### **NEW QUESTION # 64**

Who decides the Team PI Objective Business Value scoring after negotiation?

- A. Product Management
- B. The RTE
- C. The Agile Team
- D. Business Owner

**Answer: D**

Explanation:

The business owner is the person who decides the team PI objective business value scoring after negotiation.

The business owner is a key stakeholder who has the primary business and technical responsibility for governance, compliance, and return on investment (ROI) for a specific value stream. The business owner participates in the PI planning event and assigns business value points to each team PI objective based on their alignment with the program vision and objectives. The business owner also reviews and approves the final plan and value scores after the team and program risks are resolved. References: PI Planning Business Owners

### **NEW QUESTION # 65**

The primary goal of SAFe is to achieve what?

- A. Organizing around value
- B. Lean Portfolio Management
- C. Business Agility
- D. Customer centricity

**Answer: C**

Explanation:

Explanation

The primary goal of SAFe is to achieve business agility. Business agility is the ability to compete and thrive in the digital age by quickly responding to market changes and emerging opportunities with innovative solutions.

Business agility requires that everyone involved in delivering solutions-business and technology leaders, development, IT operations, legal, marketing, finance, support, compliance, security, and others-use Lean and Agile practices to continually deliver innovative, high-quality products and services faster than the competition. #### NEW QUESTION # 68

Which statement is a value from the Agile Manifesto?

- A. Customer collaboration over ongoing internal conversation
- B. Customer collaboration over a constant indefinite pace
- C. Customer collaboration over Feature negotiation
- D. Customer collaboration over contract negotiation

**Answer: D**

Explanation:

This statement is one of the values from the Agile Manifesto. The Agile Manifesto is a declaration of four values and twelve principles that guide Agile software development. The four values are: individuals and interactions over processes and tools; working software over comprehensive documentation; customer collaboration over contract negotiation; and responding to change over following a plan. Customer collaboration over contract negotiation means that Agile teams value building strong relationships with their customers based on trust, feedback, and shared understanding, rather than relying on rigid contracts that limit flexibility and creativity.
