1z0-1093-25 Online Version - Oracle Exam 1z0-1093-25 Study Solutions: Oracle Cloud Database Services 2025 Professional Pass Certify

P.S. Free 2026 Oracle 1z0-1093-25 dumps are available on Google Drive shared by ExamsTorrent:
https://drive.google.com/open?id=1W0WZrUA-QXrw2s6H0NWnZzKkGmlKit_x

In all respects, you will find our 1z0-1093-25 practice braindumps compatible to your actual preparatory needs. As you can find on our website, we have three different versions of our 1z0-1093-25 exam questions: the PDF, Software and APP online. With all these versins, you can practice the 1z0-1093-25 Learning Materials at any time and condition as you like. The language of our 1z0-1093-25 simulating exam is simple and the content is engaging and easy. What are you waiting for? Just rush to buy it!

The ExamsTorrent 1z0-1093-25 exam practice test questions will provide you with everything that you need to learn, prepare and pass the Oracle Cloud Database Services 2025 Professional 1z0-1093-25 exam. The ExamsTorrent 1z0-1093-25 exam questions are the real PSE questions that will help you to understand the real Oracle Cloud Database Services 2025 Professional 1z0-1093-25 Exam Pattern and answers and you can easily pass the final Oracle Cloud Database Services 2025 Professional 1z0-1093-25 exam.

>> 1z0-1093-25 Online Version <<

Exam 1z0-1093-25 Study Solutions & 1z0-1093-25 New APP Simulations

Our 1z0-1093-25 study guide has three formats which can meet your different needs: PDF, software and online. If you choose the PDF version, you can download our study material and print it for studying everywhere. With our software version of 1z0-1093-25 exam material, you can practice in an environment just like the real examination. And you will certainly be satisfied with our online version of our 1z0-1093-25 training quiz. It is more convenient for you to study and practice anytime, anywhere.

Oracle Cloud Database Services 2025 Professional Sample Questions (Q63-Q68):

NEW QUESTION # 63

What is the PRIMARY benefit of using Recovery Manager (RMAN) with block change tracking enabled in a BaseDB environment for incremental backups?

- A. It automatically encrypts all backups with a user-defined key.
- B. It automatically validates the integrity of full backups during the backup process.
- C. It significantly reduces the time required for incremental backups by only backing up changed blocks.
- D. It allows for point-in-time recovery to any SCN (System Change Number) without restoring a full backup.
- E. It eliminates the need for full backups.

Answer: C

Explanation:
Block Change Tracking (BCT):
Enabling BCT with RMAN significantly speeds up incremental backups by recording changes made to data blocks since the last backup. Instead of scanning the entire database to detect changes, RMAN consults the block change tracking file to identify modified blocks, reducing backup time and I/O.
BCT is especially beneficial in large databases where full backups would be time-consuming and resource- intensive. Incremental backups become more efficient, making daily or more frequent backups feasible.
Why the other options are incorrect:
* A:Full backups are still required periodically.
* C:Encryption is separate from BCT functionality.
* D:Point-in-time recovery is facilitated by backup logs, not BCT directly.
* E:Integrity checks are performed during validation, not as part of BCT.

NEW QUESTION # 64
Which two tools can you use to create a HeatWave MySQL Database Service System?

- A. OCI Console
- B. MySQL Shell on OCI Compute
- C. OCI Bastion Server
- D. OCI SQL Developer
- E. OCI Command Line Interface

Answer: A,E

Explanation:
OCI Console:
The Oracle Cloud Infrastructure Console is the primary graphical interface for creating and managing MySQL HeatWave Database Service Systems. It provides a user-friendly environment for configuring database instances and integrating HeatWave.
OCI CLI:
The OCI Command Line Interface allows for automation and scripting of database service creation. It is useful when managing multiple instances or performing bulk operations.
Why the other options are incorrect:
* C:OCI Bastion Server is used for secure SSH access, not for database creation.
* D:MySQL Shell is a client tool for interacting with databases, not for provisioning them.
* E:OCI SQL Developer is a database management tool, not a service provisioning tool.

NEW QUESTION # 65
Which two options correctly describe methods for accessing and managing the Exadata Infrastructure?

- A. Direct SSH access to the Exadata Infrastructure compute nodes is permitted for customers with root privileges.
- B. Customers have direct access to the Exadata storage cells, allowing them to modify storage configurations.
- C. Management of the Exadata Infrastructure is primarily performed through the Oracle Cloud Infrastructure (OCI) console and APIs.
- D. Exadata Infrastructure management is solely managed by Oracle and is not directly accessible to customers.
- E. The dbcli utility, used for database administration on VM DB Systems, can also be used to manage the Exadata Infrastructure.

