Valid GIAC GSTRT free demo & GSTRT pass exam & GSTRT getfreedumps review

Browsers including MS Edge, Internet Explorer, Safari, Opera, Chrome, and Firefox also support the online version of the GIAC GSTRT practice exam. Features we have discussed in the above section of the ValidExam GIAC Strategic Planning, Policy, and Leadership (GSTRT) (GSTRT) practice test software are present in the online format as well. But the web-based version of the GSTRT practice exam requires a continuous internet connection.

GIAC Strategic Planning, Policy, and Leadership (GSTRT) Sample Questions (Q96-Q101):

NEW QUESTION # 96
You have been tasked with leading a cybersecurity team through a high-priority project to implement a new security solution. One of the challenges is that team members are working in different time zones, which has caused delays in decision-making. How would

you address this issue to improve team communication and ensure timely completion of the project?
Response:

- A. Allow team members to submit their feedback via email and compile it weekly
- B. Schedule regular, staggered virtual meetings at different times to accommodate various time zones, and use asynchronous communication tools such as shared project management platforms to provide updates
- C. Implement a rotating shift schedule where at least one team member from each time zone is available at all times
- D. Require all team members to work in the same time zone temporarily

Answer: B

NEW QUESTION # 97
Which approach is most effective for leaders to build trust with their teams during periods of significant organizational change?
Response:

- A. Avoiding direct communication and delegating responsibility for updates to middle management
- B. Announcing changes abruptly to avoid long periods of uncertainty
- C. Withholding information until changes are finalized
- D. Providing transparency, involving the team in decision-making, and maintaining regular communication

Answer: D

NEW QUESTION # 98
When analyzing the effectiveness of a security program, why is it important to consider both technical and non-technical controls?
Response:

- A. Non-technical controls have no impact on security
- B. Non-technical controls, such as policies and training, are critical to creating a culture of security and ensuring that technical measures are followed correctly
- C. Only technical controls prevent security breaches
- D. Non-technical controls are less important than technical measures

Answer: B

NEW QUESTION # 99
What is the primary purpose of aligning cybersecurity strategy with an organization's business vision and mission?
Response:

- A. To prevent the cybersecurity program from receiving excessive funding
- B. To ensure the cybersecurity strategy supports business goals and adds value to the organization
- C. To ensure that the cybersecurity strategy operates independently of business objectives
- D. To allow the security team to work autonomously from business stakeholders

Answer: B

NEW QUESTION # 100
What is the purpose of conducting a security program gap analysis during development?
Response:

- A. To eliminate the need for future security audits
- B. To delay the implementation of new security measures
- C. To find areas where no improvement is needed
- D. To identify vulnerabilities, risks, and areas where the current security program is not meeting the organization's security needs

Answer: D

NEW QUESTION # 101

......
