Acquia Certified Site Builder - Drupal 8 Sample Questions (Q37-Q42):

NEW QUESTION # 37

You have created a new Comment type, but when you try to add a comment field to a Content type, you can't select your new Comment type.

What could be the problem?

- A. You need to clear the site caches to see the new option
- **B. In your new Comment type, you didn't select "Content" as the Target entity type**
- C. "Allow comments" is not checked in the Content type settings
- D. Custom comment types can only be added to default Content types

Answer: B

NEW QUESTION # 38

You manage two sites A public site ("Prod"), which is live to the world, and a development site ("Dev"), for building new features and testing updates. Dev is a clone of Prod You have created a new content type, fields and View on Dev After testing and ensuring that everything is working correctly on Dev, you would like to deploy these changes to Prod How will you do this using only Drupal core modules'?

- A. You must use a contributed module such as Features to import and export configurations between two sites.
- B. On Dev, go to the Configuration section of your content type admin interface Export the content type configuration. Repeat for fields and Views On Prod, import your content type archive into the content type Configuration section Repeat for fields and Views.
- C. To minimize data loss, it is best to recreate the steps manually on Prod that you used to setup the content type, fields, and View on Dev
- D. On Dev, go to the Configuration synchronization interface Export an archive of the full site configuration Go to Configuration synchronization on Prod Upload your site archive Click "Import all."

Answer: C

NEW QUESTION # 39

Your content team has asked to be able to use <div> tags in the content of a particular article The default configuration does not allow for this How can you reconfigure the site to support this request? Choose 2 answers

- A. Reconfigure the "Basic HTML" text format to allow the use of tags
- B. Reconfigure the page's body field to use the "Full HTML" text format.
- C. Enable the site theme's "structural HTML" setting
- D. Reconfigure the site's permissions; grant content editors the "Use advanced HTML" permission

Answer: C,D

NEW QUESTION # 40

A page has been added for a new product, and the marketing team wants you to add it to the main navigation menu, as a child of the "Products" page During a promotion period, the team also wants you to add a link to the new page as a child of the "What's New" page.

What is the best way to add both links to the main navigation menu?

- A. In the Main navigation menu, add two links to the new page, one with "Products" as the parent page and the other with "What's New" as the parent page Set the second link to expire on the date the promotion ends
- B. Edit the new page, add a link in Menu Settings and select "Products" as the Parent item In the Main navigation menu, add a new link to the page and select "What's New" as the parent item When the promotion is over, delete the second link from the menu.
- C. Edit the new page and create two links in the Menu Settings section, one with "Products" as the parent page and the other with "What's New" as the parent page When the promotion is over, delete the second menu link
- D. Edit the new page, add a link in Menu Settings, and select "Products" as the Parent item Clone the new page, and set the menu link parent to the "What's New" page. When the promotion is over, delete the cloned page

Answer: B

NEW QUESTION # 41

Your company website has a form "Contact Us" through which users can submit questions or feedback to the company This form uses the site-wide contact form that comes with Drupal 8 The News department within your company has requested their own contact form so that site visitors can specify additional information about a potential story How can you build the News department their own contact form with an additional field, using only Drupal core modules"

- A. Under Structure > Contact Forms, add a new contact form with the News department's email address as the recipient, and a new field: "Story information."

- Answer: A**
