are restarted daily during non-peak hours, while the rest follow the weekly restart schedule.

NEW QUESTION # 47

......

As you know, many exam and tests depend on the skills as well as knowledge, our 1Y0-204 study materials are perfectly and exclusively devised for the exam and can satisfy your demands both. There are free demos of our 1Y0-204 exam questions for your reference with brief catalogue and outlines in them. You can free download the demos of our 1Y0-204 learning prep on the website to check the content and displays easily by just clicking on them.
