

# MikroTik MTCNA Dumps - MTCNA Valid Exam Tutorial

P.S. Free & New MTCNA dumps are available on Google Drive shared by ActualTorrent: <https://drive.google.com/open?id=1dwO33fVeAP33vCjIs7Woi0fINyG7rBKu>

We guarantee you that our top-rated MikroTik MTCNA practice exam (PDF, desktop practice test software, and web-based practice exam) will enable you to pass the MikroTik Certified Network Associate Exam (MTCNA) certification exam on the very first go. The authority of ActualTorrent in MTCNA Exam Questions rests on its being high-quality and prepared according to the latest pattern.

MikroTik MTCNA (MikroTik Certified Network Associate) exam is designed to test the knowledge and skills of networking professionals in configuring and maintaining MikroTik routers. The MTCNA Certification is suitable for individuals who are starting their career in networking or want to advance their existing knowledge in MikroTik routers.

## MTCNA Valid Exam Tutorial | MTCNA Exam Overview

At present, MikroTik certification exam is the most popular test. Have you obtained MikroTik exam certificate? For example, have you taken MikroTik MTCNA certification exam? If not, you should take action as soon as possible. The certificate is very important, so you must get MTCNA certificate. Here I would like to tell you how to effectively prepare for MikroTik MTCNA exam and pass the test first time to get the certificate.

## MikroTik Certified Network Associate Exam Sample Questions (Q19-Q24):

### NEW QUESTION # 19

If a packet comes to a router and starts a new, previously unseen connection, which connection state would be applied to it?

- A. invalid
- **B. new**
- C. no connection state would be applied to such packet
- D. established
- E. unknown

**Answer: B**

### NEW QUESTION # 20

Which default route will be active?

```
/ip route
add disabled=no distance=10 dst-address=0.0.0.0/0 gateway=1.1.1.1
add disabled=no distance=5 dst-address=0.0.0.0/0 gateway=2.2.2.2
```

- A. Route via gateway 2.2.2.2
- B. Route via gateway 1.1.1.1

**Answer: A**

#### NEW QUESTION # 21

Which features are removed when the advanced-tools package is uninstalled?

- A. ping
- B. neighbors
- C. ip-scan
- D. netwatch
- E. bandwidth-test
- F. LCD support

**Answer: C,D,E**

Explanation:

The advanced-tools package in MikroTik RouterOS contains a set of diagnostic and monitoring tools. If this package is removed, the following features are lost:

- \* ip-scan ##Used for scanning IP ranges to discover hosts
- \* netwatch ##Monitors host availability and runs scripts on status changes
- \* bandwidth-test ##Used to measure throughput between MikroTik devices

Incorrect options:

- \* A. neighbors # Part of the main system package (MAC discovery)
- \* B. LCD support # Tied to specific hardware; not affected by advanced-tools
- \* D. ping # Part of the base system package

MTCNA System Tools Section - Package Breakdown:

"The advanced-tools package includes netwatch, bandwidth-test, and ip-scan. These are not part of the base system." Rene

Meneses Guide - Package Management:

"Removing advanced-tools disables several diagnostic commands like ip-scan and bandwidth-test." Terry Combs Notes - Tools Overview:

"Ping and neighbors are in core OS. Advanced-tools affects monitoring scripts and traffic tools."

#### NEW QUESTION # 22

A network ready device is directly connected to a MikroTik RouterBOARD 750 with a correct U.T.P. RJ45 functioning cable. The device is configured with an IPv4 address of 192.168.100.70 using a subnet mask of 255.255.255.252. What will be a valid IPv4 address for the RouterBOARD 750 for a successful connection to the device?

- A. 192.168.100.70/255.255.255.252
- B. 192.168.100.69/255.255.255.252
- C. 192.168.100.71/255.255.255.252
- D. 192.168.100.68/255.255.255.252

**Answer: B**

#### NEW QUESTION # 23

Which of these are possible solutions to bridge two networks over a wireless link:

- A. One device in AP mode, another one in station
- B. Both devices in AP mode and enable WDS mode
- C. One device in AP mode, another one in station-pseudobridge
- D. One device in AP mode, another one in station-pseudobridge-clone

**Answer: B,C,D**

Explanation:

To bridge two networks over a wireless link (i.e., perform Layer 2 bridging), MikroTik offers several wireless modes that support bridging:

- \* WDS (Wireless Distribution System) is MikroTik's mechanism to forward Layer 2 frames over wireless
- \* pseudobridge and pseudobridge-clone attempt to mimic Layer 2 bridging, with some limitations Option analysis:
- \* A.#Correct-Using AP mode on both ends and enabling WDS allows full Layer 2 bridging
- \* B.#Correct-pseudobridge-clone allows limited bridging by spoofing the MAC address of the connected host
- \* C.#Correct-station-pseudobridge enables partial bridging (one client per MAC)
- \* D.#Incorrect-station mode alone does not support Layer 2 bridging; it performs routing/NAT instead Extract from MTCNA

Course Material - Bridging and Wireless Section:

"To bridge over wireless, you can use WDS or station-pseudobridge(-clone). WDS provides true Layer 2 bridging, while pseudobridge methods simulate it for single hosts." Extract from Rene Meneses Study Guide - Wireless Bridging:

"WDS is most reliable for bridging. pseudobridge and pseudobridge-clone work with one client and should be used cautiously."

Extract from Terry Combs Notes - Wireless Bridging:

"station mode alone is not sufficient for bridging. Use WDS or pseudobridge options."

## NEW QUESTION # 24

.....

ActualTorrent customizable & advanced MTCNA online test engine can create a real exam simulation environment to help to prepare for your MikroTik MTCNA exam test. The intelligence and humanization can inspire your desire for MTCNA exam test study. Besides, the MTCNA online test engine is suitable for all the electronic devices without any installation restriction. We know that time is very precious for everyone in the society. While ActualTorrent MTCNA Online Test engine can help you study efficiently. Now, you see, with the MTCNA online test engine, you can get a score after each test, thus you will know your error and enhance your weakness. Besides, you can set the frequency of occurrence of the questions you made mistake. With the high study efficiency and valid MTCNA exam torrent, passing the MTCNA actual test is no longer a problem.
