

高通過率的Arch-303考古題：Salesforce Certified B2C Commerce Architect &有效Salesforce Arch-303考試備考經驗

順便提一下，可以從雲存儲中下載NewDumps Arch-303考試題庫的完整版：https://drive.google.com/open?id=1BERbpJyum5i-YSyXO2_CdzWCGIpb9NEo

我們NewDumps Salesforce的Arch-303考試培訓資料提供最流行的兩種下載格式，一個是PDF，另一個是軟體，很容易下載，我們NewDumps認證的產品準備的IT專業人士和勤勞的專家已經實現了他們的實際生活經驗，在市場上提供最好的產品，以實現你的目標。

NewDumps長年以來一直向大家提供與Salesforce認證考試相關的Arch-303參考資料。這是一個被廣大考生檢驗過的網站，可以向大家提供最好的考試考古題。NewDumps全面保證考生們的利益，得到了大家的一致好評。而且，NewDumps也是當前市場上最值得你信賴的網站。

Arch-303 考試題庫 – 專業的 Arch-303 認證題學習資料

Arch-303 認證基於 Salesforce 雄厚的技術實力，和不斷上升的市場佔有率的影響，其認證考試也有條不紊地在全國範圍逐步展開，越來越多的考生要參加 Salesforce 的 Arch-303 考試。作為權威的認證，Arch-303 認證考試也是十分豐富的。Arch-303 考試整體來說還是不算複雜的，只要事先將擬真試題看好就沒有問題了。這樣的話，可以為你的考試節省很多的時間。

最新的 Salesforce Architect Arch-303 免費考試真題 (Q11-Q16):

問題 #11

An Architect has been asked by the Business to integrate a newpayment LINK cartridge. As part of the integration, the Architect has created four new services to access various endpoints in the integration.

How can the Architect move the new services to Production when the integration is ready for launch?

- A. The new services will be moved to production with a Site Import.
- B. The new services must be manually exported from staging and Imported into Production.
- C. The new services will be moved to Production with a Data Replication.
- D. The new services will be moved to Production with a Code Replication.

答案： D

解題說明：

For deploying new services related to a payment LINK cartridge to Production, the correct method is through Code Replication (D). This approach ensures that all new code changes, including the integration services, are consistently applied across different environments. Code replication covers deploying all changes made in code, scripts, and service configurations from a staging or development environment to the production environment. This process ensures that all new functionalities are tested in a controlled environment before being moved to production, reducing the risk of errors affecting the live site.

問題 #12

An integration cartridge implements communication between the B2C Commerce Storefront and a third-party service provider. The cartridge contains the localServiceRegistry code:

How does this code sample accomplish authentication to the service provider?

- A. By disabling Basic Auth and executing the service authentication call.
- B. By Issuing a Basic Auth request to the service provider.
- C. By wrapping the authentication service call with Basic Auth.
- D. By performing a signed SOAP Auth request using a certificate.

答案： A

解題說明：

The code sample shows the creation of a service request to a third-party service provider, where the authentication method is explicitly set to 'NONE' using the line `svc.setAuthentication("NONE");`. This configuration implies that the request does not use Basic Authentication or any embedded credentials like client ID and secret in the HTTP headers for authentication purposes. Instead, it builds the authentication details into the request body, which suggests that the service expects credentials as part of the payload rather than as part of the standard authentication headers, thus effectively disabling Basic Auth for this transaction.

問題 #13

During a load test the storefront shows steady but slow performance on all the pages being tested. The Architect opens Pipeline Profiler and sorts the data by "total time" column. The following come as the top Ave items:

Which controller should the Architect focus on to further investigate the performance issue?

- A. Product-Detail as It has the highest total time and highest maximum time.
- B. Product-HitTile as it has the highest hits during the load test.
- C. Search Show as this is one of the key controllers that the customer uses
- D. Home-IncludeHeaderMenu as It has highest average time.

答案： A

解題說明：

Focusing on the 'Product-Detail' controller is prudent given that it has the highest total time and the highest maximum time (Answer C), suggesting that it significantly contributes to the overall load and potential slowdowns on the site. By analyzing and optimizing this controller, the architect can potentially achieve the most substantial improvement in performance. Efforts might include optimizing database queries, caching frequently requested data, or simplifying complex logic in the Product-Detail page's processing.

