

## SDS Dumps Discount | SDS Latest Demo

P.S. Free 2026 DASCA SDS dumps are available on Google Drive shared by PassCollection: <https://drive.google.com/open?id=1nCWF0o4xHMzw02VYRc6qpqf7drv1Za9H>

So no matter what kinds of SDS Test Torrent you may ask, our after sale service staffs will help you to solve your problems in the most professional way. Since our customers aiming to SDS study tool is from different countries in the world, and there is definitely time difference among us, we will provide considerate online after-sale service twenty four hours a day, seven days a week, please just feel free to contact with us anywhere at any time.

In today's technological world, more and more students are taking the Senior Data Scientist (SDS) exam online. While this can be a convenient way to take an Senior Data Scientist (SDS) exam dumps, it can also be stressful. Luckily, PassCollection's best Senior Data Scientist (SDS) exam questions can help you prepare for your Senior Data Scientist (SDS) certification exam and reduce your stress.

>> SDS Dumps Discount <<

### Pass Guaranteed 2026 DASCA Newest SDS: Senior Data Scientist Dumps Discount

We will provide you with three different versions of our SDS exam questions on our test platform. You have the opportunity to download the three different versions from our test platform. The three different versions of our SDS test torrent include the PDF version, the software version and the online version. The three different versions will offer you same questions and answers, but they have different functions. According to your needs, you can choose any one version of our SDS Guide Torrent. For example, if you need to use our products in an offline state, you can choose the online version; if you want to try to simulate the real examination, you

can choose the software. In a word, the three different versions of our SDS test torrent.

## DASCA Senior Data Scientist Sample Questions (Q62-Q67):

### NEW QUESTION # 62

Image files can be broken down into two broad categories:

- i. Rasterized
- ii. Vectorized
- iii. Sectorized

- A. i, ii
- B. ii, iii
- C. None of the above
- D. i, iii

**Answer: A**

Explanation:

Images are broadly categorized based on how they store visual information:

Rasterized images (Option i):

Composed of a grid of pixels (bitmap).

Each pixel has color information.

Examples: JPEG, PNG, BMP.

Best for photos or complex visuals.

Vectorized images (Option ii):

Composed of paths defined by mathematical formulas.

Scalable without quality loss.

Examples: SVG, EPS, AI.

Best for logos, icons, and illustrations.

Sectorized images (Option iii):

Not a standard category in computer graphics.

Thus, image files are categorized into Rasterized and Vectorized, making Option A (i, ii) correct.

### NEW QUESTION # 63

What is TRUE for "rehashing"?

- A. All of the above
- B. It requires a new hash function, which maps values into a larger range of integers
- C. Key/value pairs from the original table can be inserted into the new, larger one
- D. Both A and B
- E. Allocate a new, larger hash table in memory

**Answer: A**

Explanation:

Rehashing is a technique used in dynamic hash tables when the load factor (ratio of entries to bucket size) exceeds a certain threshold. It ensures efficient lookup, insertion, and deletion operations.

Option A (Correct): A larger hash table is allocated in memory to accommodate more entries.

Option B (Correct): A new hash function is typically required to map keys into the expanded table range.

Option C (Correct): All key-value pairs from the old table are re-inserted (rehashed) into the new table using the new hash function.

Since all three conditions (A, B, and C) are true, the best choice is Option E (All of the above).

### NEW QUESTION # 64

Which of the following is TRUE for Business Metamorphosis?

- A. All of the above
- B. Both A and C
- C. Business Metamorphosis exercise can uncover Big Data requirements around decisions, analytics and data sources that can be leveraged to transform or metamorphose your organization's business model
- D. The Business Metamorphosis phase is where organizations integrate the insights that they captured about their customers' usage patterns, product performance behaviors, and overall market trends to transform their business models
- E. The Business Metamorphosis phase helps drive an organization's core business model through the analytic insights gathered as the organization traverses the Big Data Business Model Maturity Index

**Answer: A**

Explanation:

Business Metamorphosis is the most advanced phase in the Big Data Business Model Maturity Index (BDBMMI), where organizations fundamentally transform their business models through analytics-driven insights.

Option A: Correct. This phase helps organizations identify big data requirements related to decisions, analytics, and sources that drive business transformation.

Option B: Correct. Organizations integrate customer usage patterns, product behaviors, and market trends into their decision-making to redesign or innovate their business model.

Option C: Correct. Business Metamorphosis ensures that the core business model evolves continuously, guided by insights derived across maturity stages.

Since all are correct, the best answer is Option E (All of the above).

DASCA Data Scientist Knowledge Framework (DSKF) - Business Applications of Data Science: Big Data Business Model Maturity Index.

#### NEW QUESTION # 65

Which of the following phases is NOT a Big Data Business Model Maturity Index?

- A. Business Metamorphosis
- B. Business Strategy
- C. Data Monetization
- D. Business Optimization
- E. Business Monitoring

**Answer: B**

Explanation:

The Big Data Business Model Maturity Index (BDBMMI) defines phases organizations pass through in leveraging data strategically:

Business Monitoring (A): Tracking metrics and reporting.

Business Insights (not listed in options but part of the framework).

Business Optimization (B): Using analytics to improve efficiency.

Data Monetization (D): Creating new revenue streams with data.

Business Metamorphosis (E): Transforming the business model through data.

Business Strategy (Option C): While strategy is essential, it is not one of the defined phases of BDBMMI.

Thus, the correct answer is Option C (Business Strategy).

DASCA Data Scientist Knowledge Framework (DSKF) - Big Data Business Model Maturity Index (BDBMMI).

#### NEW QUESTION # 66

Which of the following can visualize variations in the base data, which can be used to identify outliers in the data for further investigation?

- A. None of the above
- B. Box Plots
- C. Histogram
- D. Trend Analysis
- E. Scatter Plot

**Answer: B**

Explanation:

Box plots (or Whisker plots) are statistical graphics that represent data distribution through:

Minimum, First Quartile (Q1), Median, Third Quartile (Q3), and Maximum.

Outliers are plotted as individual points beyond the whiskers.

This makes them particularly powerful for:

Identifying outliers in data.

Comparing distributions across categories.

Understanding variability in data.

Option A (Trend Analysis): Shows temporal patterns, not individual outliers.

Option C (Histogram): Shows frequency distribution but does not explicitly highlight outliers.

Option D (Scatter Plot): Shows relationships between variables but doesn't focus on statistical outliers in one distribution.

Thus, the correct answer is Option B (Box Plots).

## NEW QUESTION # 67

.....

As mentioned earlier, PassCollection solves all problems that you face while locating updated Senior Data Scientist (SDS) exam questions. We know that as an applicant for the test, you have excessive pressure to pass the DASCA Certification Exam. PassCollection is here to help you earn the highly sought-after Senior Data Scientist (SDS) certification on the first attempt. Don't wait to get help from our DASCA SDS real exam dumps to crack the test quickly. You can better comprehend PassCollection's Senior Data Scientist (SDS) exam questions if you know about the three formats described here.
