

H12-891_V1.0 Test Vce Free & Certification H12-891_V1.0 Training

P.S. Free & New H12-891_V1.0 dumps are available on Google Drive shared by TestPassKing: https://drive.google.com/open?id=1IE4NbNTVl6n_KzrtfK-SBsYfNuSmXisn

In accordance with the actual exam, we provide the latest H12-891_V1.0 exam dumps for your practices. With the latest H12-891_V1.0 test questions, you can have a good experience in practicing the test. Moreover, you have no need to worry about the price, we provide free updating for one year and half price for further partnerships, which is really a big sale in this field. After your payment, we will send the updated H12-891_V1.0 Exam to you immediately and if you have any question about updating, please leave us a message on our H12-891_V1.0 exam questions.

If you do not choose a valid H12-891_V1.0 practice materials, you will certainly feel that your efforts and gains are not in direct proportion, which will lead to a decrease in self-confidence. You spent a lot of time, but the learning outcomes were bad. If you are facing these issues, then we suggest that you try our H12-891_V1.0 training prep, which have great quality and they are efficient. Under the guidance of our H12-891_V1.0 learning materials, you can improve efficiency and save time. Because we can provide high-quality H12-891_V1.0 exam questions to help you pass the exam successfully.

Pass Guaranteed Valid H12-891_V1.0 - HCIE-Datacom V1.0 Test Vce Free

As the old saying goes people change with the times. People must constantly update their stocks of knowledge and improve their practical ability. Passing the test H12-891_V1.0 certification can help you achieve that and buying our H12-891_V1.0 study materials can help you pass the test smoothly. Our system is strictly protect the clients' privacy and sets strict interception procedures to forestall the disclosure of the clients' private important information. Our system will automatically send the updates of the H12-891_V1.0 Study Materials to the clients as soon as the updates are available. So our system is wonderful.

Huawei HCIE-Datacom V1.0 Sample Questions (Q227-Q232):

NEW QUESTION # 227

Regarding Policy Routing, the following description error is ?(Single choice questions).

- A. When configuring local policy routing, if two next hop and two outbound interfaces are set in the policy at the same time, packet forwarding only distributes the load between the two outbound interfaces.
- B. Interface policy routing only takes effect for forwarded packets, but has no effect on packets sent locally.
- C. If the message matches the permit table entry in the interface policy route , the message must be forwarded according to the next hop specified by the interface policy route

- D. Interface policy routing is only supported for application in the inbound direction of an interface.

Answer: C

NEW QUESTION # 228

What is the wrong description of the function of OSPFv3 protocol authentication?

- A. The OSPFv3 protocol header removes the Type and Authentication fields
- **B. Huawei router OSPFv3 IPsec authentication can not only support transmission mode, but also support tunnel mode**
- C. OSPFv3 authentication relies on IPv6 packet authentication headers and encapsulation security net load headers
- D. OSPFv3 can only establish a security alliance SA using manual mode

Answer: B

NEW QUESTION # 229

In the small and midsize campus network design based on the Huawei Cloud Campus Solution, when over 100 branches need to communicate with each other, which of the following interconnection networking models is recommended?

- **A. Hub-spoke networking**
- B. Direct networking
- C. Full-mesh networking
- D. Partial-mesh networking

Answer: A

Explanation:

Comprehensive and Detailed Explanation:

#Hub-Spoke networking is the most efficient and scalable model for interconnecting 100+ branches in a small and midsize campus network.

#Why Hub-Spoke?

Centralized Control: A hub router manages communication between spoke routers (branch sites).

Reduced Complexity: Unlike full-mesh, which requires $N(N-1)/2$ connections, hub-spoke minimizes link costs.

Easier Management: Policy enforcement and security are centralized at the hub site.

#Why Not Other Options?

#A (Direct Networking) # Suitable for small networks, but inefficient for 100+ branches.

#B (Full-Mesh Networking) # High cost and complexity, requiring too many links.

#D (Partial-Mesh Networking) # More scalable than full-mesh, but hub-spoke is more optimized for large branch networks.

NEW QUESTION # 230

When designing IGP routes for an enterprise bearer WAN, ensure that the metric of aggregation-layer links is smaller than that of access-layer links, so that data can be preferentially forwarded over aggregation-layer links.

- A. FALSE
- **B. TRUE**

Answer: B

Explanation:

IGP Metric Design in Enterprise WANs

In an enterprise bearer WAN, routing metrics determine path selection. The aggregation layer connects multiple access-layer devices to the core network, so it should have a lower metric to:

Ensure traffic is forwarded through higher-capacity aggregation links instead of lower-bandwidth access links. # Optimize traffic flow, reduce congestion, and improve network efficiency. # Enhance reliability by preferring more stable aggregation links.

IGP Routing Protocols Considerations:

* OSPF: Lower cost values indicate preferred paths.

* IS-IS: Lower link metrics result in preferred forwarding paths.

NEW QUESTION # 231

The following statement about VXLAN gateways is incorrect

- A. Layer 2 gateway: Used to solve the problem of tenant access to the VXLAN virtual network, it can also be used for subnet communication of the same VXLAN virtual network.
- B. Layer 3 gateway: Used for cross-subnet communication of VXLAN virtual networks and access to external networks.
- C. Layer 2 gateway and VPN instance binding.
- D. VXLAN Layer 3 gateways can be divided into centralized gateways and distributed gateways.

Answer: C

NEW QUESTION # 232

.....

You can receive help from Huawei H12-891_V1.0 Exam Questions for the entire, thorough, and immediate Prepare for your HCIE-Datcom V1.0 H12-891_V1.0 exam preparation. The top-rated and authentic HCIE-Datcom V1.0 H12-891_V1.0 practice questions in the Huawei H12-891_V1.0 Test Dumps will help you easily pass the Huawei H12-891_V1.0 exam. You can also get help from actual HCIE-Datcom V1.0 H12-891_V1.0 exam questions and pass your dream HCIE-Datcom V1.0 H12-891_V1.0 certification exam.