問題 #14

A new project for a Client will involve a few different Integrations to their middleware system resulting in four different web services. All will use the same credentials to the middleware. Each will have the same timeout, but will require a separate log file prefix.

How should the Architect set this up with the Service framework using a minimal set of configuration?

- A. Four Service Configurations, Four Service Profiles, One Service Credential

- B. Four Service Configurations, One Service Profile, One Service Credential.
- C. Four Service Configurations, Four Service Profiles, Four Service Credentials
- D. One Service Configuration, Four Service Profiles, One Service Credential.

答案： B

解題說明：

For setting up multiple integrations that require the same credentials and timeout settings but need separate log file prefixes:

- * Four Service Configurations are needed to specify the unique endpoint and other specifics for each of the four web services.
- * One Service Profile can be used for all these configurations because they share the same timeout and other settings, optimizing the configuration process.
- * One Service Credential is sufficient since all services authenticate with the same credentials, simplifying credential management and security handling.

This setup reduces redundancy and complexity in the service framework, ensuring a streamlined and efficient integration process while meeting all specified requirements.

問題 #15

The Client is planning to switch to a new Payment Service Provider (PSP). They have approached an Architect to understand the time and effort to Integrate the new PSP The PSP offers a LINK cartridge compatible with SiteGenesis Pipelines, but the Client's website is build on Controllers.

Which two options should the Architect take into consideration before starting analysis? Choose 2 answers

- A. Produce a proof of concept converting the most essential pipelines into controllers and integrate the cartridge.
- B. Reach out to the PSP development team and ask if a new cartridge version that supports controllers is under development
- C. Estimate the effort and risk to convert the LINK cartridge from pipelines to controllers.
- D. Look fora different PSP that supports controllers and would not require conversion efforts.

答案： B,C

解題說明：

When integrating a new Payment Service Provider (PSP) LINK cartridge designed for SiteGenesis Pipelines into a site built on Controllers, consider these options:

* Option A (Estimate the effort and risk to convert the LINK cartridge from pipelines to controllers): Assessing the effort involved in converting the cartridge provides insight into the project scope, helping to manage risk and allocate resources effectively.

* Option B (Reach out to the PSP development team and ask if a new cartridge version that supports controllers is under development): This can potentially save significant development time and resources if a compatible version is already planned or in progress.

These approaches help in making an informed decision on integration strategies, balancing between customization efforts and leveraging existing solutions.

問題 #16

.....

你是其中之一嗎，你是否還在擔心和困惑的各種材料和花哨的培訓課程考試嗎？NewDumps是你正確的選擇，因為我們可以為你提供全面的考試資料，包括問題及答案，也是最精確的解釋，所有這些將幫助你掌握更好的知識，我們有信心你將通過NewDumps的Salesforce的Arch-303考試認證，這也是我們對所有客戶提供的保障。

Arch-303考試備考經驗: <https://www.newdumpspdf.com/Arch-303-exam-new-dumps.html>

我們的 Salesforce Arch-303 考古題是IT專家團隊利用他們的經驗和知識來獲得的，滿足每位考生的需求，保證考生第一次參加 Arch-303 考試順利的通過，我們的產品能讓考生得到更快得到更新更準確的 Salesforce 的 Arch-303 考試相關資訊，它覆蓋面很大很廣，可以為很多參加IT認證考試的考生提供方便，而且準確率100%，能讓你安心的去參加考試，並通過獲得 Arch-303 認證，最新的Salesforce Arch-303考試備考經驗認證考試題庫和學習資料、免費的Salesforce Arch-303考試備考經驗原版培訓、自學教程-IT認證題庫網，Salesforce Arch-303考古題 我們產品的品質是經很多IT專家認證的。

冷凝月臉色壹裂，卻不敢拿大蛇如何，秦川真正有點關係的也就千妃，但她現在還不知道去哪裏了，我們的 Salesforce Arch-303 考古題是IT專家團隊利用他們的經驗和知識來獲得的，滿足每位考生的需求，保證考生第一次參加 Arch-303 考試順利的通過，我們的產品能讓考生得到更快得到更新更準確的 Salesforce 的 Arch-303 考試相關
