In this circumstance, if you are the person who is willing to get Apple-Device-Support exam prep, our products would be the perfect choice for you. Here are some advantages of our Apple-Device-Support exam prep, our study materials guarantee the high-efficient preparing time for you to make progress is mainly attributed to our marvelous organization of the content and layout which can make our customers well-focused and targeted during the learning process. As a result, our Apple-Device-Support Study Materials raise in response to the proper time and conditions while an increasing number of people are desperate to achieve success and become the elite.

## Apple Device Support Exam Sample Questions (Q37-Q42):

### NEW QUESTION # 37

Which option can you access to view the current activity of Apple Configurator for Mac?

- A. From the Apple Configurator menu bar, choose Window > Activity.
- B. Double-click the device and select Activity.
- C. From the Apple Configurator menu, choose View Activity.

**Answer: A**

### NEW QUESTION # 38

You're reviewing the manual page for the defaults command in Terminal. What should you do to exit a manual page in the Terminal window?

- A. Type Exit and Press the Return key
- B. Press the Control-X keys
- C. Press the Esc key
- D. Press the Q key

**Answer: D**

Explanation:

The Q key is the universal shortcut to quit or exit a manual page in the Terminal window. The manual page, or man page, is a document that provides information about a command or utility in the Unix-like operating systems. The man command is used to display the man page for a given command or topic. The man command uses a pager program, such as less or more, to display the man page in the Terminal window. A pager program allows the user to scroll through the text file one page, line, or half-page at a time. To exit the pager program and return to the shell prompt, the user needs to press the Q key. This is the same for any other program that invokes the pager program, such as git log or git diff. The Q key stands for quit, and it is easy to remember for Mac users who are familiar with the Command + Q shortcut to quit an application. References:

### NEW QUESTION # 39

Use this image to answer the question.

What should you do if you forgot your passcode and your iPhone is disabled?

- A. Force shutdown your iPhone and wait 10 seconds, then turn it back on.
- B. Connect your iPhone to your Mac, then use Apple Configurator to revive the device.
- C. Put your iPhone in recovery mode, then connect it to your Mac or PC to restore it.
- D. **Wait until the Forgot Passcode? message appears, then follow the instructions.**

**Answer: D**

#### **NEW QUESTION # 40**

Which folders normally appear at the root level of the storage volume in the Finder on a Mac?

- A. Applications, Documents, System, and Users
- B. Documents, Library, System, and Users
- **C. Applications, Library, System, and Users**
- D. Library, Network, System, and Volumes

**Answer: C**

Explanation:

This is the correct answer because these are the four folders that normally appear at the root level of the storage volume in the Finder on a Mac. The root level is the topmost level of the filesystem hierarchy, denoted by /. The Applications folder contains all the applications installed on the Mac, the Library folder contains system and user preferences, the System folder contains the operating system files, and the Users folder contains the home folders of each user account. These folders are essential for the functioning and organization of the Mac, and they should not be modified or deleted without a good reason. #### NEW QUESTION # 41

Which App Store app should you use to reset your Apple ID password when you use a friend's or family member's iPhone or iPad?

- A. Apple Reset
- B. Apple ID Manager
- C. Apple ID Support
- D. **Apple Support**

#### Answer: D

Explanation:

Apple Support is a free app that helps you access personalized solutions for all of your Apple products and services, including AppleCare+ plans. You can also talk to a real person, book a reservation, find a nearby store, and manage your subscriptions. One of the features of the app is to reset your Apple ID password with the Apple Support app on a borrowed device. If you don't have an Apple device but have access to your trusted phone number, you can borrow an Apple device from a friend or family member, or use one at an Apple Store. You can open the Apple Support app on the borrowed device, scroll down to Support Tools, tap Reset Password, tap "A different Apple ID", enter your Apple ID, and follow the onscreen instructions to reset your password. Any information that you enter will not be stored on the device. References:
