NEW QUESTION # 52

When creating a new dimensional hierarchy in the BI Administration tool, right click the dimension, then select "New Object" What must be selected next?

- A. Logical Key
- B. ChildLevel

- C. ParentLevel
- D. Dynamic Key

Answer: C

Explanation:

Steps to Create a Dimension Hierarchy - >Create a dimension object.Add a parent-level object.Add child-level objects.Determine number of elements.Specify level columns.Create level keys.Create a level-based measure.Create additional level-based measures.Create share measures.Create rank measures.Add measures to Presentation layer.Test share and rank measures.

NEW QUESTION # 53

The Oracle BI office plug-in allows you to import the results of an OBI request into which two MS applications?

- A. MS Visio
- B. MS Project
- C. MS Excel
- D. MS Word

Answer: C,D

Explanation:

Explanation

Oracle Business Intelligence Office Plug-In is a Windows application that is an optional feature under the Oracle Business Intelligence Presentation Services. The Plug-In provides a way to browse the Analytics catalog, select a report, and then drop that report into Microsoft Word or Excel.

NEW QUESTION # 54

Selecting the Manage Map Data link allows one to do which three of the following?

- A. Set the zoom level of an imported map
- B. Associate map layers to columns defined in the OBIEE metadata
- C. Create a new map layer
- D. Import images for use on maps

Answer: A,B,D

Explanation:

Explanation/Reference:

The Oracle BI Presentation Services Administration page provides the Manage Map Data link. This link displays the Manage Map Data page, where you can manage the logical and display versions of the data from various physical data sources. This defines the layers that content designers use when creating map views. The data that is available for managing maps and data is stored in Oracle Database as part of MapViewer.

Using this page, you provide:

* (A) Logical names to prevent any existing BI column mappings and map analyses from breaking because of changes to the physical data or to the data source.

* Display names so that the geographic data is meaningful to end users.

Note: Administering Maps Using Administration Pages

For (C) -layers, see 3-7 below.

For (D) -import images, see 11-12 below.

To administer maps using Administration pages:

1. Sign in to Oracle Business Intelligence.
 2. In the global header, click Administration.
 3. Click the Manage Map Data link to display the Manage Map Data page.
 4. Click the Layers tab.
 5. Click the Import Layers button to display the Import Layers dialog.
 6. In the dialog, select the connection and the layers that are needed for zooming and drilling. (This tab is not prepopulated by other selections on the Administration pages. You can use any layers or images with any map.)
- Click OK when you have finished selecting layers that are appropriate for the subject area with which you are working.
7. Back on the Layers tab, select a layer, then click the Edit Layer button to display the Edit Layer dialog in which you associate

layers with attribute columns so that you can display BI data in the map view.

Click OK when you have finished editing the layer.

You use this tab to associate layers with BI data. If you use the City column in multiple subject areas, then you must associate it with a layer for each subject area.

8. Click the Background Maps tab, then click the Import Background Maps button to display the Import Background Maps dialog.

9. In the dialog, select the connection and the main maps to use.

The connection that you select for the main map can be different from the connection for the layers or images.

Click OK when you have finished selecting main maps.

10. Back on the Background Maps tab, select a map, then click the Edit Background Map button to display the Edit Background Map dialog in which you name the map and specify the order of layers and their zoom levels.

Click OK when you have finished editing the map.

11. Optionally, click the Images tab, then click the Import Images button to display the Import Images dialog. You can import images if you plan to use them as a format on maps.

12. In the dialog, select the connection and the images to use.

Click OK when you have finished selecting images.

13. Click Back when you have finished working with the Administration page. Your changes are saved automatically.

NEW QUESTION # 55

Object Security controls access to Subject Areas, Tables, and Columns in OBIEE and can be implemented by using which method?

- A. Database Authentication
- **B. Business Logic Object Security**
- C. Single Sign-On (SSO)
- D. External Table Authentication
- E. LDAP Authentication

Answer: B

Explanation:

Explanation/Reference:

Object-level security controls the visibility to business logical objects based on a user's role. You can set up object-level security for metadata repository objects, such as subject areas and presentation folders, and for Web objects, such as dashboards and dashboard pages, which are defined in the Presentation Catalog.

1) Business logic object

This controls access to objects, such as:

- * subject areas
- * presentation tables
- * presentation columns

For example, users in a particular department can view only the subject areas that belong to their department.

2) Web object security

This provides security for objects stored in the Web Catalog, such as dashboards, dashboard pages, folders, and reports. You can view only the objects for which you are authorized. For example, a mid-level manager may not be granted access to a dashboard containing summary information for an entire department.

NEW QUESTION # 56

.....

We declare that we can ensure you 100% pass, because we have the real exam questions for the 1z0-591 actual test. All the questions of Oracle 1z0-591 test pdf are taken from current pool of actual test, then after refined and checked, compiled into the complete dumps. Furthermore, the answers are correct and verified by our IT experts with decades of hands-on experience. So the high quality and accuracy of 1z0-591 Cert Guide are without any doubt. With our 100 % pass rate history & money back guarantee, you can rest assured to choose our 1z0-591 vce files.
