I advise people pass exams and get certifications with Salesforce-Slack-Administrator Reliable Exam Preparation as soon as possible so that you will be one step ahead while facing better job opportunities.

Salesforce Certified Slack Administrator Sample Questions (Q139-Q144):

NEW QUESTION # 139
Your organization enabled data residency and chose to host your organization's data in the Montreal, Canada region.
Which specific data types will be uniquely stored in this geographic region? (Select the best answer.)

- A. Messages, files, data used for analytics, snippets and posts
- B. Messages, files, snippets, workspaces and channel membership information
- C. Messages, files, snippets, posts and member profiles
- D. Messages, files, snippets, posts and files

Answer: C

Explanation:
With Slack's data residency, the following data types are stored in the selected region:

"Messages, files, snippets, posts, and member profiles."
Data used for analytics and some metadata may still be processed globally, but the primary user-generated content is kept within the specified region.
(Reference: Slack Administration Study Guide - Data Residency Overview)
-

NEW QUESTION # 140
Incident managers at your organization use ServiceNow for incident response.
What is the benefit of integrating Slack with an app like ServiceNow?

- A. Integrating an app gives you a unified view into what's happening in the app natively, without ever having to leave Slack.
- B. Integrating an app allows you to bypass security settings since they're not applicable in Slack.
- C. Integrating an app means you never have to log in to the app natively.
- D. Integrating an app allows third parties to access your Slack data and recommend similar apps to you in the future.

Answer: A

Explanation:
Slack app integration benefits state:
"Integrations allow users to interact with and get updates from external apps (like ServiceNow) directly within Slack, without leaving Slack." Third-party access (A) is inaccurate. Completely avoiding login (C) isn't always true. Security (D) is still enforced when using integrated apps.
(Reference: Slack Administration Study Guide - App Integration Benefits)

NEW QUESTION # 141
Mayim, the Chief Human Resources Officer at Large Inc, is concerned that her team communicates mostly via direct messages rather than channels. She wants to know if the HR workspace is lagging behind the rest of the organization.
What information should the Workspace Admin provide to help Mayim?

- A. The percentage of messages sent via direct message in the HR workspace to the organization's overall percent of direct messages
- B. The number of messages posted in the #help-hr triage channel over the past 30 days
- C. The statistic that HR is typically a more confidential function than other teams and should expect to have more information in direct message
- D. Instructions on how to conduct a poll in channel asking members if they've been using channels or direct messages, using emoji for responses

Answer: A

NEW QUESTION # 142
You're an Org Admin for your company's Slack Enterprise Grid org. Your organization uses an identity provider (IdP) with SCIM provisioning. Today is the last day of employment for a manager at your company who is a Workspace Admin.
What is the best strategy to ensure the account is no longer active after this Workspace Admin's departure?
(Select the best answer.)

- A. Deactivate the departing Workspace Admin from all Enterprise Grid workspaces from each workspace's Manage Members page.
- B. Manually delete the departing Workspace Admin from your organization's IdP.
- C. Deactivate the Workspace Admin's account in the IdP, and automatically sync deactivated members from your organization's IdP.
- D. Request an Org Owner deactivate the departing Workspace Admin from the Org Admin dashboard.

Answer: C

Explanation:
According to Slack's official SCIM documentation:
"Deactivating a user in the identity provider (IdP) automatically deactivates the user's Slack account through SCIM provisioning."
This ensures the Workspace Admin is promptly deactivated across the Enterprise Grid without needing manual action in Slack itself.

Options A, C, and D are manual or inefficient approaches when SCIM is available.
(Reference: Slack Administration Study Guide - SCIM Provisioning and Lifecycle Management)
-

NEW QUESTION # 143

You're overseeing the workspace design for your organization's launch of Slack Enterprise Grid. You want to prioritize ease of administration for channels, workspaces, users, and user groups.
Which is the most important step when setting up your workspaces?
(Select the best answer.)

- A. Take into account the cultural dynamics within the company.
- B. Minimize the number of multi-workspace channels to administer.
- C. Ensure users can frequently and easily switch between workspaces throughout the day.
- D. Identify an appropriate set of Workspace Owners and Admins for each workspace.

Answer: D

Explanation:
Slack Enterprise Grid best practices emphasize:
"Assigning the right Workspace Owners and Admins for each workspace is critical for maintaining ease of administration, clear governance, and efficient management of channels, members, and policies." While minimizing multi-workspace channels (A) and considering culture (B) are important, selecting strong admin leadership (D) has the most direct impact on administrative efficiency. Frequent workspace switching (C) does not impact administrative setup directly.
(Reference: Slack Administration Study Guide - Enterprise Grid Workspace Setup)
