### NEW QUESTION # 22

As the influence of a stakeholder increases, it is recommended that a 'higher' level of engagement is appropriate. Which of the following describes this increasing engagement?

- A. Maintain interest, active consultation, keep informed
- **B. Keep informed, maintain interest, active consultation**
- C. Active consultation, keep informed, maintain interest
- D. Keep informed, active consultation, maintain interest

**Answer: B**

Explanation:

The progression of stakeholder engagement levels, as a stakeholder's influence increases, follows the sequence: "Keep informed, maintain interest, active consultation." This reflects a growing degree of interaction and involvement.

Initially, stakeholders should be kept informed to maintain awareness. As their influence or importance increases, programmes must maintain their interest by involving them more proactively. Finally, for highly influential stakeholders, active consultation is required to ensure their views are heard, concerns addressed, and their support secured.

The MSP Practitioner explains: "This option signifies increasing interaction with stakeholder," emphasizing that engagement strategies must be tailored according to stakeholder influence and interest to maximize positive impact and minimize resistance.

This graduated approach ensures resource-effective stakeholder management, helping to build trust and alignment throughout the programme lifecycle.
