The information security team wants to make it harder for bots and unauthorized users to create and activate new accounts What are two ways to reduce the number of unwanted new, active accounts? Choose 2 answers

- A. Set "Who can register accounts" to "Visitors," and check "Enable password strength indicator"
- **B. Set the personal contact form for new users to disabled, and set email verification to use the personal contact form method.**
- C. Set the Registration and Cancellations settings to "Require email verification when a visitor creates an account."
- D. Set "Who can register accounts" to "Administrators only," and assign the task of new account creation to site admins.

Answer: B

NEW QUESTION # 16

You are running a Drupal 8 site, and the Status report page shows two errors that there is a security update available for your version of Drupal, and that the `trusted_host_patterns` setting is not configured in `settings.php`. What are the next steps to solve these errors?

- A. Update Drupal core, using the "update settings" option
- B. Update Drupal core. This will fix both errors, since updating Drupal automatically updates settings.php
- C. Update Drupal core and enable the Trusted Host Settings module.
- D. Update Drupal core and configure the `trusted_host_patterns` setting in your settings.php file

Answer: D

NEW QUESTION # 17

A page has been added for a new product, and the marketing team wants you to add it to the main navigation menu, as a child of the "Products" page. During a promotion period, the team also wants you to add a link to the new page as a child of the "What's New" page.

What is the best way to add both links to the main navigation menu?

- A. In the Main navigation menu, add two links to the new page, one with "Products" as the parent page and the other with "What's New" as the parent page. Set the second link to expire on the date the promotion ends.
- B. Edit the new page, add a link in Menu Settings and select "Products" as the Parent item. In the Main navigation menu, add a new link to the page and select "What's New" as the parent item. When the promotion is over, delete the second link from the menu.
- C. Edit the new page and create two links in the Menu Settings section, one with "Products" as the parent page and the other with "What's New" as the parent page. When the promotion is over, delete the second menu link.
- D. Edit the new page, add a link in Menu Settings, and select "Products" as the Parent item. Clone the new page, and set the menu link parent to the "What's New" page. When the promotion is over, delete the cloned page.

Answer: B

NEW QUESTION # 18

Your company website has a form "Contact Us" through which users can submit questions or feedback to the company. This form uses the site-wide contact form that comes with Drupal 8. The News department within your company has requested their own contact form so that site visitors can specify additional information about a potential story. How can you build the News department their own contact form with an additional field, using only Drupal core modules?

- A. Under Structure > Contact Forms, add the News department's email address to the recipients of the existing contact form, and a new field "Story information."
- B. Under Structure > Contact Forms, add a new contact form with the News department's email address as the recipient, and a new field: "Story information."
- C. This request is best handled with a contributed module such as Webform.
- D. Update the existing contact form with a checkbox ("Send message to News team"): a "Story Information" field, and conditional fields to route the message accordingly.

Answer: B

NEW QUESTION # 19

You have an English language based website. As your company is opening a branch in Japan, you wish to create a Japanese version of the website. You enabled relevant Multilingual modules and also enabled the Japanese language on your website.
