## Public Edition Sample Questions (Q41-Q46):

### NEW QUESTION # 41

Which type of testing should be done after a release upgrade has occurred?

- A. Integration tests
- **B. Regression tests**
- C. String tests
- D. User Acceptance tests

**Answer: B**

Explanation:

Regression tests are a type of testing that should be done after a release upgrade has occurred. Regression tests are performed to ensure that the existing functionality of the system is not affected by the changes introduced by the new release. Regression tests help to identify any defects or errors that may have been introduced or uncovered by the release upgrade. Regression tests are part of the quality assurance process and are essential for ensuring the stability and reliability of the system. ### NEW QUESTION # 42

How can you define the relationship between business roles and business catalogs?

- A. A business catalog restricts access to one or more business roles.
- **B. A business role is a collection of one or more business catalogs.**
- C. A business catalog is a collection of one or more business roles.
- D. A business role restricts access to one or more business catalogs.

**Answer: B**

Explanation:

A business role is assigned to a business user to provide access to business tasks. A business role can contain one or more business catalogs, which are predefined by SAP and contain the actual authorizations that allow users to access the apps contained in the catalog. Each business catalog bundles authorizations for a specific business area. You can tailor the access according to the needs of the business and for compliance purposes using restrictions. ### NEW QUESTION # 43

When do you specify the data retention period in the SAP S/4HANA Migration Cockpit?

- A. When the project status is "Not Started"
- B. When the project status in "In Progress"
- **C. When the project status is "Finished"**
- D. When the project status is "Completed"

**Answer: C**

Explanation:

You specify the data retention period in the SAP S/4HANA Migration Cockpit when the project status is "Finished". The data retention period is the length of time (in days) that the project and all associated data is kept in the system after you have set the status of the project to Finished. To do this, set the option Data Retention Period to On. The data will be deleted from the SAP S/4HANA system when the data retention time expires. If you set the option Data Retention Period to Off, then the project and all associated data will be kept in the system indefinitely. You can also change the retention time for finished projects on the Technical Information tab of the project settings. References = The Migration Project Screen, Migrating Data to the SAP S/4HANA System

### NEW QUESTION # 44

You have assigned a business role to an end user who has been granted access to only one specific application. While you have a day off, it turns out that the app doesn't show up on the user's launchpad. What can the user do?

- A. Use the search function to find the app.
- B. Assign a launchpad space to the business role.
- C. Create a page and assign it to the launchpad space.
- D. Assign a different business role that provides access.

**Answer: A**

Explanation:

When an end user has been assigned a business role that grants access to only one specific application, and the app does not appear on the user's SAP Fiori Launchpad, the recommended action for the user is:

\* Use the search function to find the app: The search function on the SAP Fiori Launchpad allows users to locate applications by their name or related keywords. Even if the app is not immediately visible on the launchpad due to configuration issues or other reasons, using the search function can help the user access the app directly. This is a quick and effective way for users to access necessary applications when they encounter visibility issues on their launchpad.

#### NEW QUESTION # 45

In which SAP Activate methodology phase do consultants configure business processes based on the information gathered in the Fit-to-Standard workshops?

- A. Realize
- B. Prepare
- C. Deploy
- D. Explore

**Answer: A**