Answer: C,D

Explanation:
Managing Exadata Infrastructure:
* OCI Console and APIs (B):The primary method for managing Exadata Infrastructure is through the Oracle Cloud Infrastructure Consoleand associated APIs. This includes provisioning, scaling, patching, and monitoring the Exadata environment.
* Oracle-Managed Infrastructure (E):Exadata Infrastructure management is fully handled by Oracle, which means customers do not have direct access to the underlying hardware. This managed approach ensureshigh availability and security.
Why the other options are incorrect:
* A:Customers do not have root access to Exadata compute nodes to ensure security and system integrity.
* C:Thedbcli utilityis designed for VM DB Systems, not Exadata Infrastructure management.
* D:Exadata storage cells are managed by Oracle, and customers cannot directly modify storage configurations.

NEW QUESTION # 66
Which BaseDB lifecycle management activity is MOST directly associated with ensuring the continued availability of a database instance during a planned maintenance window?

- A. Applying a quarterly security patch.
- B. Resizing the block volume storage.
- C. Using Oracle Data Guard for a switchover operation.
- D. Performing an in-place upgrade of the database software.
- E. Taking a full database backup using RMAN.

Answer: C

Explanation:
C: Using Oracle Data Guard for a switchover operation:
* Aswitchoveris a planned role reversal between the primary and standby databases.
* Zero data loss:Since both databases are synchronized, it minimizes downtime.
* Ideal for planned maintenance:The primary database is switched to the standby, allowing maintenance on the original primary without downtime.
* Data Guard Switchover:
sql
CopyEdit
ALTER DATABASE SWITCHOVER TO standby_db;
Why the other options are incorrect:
* A. Full backup with RMAN:Backup does not ensure availability during maintenance.
* B. In-place upgrade:Typically involves downtime.
* D. Quarterly patch:Patching often requires database restarts, causing downtime.
* E. Resizing block volume:Does not maintain availability if the database requires restarting.

NEW QUESTION # 67
Which two statements accurately describe the relationship between Database Management and metrics collected in OCI Monitoring service?

- A. Database Management relies on custom metrics uploaded to OCI Monitoring by the user in order to provide its monitoring features.
- B. Database Management directly queries the database for detailed performance data and supplements it with metrics from the OCI Monitoring service.
- C. Database Management retrieves performance data exclusively from the OCI Monitoring service and does not directly query the database.
- D. Database Management's data collection is completely independent of the OCI Monitoring service.

Answer: B,D

Explanation:
B:Database Management directly queries the database to gather performance data, such as SQL performance and active session history. It also integrates with OCI Monitoring for infrastructure-level metrics like CPU, memory, and storage utilization.
C:Database Management can function independently of OCI Monitoring since it has its own data collection mechanisms.
Why the other options are incorrect:
* A:Database Management does not rely solely on OCI Monitoring.

* D:It does not require custom metrics from the user.

NEW QUESTION # 68

......

We are the fastest to pursue acquiring 1z0-1093-25 certification; we are the highest to pursue protecting your benefits. Our ExamsTorrent ensures the accuracy and the most coverage of 1z0-1093-25 Certification Exam Dumps. If you purchase 1z0-1093-25 certification exam dumps, we will ensure that you can get free update service in one year.

Exam 1z0-1093-25 Study Solutions: https://www.examstorrent.com/1z0-1093-25-exam-dumps-torrent.html

At the same time, the virus has never occurred in our 1z0-1093-25 exam dumps files, Oracle 1z0-1093-25 Online Version Excellent customer service will satisfy you certainly, I think it is very worthy of choosing our 1z0-1093-25 actual exam dumps, You just need to practice our 1z0-1093-25 test engine many times and master all questions and answers on our products before real exam so that you will feel it easy to take part in the real exam, The Oracle 1z0-1093-25 certification examination is an essential component of professional development, and passing this Oracle 1z0-1093-25 test can increase career options and a rise in salary.

Calculating Theoretical Traffic Load, Editing Permissions for Specific People, At the same time, the virus has never occurred in our 1z0-1093-25 Exam Dumps files.

Excellent customer service will satisfy you certainly, I think it is very worthy of choosing our 1z0-1093-25 actual exam dumps, You just need to practice our 1z0-1093-25 test engine many times and master all questions 1z0-1093-25 and answers on our products before real exam so that you will feel it easy to take part in the real exam.

Latest Upload Oracle 1z0-1093-25 Online Version - Exam Oracle Cloud Database Services 2025 Professional Study Solutions

The Oracle 1z0-1093-25 certification examination is an essential component of professional development, and passing this Oracle 1z0-1093-25 test can increase career options and a rise in salary.
