Maryland Insurance Administration Maryland Accident and Health or Sickness Producer Series 20-24 Exam Sample Questions (Q53-Q58):

NEW QUESTION # 53

In Maryland, continuation of medical plan coverage for a handicapped child beyond the age limit stated in the policy may require proof of the child's:

- A. Continued insurability
- B. Incapacity only
- C. Dependency for the first two years of continued coverage only
- **D. Incapacity and dependency upon reaching the age limit**

Answer: D

Explanation:

Under Insurance Article, § 15-401, coverage for handicapped children extends beyond age limits if they're incapacitated (unable to work) and dependent on the insured at the age limit. Insurability isn't required, incapacity alone isn't enough, and dependency isn't time-limited to two years.

NEW QUESTION # 54

Who has the right to change the beneficiary of an accident and health policy with a revocable beneficiary designation?

- A. The insurer
- **B. The policyowner**
- C. The beneficiary
- D. The producer

Answer: B

Explanation:

With a revocable beneficiary (Insurance Article, § 16-201), the policyowner retains the right to change the beneficiary, not the beneficiary, insurer, or producer, who lack such authority.

- B. Have at least 50% of its employees work in the state of Maryland
- C. Have at least 50% of its employees reside in the state of Maryland
- **D. Have its principal place of business in the state of Maryland**

Answer: D

Explanation:

The Maryland Health Benefit Exchange Act (Insurance Article, § 31-101) defines a qualified employer as one with its principal place of business in Maryland for SHOP Exchange eligibility. Premium contributions are optional, and employee work or residency

percentages aren't required.

NEW QUESTION # 56

An elimination period in a disability income insurance policy is the:

- A. Time period the policy is in force
- **B. Period between the start of a disability and the beginning of benefits**
- C. Time during which benefits are paid under the policy
- D. Same as the probationary period

Answer: B

Explanation:

The elimination period (Insurance Article, § 15-201) is the waiting time (e.g., 90 days) before disability benefits begin, distinct from the benefit period (payment duration), probationary period (pre-coverage wait), or policy term.

NEW QUESTION # 57

All of the following factors may affect premium determination in individual life insurance EXCEPT:

- A. Occupation
- B. Age
- C. Health
- **D. Race**

Answer: D

Explanation:

Comprehensive and Detailed Step by Step Explanation: Premium determination in life insurance depends on factors that measure risk, but race (D) is not and cannot be used due to anti-discrimination laws.

Age (A): A primary factor; younger applicants are charged lower premiums due to lower mortality risk.

Health (B): Significant; poor health or pre-existing conditions increase premiums.

Occupation (C): Risky professions (e.g., construction or aviation) may result in higher premiums.

Race (D): Prohibited by Maryland law, which ensures fairness and prohibits underwriting based on race, ethnicity, or similar discriminatory criteria.
