UiPath Test Automation Engineer Professional v1.0 (UiPath-TAEPv1) PDF dumps are the third and most convenient format of the UiPath Test Automation Engineer Professional v1.0 (UiPath-TAEPv1) PDF questions prep material. This format is perfect for busy test takers who prefer to study for the UiPath Test Automation Engineer Professional v1.0 (UiPath-TAEPv1) exam on the go. Questions bank in the VCE4Plus UiPath UiPath-TAEPv1 Pdf Dumps is accessible via all smart devices. We also update UiPath Test Automation Engineer Professional v1.0 (UiPath-TAEPv1) PDF questions regularly to ensure they match with the new content of the UiPath-TAEPv1 exam.

UiPath UiPath-TAEPv1 Exam Syllabus Topics:

Topic	Details
Topic 1	• UiPath Studio - Testing Panels and Templates: This section of the exam measures the skills of RPA Developers and focuses on how to work with testing panels in UiPath Studio. It includes how to create, import, and manage test cases, along with the use of Test Explorer for analyzing test outcomes. It also covers Descriptor and Activity Coverage panels used for examining object recognition and checking redundancy in test cases. The section further explains testing project templates, the Test Automation Framework, and how to customize execution and test case templates.
Topic 2	• UiPath Studio - Data-driven Testing: This section of the exam measures the skills of RPA Developers and centers around managing test data variations using data-driven testing approaches. It explains how to add test data through queues, activities, or data sources, and how to create reusable test cases based on this data. The section also highlights connecting UiPath Studio projects to Test Manager to enhance traceability and visibility of test progress.
Topic 3	• CI • CD Implementation: This section of the exam measures the skills of RPA Developers and introduces the concepts of Continuous Integration and Continuous Delivery (CI • CD). It covers how to implement pipelines and perform tasks using the UiPath Command Line Interface (CLI) for streamlined and automated deployments of test workflows and processes.
Topic 4	• UiPath Test Manager: This section of the exam measures the skills of Test Automation Engineers and focuses on using UiPath Test Manager for managing test lifecycles. It includes actions like defining custom fields, managing access, importing • exporting projects, and documenting manual steps using UiPath Task Capture. It also explains how to analyze test results, handle execution re-runs, manage KPIs, and create defects for failed test cases, along with troubleshooting common errors.:

Topic 5	• Environments, Applications, and • or Tools: This section of the exam measures the skills of RPA Developers and evaluates comfort with various tools and environments commonly used with UiPath. These include Microsoft Excel, JSON, XML, ERPs, web elements, browsers, virtual machines, version control systems, and UiPath components such as Studio, Orchestrator, and Robots.
Topic 6	• UiPath Robot: This section of the exam measures the skills of RPA Developers and explains the role of testing robots and their connectivity with UiPath Orchestrator. It discusses the execution of test cases using both on-premises and cloud-based robots and highlights how different robot types support automation testing in a scalable environment.

UiPath UiPath-TAEPv1 Reliable Test Sample & UiPath-TAEPv1 Latest Practice Materials

First and foremost, our company has prepared UiPath-TAEPv1 free demo in this website for our customers. Second, it is convenient for you to read and make notes with our versions of UiPath-TAEPv1 exam materials. Last but not least, we will provide considerate on line after sale service for you in twenty four hours a day, seven days a week. So let our UiPath-TAEPv1 Practice Guide to be your learning partner in the course of preparing for the exam, it will be a wise choice for you to choose our UiPath-TAEPv1 study dumps.

UiPath Test Automation Engineer Professional v1.0 Sample Questions (Q58-Q63):

NEW QUESTION # 58
What does the Timezone configuration in the Add Test Schedule section do?

- A. It determines the timezone of your Orchestrator instance.
- B. It allows to specify the timezone according to which the schedule is launched.
- C. It adjusts the test execution time according to the tenant's timezone.
- D. It allows to set up a default timezone for all test schedules.

Answer: B

Explanation:
The Timezone configuration in the Add Test Schedule section allows you to specify the timezone according to which the test schedule is launched. This ensures that the test execution aligns with the correct time zone, especially when working with teams across different geographical locations.

NEW QUESTION # 59
Which type of local templates can be used when creating a new test case?

- A. Execution template, Project template, Custom template.
- B. Test template, Project template, Workflow template.
- C. Execution template, Workflow template, Test case template.
- D. Execution template, Workflow template, Script template.

Answer: C

Explanation:
When creating a new test case in UiPath, you can use local templates such as:
Execution template - defines how the test case is executed
Workflow template - provides reusable workflow logic
Test case template - serves as the base structure for new test cases
These templates help standardize and streamline test creation.

NEW QUESTION # 60

A developer needs to design a coded automation that approves or denies a loan application based on the loan rate. How should the Execute() entry point method be declared if it needs to return the value for (IsLoanApproved), based on the loan rate (LoanRate)?

- A. public (int LoanRate) Execute(bool IsLoanApproved)
- B. public bool Execute (bool IsLoanApproved, int loanRate)
- C. public (bool IsLoanApproved) Execute(int LoanRate)
- D. public int Execute (bool IsLoanApproved)

Answer: B

Explanation:
The correct method signature for a coded automation in UiPath that needs to process input (loanRate) and return a value (IsLoanApproved) is:
public bool Execute(bool IsLoanApproved, int loanRate)
This follows the standard format where input parameters are passed to the method, and the result is returned via the method's return type.

NEW QUESTION # 61

What are the actions needed in UiPath Test Manager in order to give the Project Owner role to a different user?

- A. Select the Transfer ownership option for the new user via Manage access in Project Settings.
- B. Select the new user via the Ownership tab in Project Settings.
- C. Assign the Project Owner role via the Assign users/group option in Project Settings.
- D. Assign the Project creator role via Role Assignment in overall UiPath Test Manager settings.

Answer: A

Explanation:
To give the Project Owner role to a different user in UiPath Test Manager, you need to select the Transfer ownership option for the new user via Manage access in Project Settings. This allows the ownership to be transferred to the new user.

NEW QUESTION # 62

How can activity coverage scenarios for different automation needs be created in UiPath?

- A. Create one comprehensive test case that covers all scenarios in one execution.
- B. Create separate test cases to cover each scenario during the execution.
- C. Use the same test case, but execute it in different workflows.
- D. Alter the workflow to ensure a single test case covers all scenarios.

Answer: B

Explanation:
To ensure thorough activity coverage in UiPath, it's best to create separate test cases for each automation scenario. This allows targeted validation, improves clarity in test results, and ensures that all logic branches are adequately tested.

NEW QUESTION # 63

......

Our website is considered to be the top test seller of UiPath-TAEPv1 practice materials, and gives you the best knowledge of the content of the syllabus of UiPath-TAEPv1 preparation materials. They provide you with the best possible learning prospects by using minimal effort to satisfy the results beyond your expectations. Despite the intricacies of the nominal concept, the questions of UiPath-TAEPv1 Exam Questions have been made suitable whatever level you are.
