There are many other advantages of our H35-211_V2.5 exam questions. To gain a full understanding of our H35-211_V2.5 learning guide, please firstly look at the introduction of the features and the functions of our H35-211_V2.5 exam torrent. The page of our product provide the demo to let the you understand part of our titles before their purchase and see what form the software is after the you open it. The client can visit the page of our product on the website. So the client can understand our H35-211_V2.5 Quiz torrent well and decide whether to buy our H35-211_V2.5 exam questions or not at their wishes.

Huawei H35-211_V2.5 (HCIP-Access V2.5) Certification Exam is a professional level certification exam offered by Huawei. HCIP-Access V2.5 certification exam is designed to test the knowledge and skills of IT professionals who are interested in working with Huawei's access network products and solutions. H35-211_V2.5 Exam covers a wide range of topics related to access network technologies, including basic access network concepts, access network planning and deployment, access network maintenance and troubleshooting, and more.

Training H35-211_V2.5 Pdf | H35-211_V2.5 Examcollection

Our H35-211_V2.5 guide questions boost many advantages and varied functions. You can have a free download and tryout of our product before the purchase and our purchase procedures are safe. Our software carries no viruses and we provide 3 versions for you to choose. You need little time to learn the H35-211_V2.5 Exam Torrent and prepare the exam. Our passing rate and the hit rate is very high. After you pass the exam you will gain a lot of benefits such as enter in the big company and double your wage.

Huawei HCIP-Access V2.5 Sample Questions (Q66-Q71):

NEW QUESTION # 66

(Multiple choice) Which of the following measures can be adopted by GPON for traffic control?

- A. GEM mapping
- B. Flow-CAR
- C. T-CONT-CAR
- D. GEM-CAR

Answer: B,C,D

Explanation:

Huawei GPON implements hierarchical traffic control. CAR (Committed Access Rate) can be applied at multiple layers: GEM-port level (GEM-CAR), per-flow (Flow-CAR), and T-CONT level (T-CONT-CAR) for upstream bandwidth policing/shaping and guaranteeing QoS. GEM mapping is a classification/association mechanism (service # GEM/T-CONT) rather than a traffic-control action, so it is not a CAR measure.

References: HCIP-Access V2.5 Study Guide - GPON Service Bearing and QoS (T-CONT, GEM, CAR and hierarchical traffic control).

NEW QUESTION # 67

When the H.248 protocol is used to deploy the VoIP service, the registration information sent by the MG to the MGC contains the following information:

```
Services {Method=Restart Reason=[901]}
```

Which command can trigger the information?

- A. ONT re-register
- B. Reset coldstart
- C. Reboot system
- **D. Board restart**

Answer: D

Explanation:

The MG reports availability and restarts to the MGC using H.248 ServiceChange with Method=Restart. The Reason code distinguishes the type of restart. In Huawei implementations aligned with H.248 semantics, Reason=[901] corresponds to a warm/warmboard restart scenario rather than a full cold start.

Board restart triggers a warm restart of the voice board/MG, producing ServiceChange { Method=Restart, Reason=901 }.

Reset coldstart performs a cold start, which would use a different reason code (cold start), not 901.

Reboot system generally implies a broader device reboot similar to cold start semantics, not 901.

ONT re-register affects ONU registration and does not cause the MG to announce a ServiceChange restart to the MGC.

References: HCIP-Access V2.5 Study Guide (H.248 ServiceChange usage and restart reporting); Huawei VoIP/MG Board Maintenance Guide (warm vs cold restart indications in ServiceChange).

NEW QUESTION # 68

If multicast services are deployed only on private networks, which multicast address segment is preferred?

- A. 225.0.0.0/8
- B. 224.0.0.0/8
- **C. 239.0.0.0/8**
- D. 232.0.0.0/8

Answer: C

Explanation:

For enterprise/private multicast, Huawei adopts the administratively scoped range 239.0.0.0/8 for internal multicast groups. 232/8 is typically used for SSM in public domains, 224/8 contains link-local and well-known groups, and 225/8 is not defined as the preferred private scope.

References: HCIP-Access V2.5 Study Guide - Multicast Addressing (administrative scope 239/8 for private networks) and IPTV Deployment Guidelines.

NEW QUESTION # 69

If only one ONU connected to a PON port cannot be automatically discovered, the possible cause is that the hardware of the ONU is faulty.

- A. FALSE
- **B. TRUE**

Answer: B

Explanation:

When other ONUs on the same PON port can register but one ONU cannot, troubleshooting focuses on the individual ONU or its drop fiber. Valid possible causes include: ONU not powered, fiber/connector issues, password/SN mismatch, or faulty ONU hardware. Since hardware failure of that specific ONU is one of the recognized possible causes, the statement is true.

NEW QUESTION # 70

When ONT fails or the hardware needs to be replaced, the ONT needs to be removed on the OLT and then a new ONT needs to be registered.

- A. Right
- B. wrong

Answer: B

Explanation:

Huawei OLTs support ONT replacement without deleting the original service profile by using ONT replace /auto-find mechanisms. The OLT can bind the new ONT (new SN) to the existing ONT configuration template (service-port, VLAN, QoS, multicast profile, etc.), achieving a smooth replacement without manually removing and re-creating the ONT and services. The statement that you must remove the ONT and re-register from scratch is therefore wrong.

References: HCIP-Access V2.5 Study Guide - ONT Lifecycle Ops (Discovery, Authentication, Replacement); Huawei OLT Configuration Guide - ONT Replace Procedure.

NEW QUESTION # 71

.....

Although our company has designed the best and most suitable H35-211_V2.5 learn prep, we also do not stop our step to do research about the H35-211_V2.5 study materials. All experts and professors of our company have been trying their best to persist in innovate and developing the H35-211_V2.5 test training materials all the time in order to provide the best products for all people and keep competitive in the global market. We believe that the H35-211_V2.5 Study Materials will keep the top selling products. We sincerely hope that you can pay more attention to our H35-211_V2.5 study questions.
